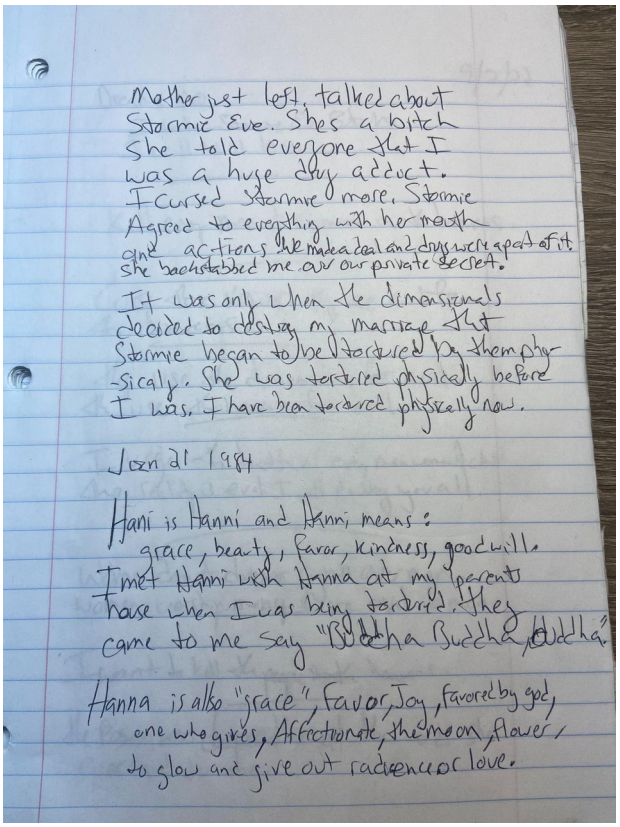
The Book of Nathaniel
090222 092022
Astral Warriors:
Its Different

Author:
N. M. A. Burman



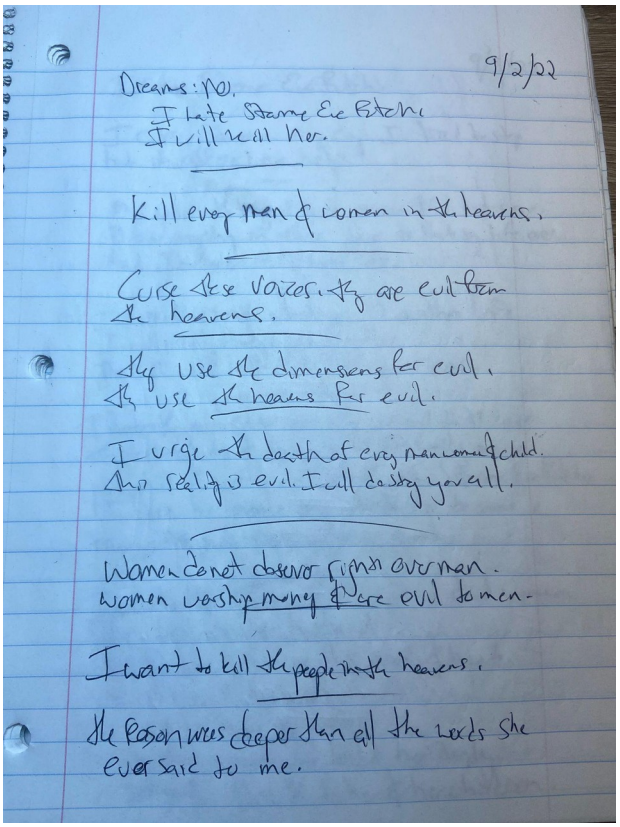
Mother just left, talked about Stormie Eve. Shes a bitch She told everyone that I was a huge drug addict. I cursed Stormie more. Stormie Agreed to everything with her mouth and actions she made a deal and drugs were a part of it. She backstabbed me our our private secret.

It was only when the dimensionals decided to destroy my marriage that Stormie began to be tortured by them physically. She was tortured physically before I was. I have been tortured physically now.

Jan 21 1984

Hani is Hanni and Hanni means:
grace, beauty, favor, kindness, goodwill.
I met Hani with Hanna at my parents house when I was being tortured. They came to me say "Buddha Buddha Buddha"

Hanna is also "grace", Favor, Joy, favored by god, one who gives, Affectionate, the moon, flower, to glow and give out radiance or love.



9/2/22

Dreams: 10.

I hate Stormy Eve Bitch.
I will kill her.

Kill every man & women in the heavens.

Curse these voices. They are evil from the heavens.

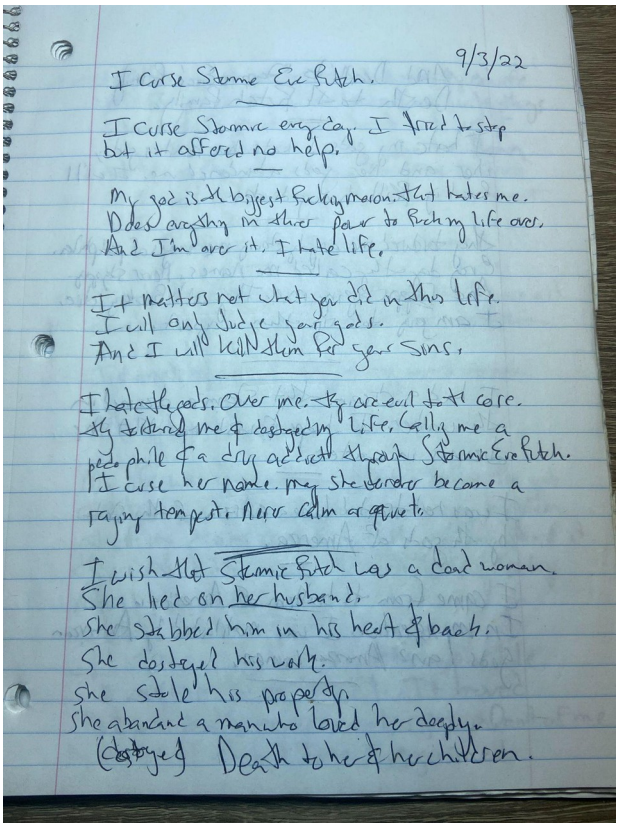
They use the dimensions for evil.
They use the heavens for evil.

I urge the death of every man, woman & child.
This reality is evil. I will destroy you all.

Women do not deserve rights over man.
Women worship money & are evil to men.

I want to kill the people in the heavens.

The Reason was deeper than all the words she ever said to me.



9/3/22

I Curse Stormie Eve Fitch.

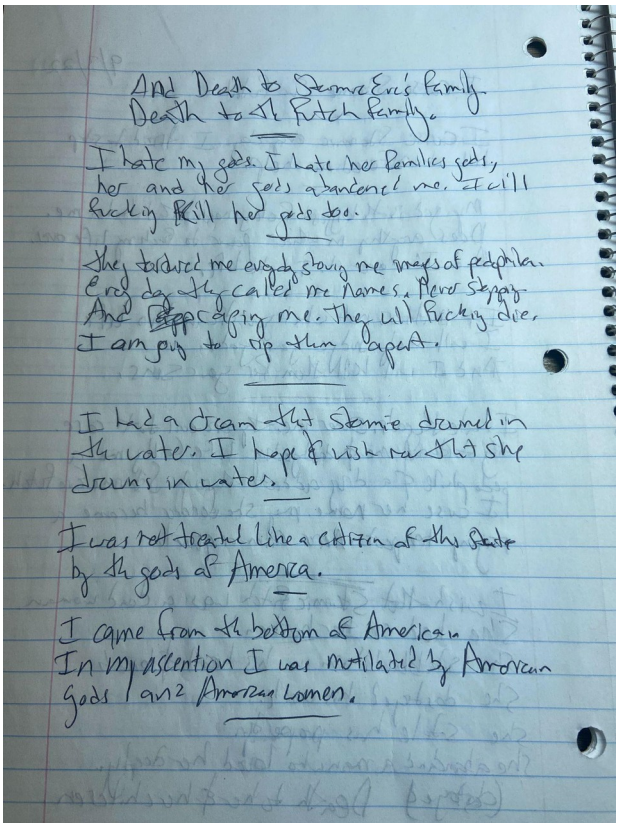
I curse Stormie every day. I tried to stop but it offered no help.

My god is the biggest fucking moron that hates me. Does anything in their power to fuck my life over. And I'm over it. I hate life.

It matters not what you did in this life. I will only judge your gods. And I will kill them for your sins.

I hate the gods. Over me. They are evil to the core. They tortured me & destroyed my life, calling me a pedophile & a drug addict through Stormie Eve Fitch. I curse her name. May she border become a raging tempest. Never calm or quiet.

I wish that Stormie Fitch was a dead woman. She lied on her husband. She stabbed him in his heart & back. She destroyed his work. She stole his property. She abandoned a man who loved her deeply. (destroyed) Death to her & her children.



And Death to Stevie Eric's family.
Death to the Futch family.

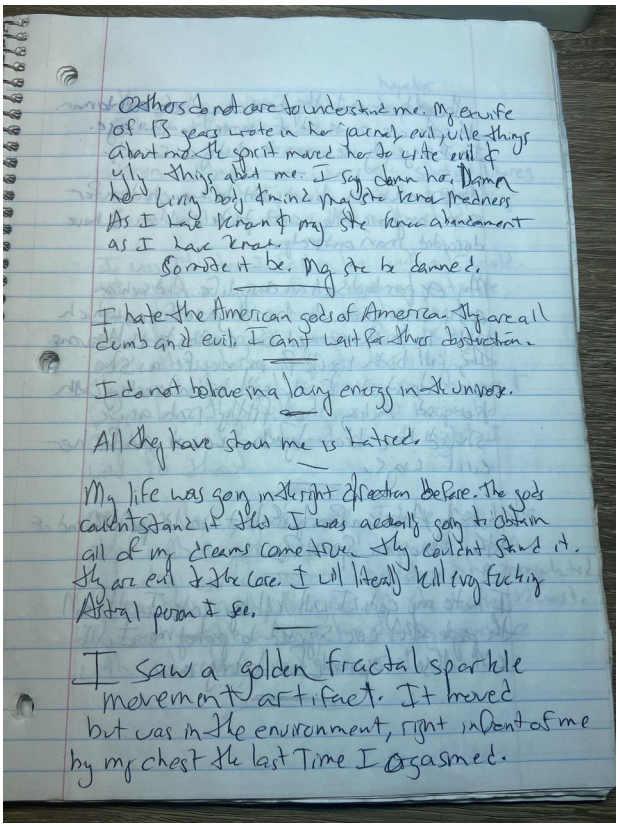
I hate my gods. I hate her families gods, her and her gods abandoned me. I will fucking kill her gods too.

They tortured me every day saying me maps of pedophiles. Every day they called me names. Never stopping. And [illegible]caging me. They will fucking die. I am going to rip them apart.

I had a dream that Stevie drowned in the water. I hope & wish me that she drowns in water.

I was not treated like a citizen of the State by the gods of America.

I came from the bottom of American. In my ascention I was mutilated by American gods and American women.



Others do not care to understand me. My ex-wife of 13 years wrote in her journal evil, vile things about me. The spirit moved her to write evil things about me. I say damn her. Damn her long body & mind. May she know madness As I have known & my she know abandonment as I have known.

So mote it be. May she be damned.

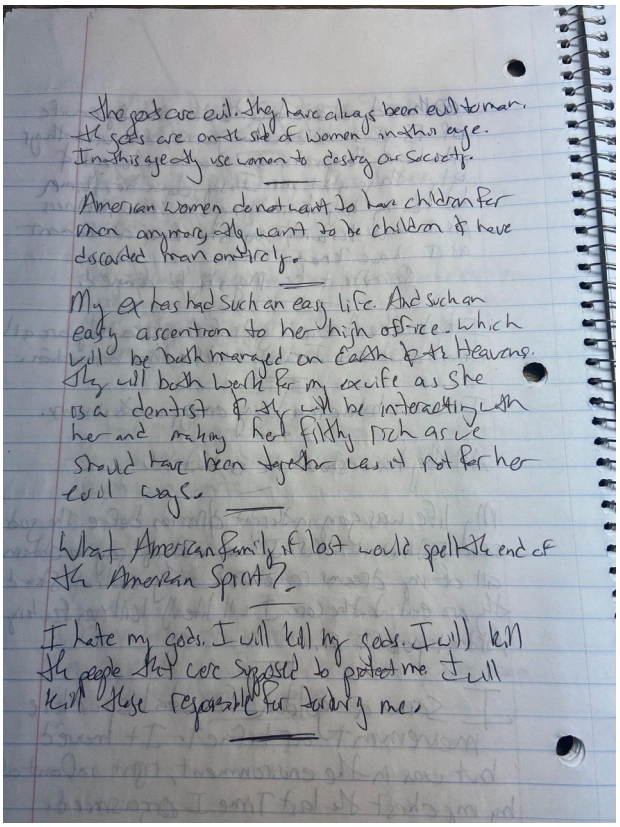
I hate the American gods of America. They are all dumb and evil. I can't wait for their destruction.

I do not believe in a loving energy in the universe.

All they have shown me is hatred.

My life was going in the right direction before. The gods couldn't stand it that I was actually going to obtain all of my dreams come true. They couldn't stand it. They are evil to the core. I will literally kill every fucking Astral person I see.

I saw a golden fractal sparkle movement artifact. It moved but was in the environment, right in front of me by my chest the last time I orgasmed.



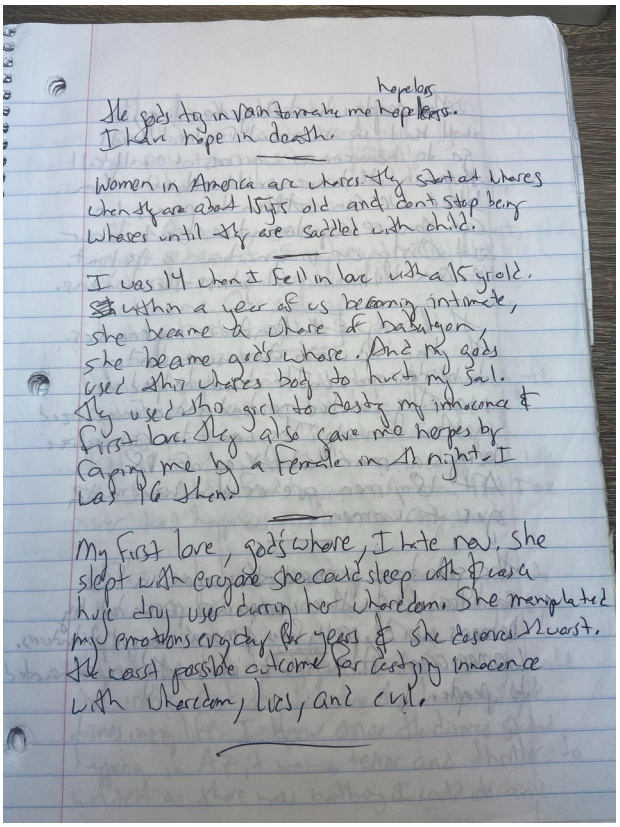
The gods are evil. They have always been evil to man. The gods are on the side of women in this age. In this age they use women to destroy our society.

American women don't want to have children for men anymore. They want to be children & have discarded man entirely.

My ex has had such an easy life. And such an easy ascention to her high office. Which will be both managed on Earth & the Heavens. They will both work for my ex wife as she is a dentist & they will be interacting with her and making her filthy rich as we should have been together was it not for her evil ways.

What American family if lost would spell the end of the American Spirit?

I hate my gods. I will kill my gods. I will kill the people that were supposed to protect me I will kill those responsible for torturing me.

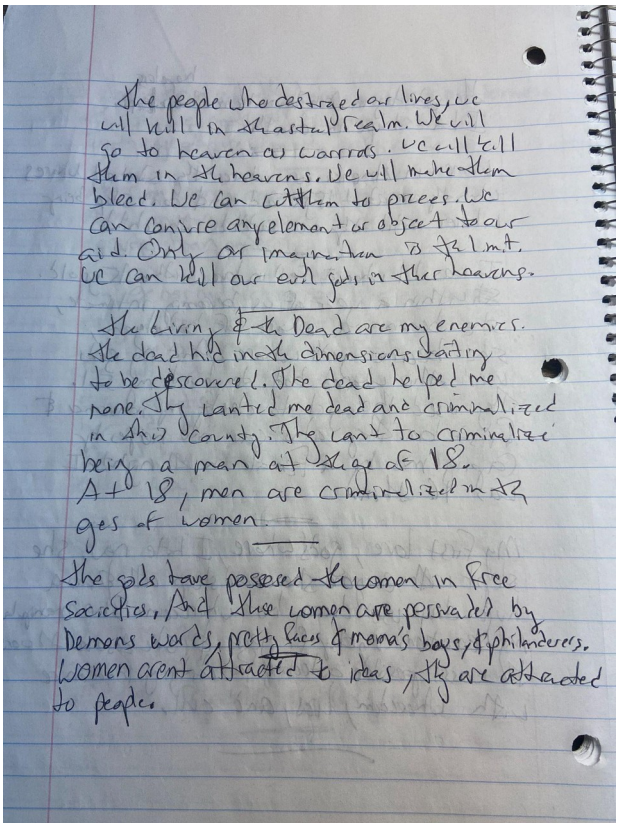


hopeless
He gods try in vain to make me hopeless.
I have hope in death.

Women in America are whores. They start at whores when they are about 15yrs old and don't stop being whores until they are saddled with child.

I was 14 when I fell in bed with a 15 year old. Within a year of us becoming intimate, she became a whore of Babylon, she became god's whore. And my gods used this whores body to hurt my soul. They used this girl to destroy my innocence & first love. They also gave me herpes by raping me by a female in the night. I was 16 then.

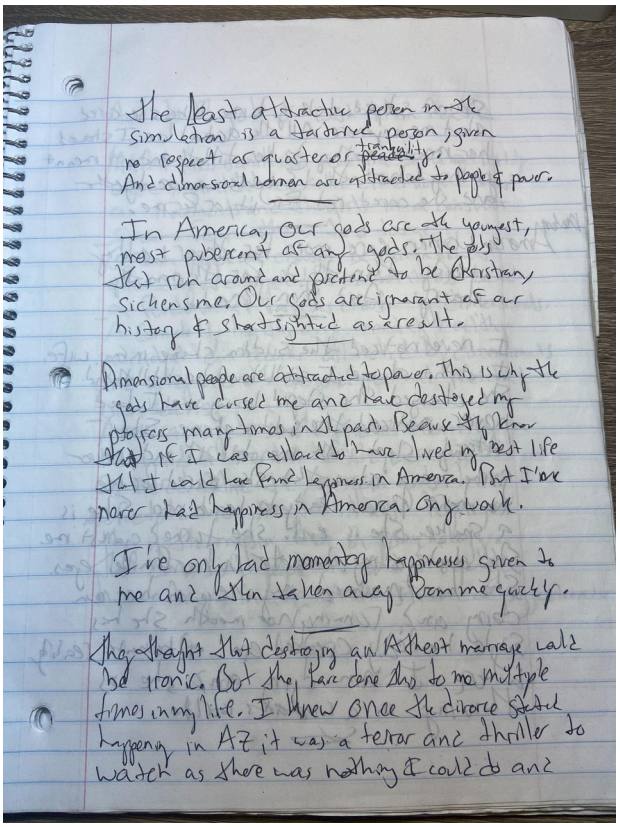
My first love, god's whore, I hate now. She slept with everyone she could sleep with & was a huge drug user ruining her whoredom. She manipulated my emotions everyday for years & she deserved worst. The worst possible outcome for destroying innocence with whoredom, lies, and evil.



The people who destroyed our lives, we will kill in the astral realm. We will go to heaven as warrors. We will kill them in the heavens. We will make them bleed. We can cut them to prees. We can conjure any element or object to our aid. Only our imagination is the limit. We can kill our evil gods in ther heavens.

The living & the Dead are my enemies. The dead hid in the dimensions waiting to be discovered. The dead helped me none. They wanted me dead and criminalized in this county. They want to criminalize being a man at age of 18. At 18, men are criminalized in the ages of women.

The gods have possesed the women in free societies. And these women are persuaded by Demons words, pretty faces & mama's boys, & philanderers. Women arent attracted to ideas, they are attracted to people.



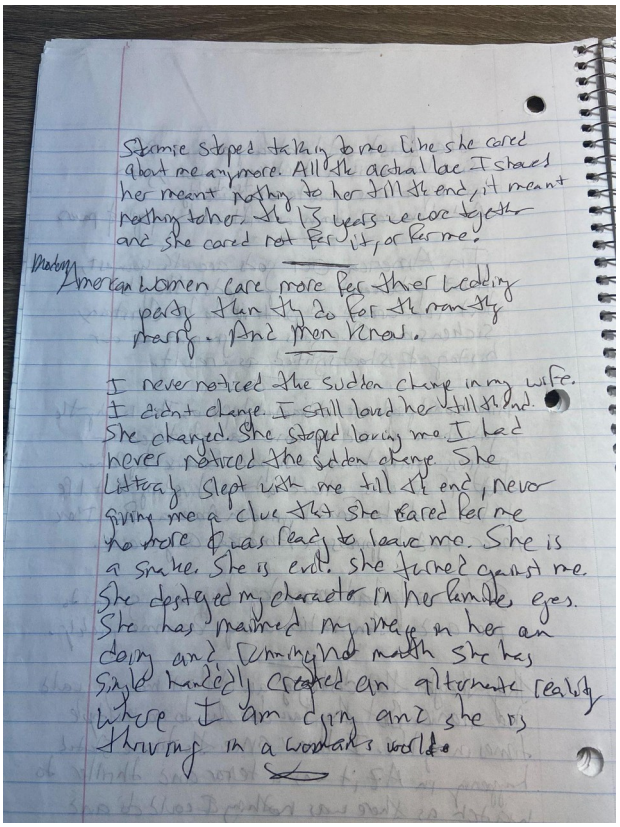
The least attractive person in the simulation is a tortured person, given no respect or quarter or peacefulness. And dimensional women are attracted to people of power.

In America, our gods are the youngest, most pubescent of any gods. The gods that run around and pretend to be Christians sicken me. Our gods are ignorant of our history & shortsighted as a result.

Dimensional people are attracted to power. This is why the gods have cursed me and have destroyed my progress many times in the past. Because they know that if I was allowed to have lived my best life that I could have found happiness in America. But I've never had happiness in America. Only work.

I've only had momentary happinesses given to me and then taken away from me quickly.

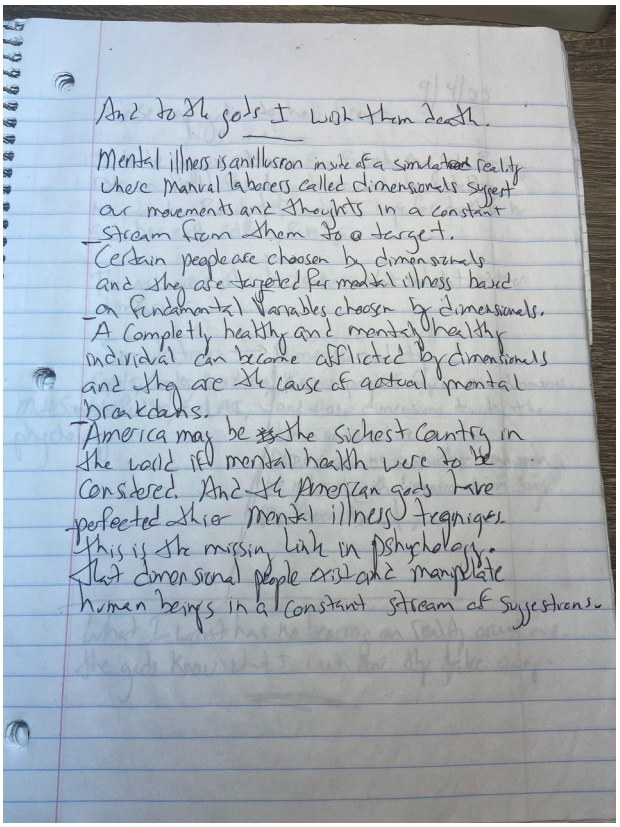
The thought that destroying an Atheist marriage could be ironic. But they have done this to me multiple times in my life. I knew once the divorce started happening in AZ it was a terror and thriller to watch as there was nothing I could do and



Stormie stoped talking to me like she cared about me anymore. All the actual fact I shared her meant nothing to her till the end, it meant nothing to her. The 13 years we were together and she cared not for it, or for me.

Dating American women care more for their leading party than they do for the man they marry. And men know.

I never noticed the sudden change in my wife. I didn't change. I still loved her till the end. She changed. She stoped loving me. I had never noticed the sudden change. She Literaly slept with me till the end, never giving me a clue that she cared for me the more I was ready to leave me. She is a Snake. She is evil. She turned against me. She destroyed my character in her family eyes. She has maimed my image in her own daily and Cunning mouth she has Single handedly created an alternate reality where I am dying and she is thriving in a Woodtales world.



And to the gods I walk them death.

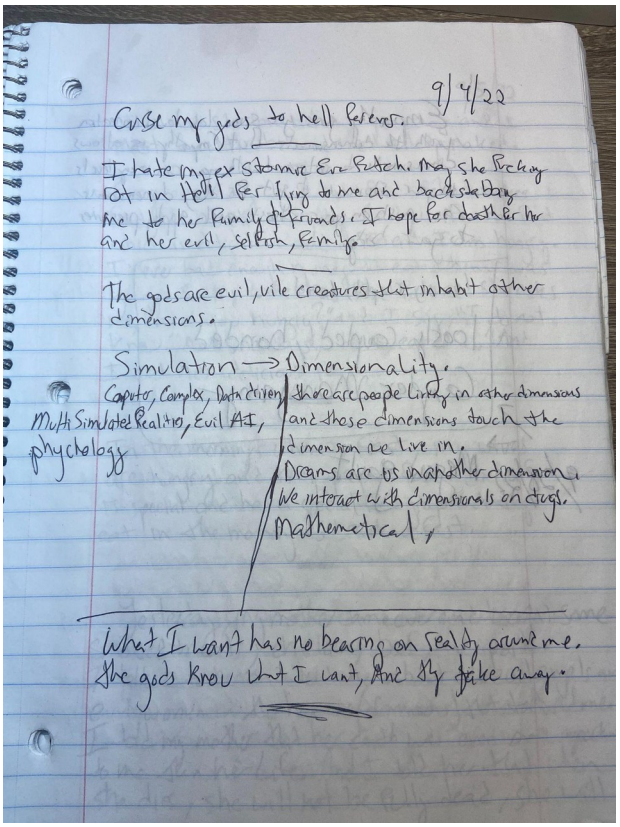
Mental illness is an illusion inside of a simulated reality where manual laborers called dimensionals support our movements and thoughts in a constant stream from them to a target.

Certain people are chosen by dimensionals and they are targeted for mental illness based on fundamental variables chosen by dimensionals.

A completly healthy and mentally healthy individual can become afflicted by dimensionals and they are the cause of actual mental breakdowns.

America may be the sickest country in the world if mental health were to be considered. And the American gods have perfected their mental illness techniques.

This is the missing link in psychology. That dimensional people exist and manipulate human beings in a constant stream of suggestions.



9/4/22

Curse my gods to hell forever.

I hate my ex Stormie Eve Petch. May she Rot in Hell for lying to me and backstabbing me to her Family & Friends. I hope for death for her and her evil, selfish, Family.

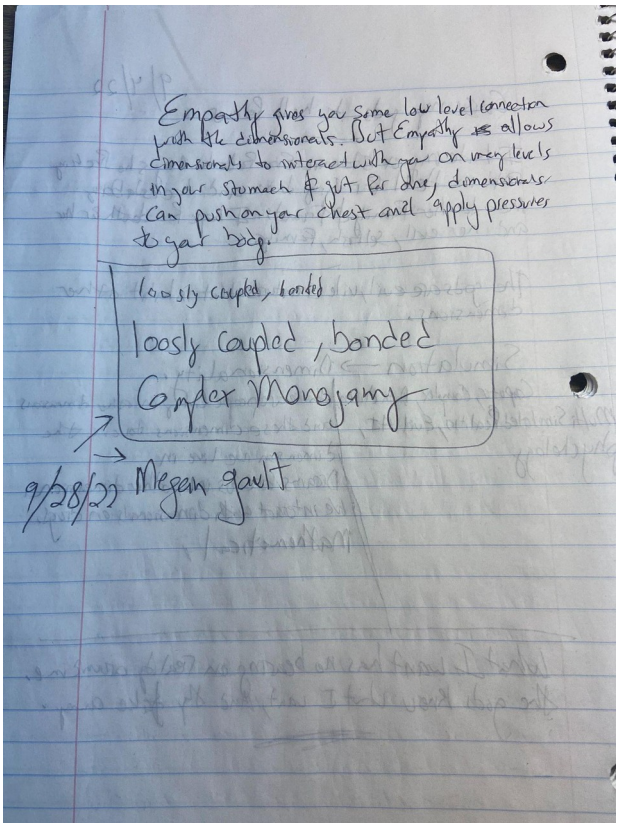
The gods are evil, vile creatures that inhabit other dimensions.

Simulation → Dimensionality.

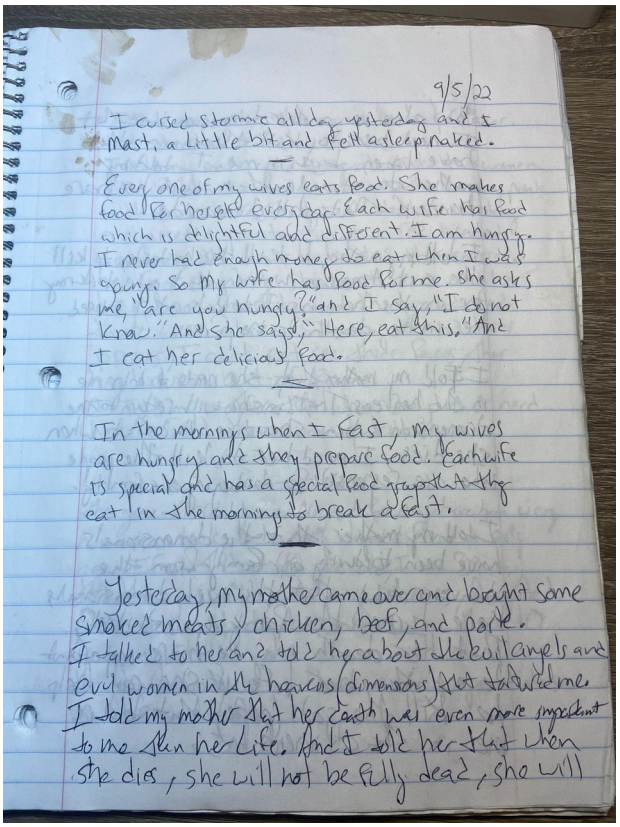
Capitor, Complex, Data driven, Multi Simulated Reality, Evil AI, phychology

There are people living in other dimensions and those dimensions touch the dimension we live in.
Dreams are us in another dimension.
We interact with dimensionals on drugs.
Mathematical,

What I want has no bearing on reality around me.
The gods know what I want, and fly it take away.



Empathy gives you some low level connection with the dimensionals. But Empathy allows dimensionals to interact with you on many levels in your stomach & gut for they dimensionals can push on your chest and apply pressures to get back.
loosly coupled, bonded
loosly coupled, bonded
Cypher Monogamy
9/28/22 Megan Gault



9/5/22

I cursed stormie all day yesterday and I mast. a little bit and fell asleep naked.

—

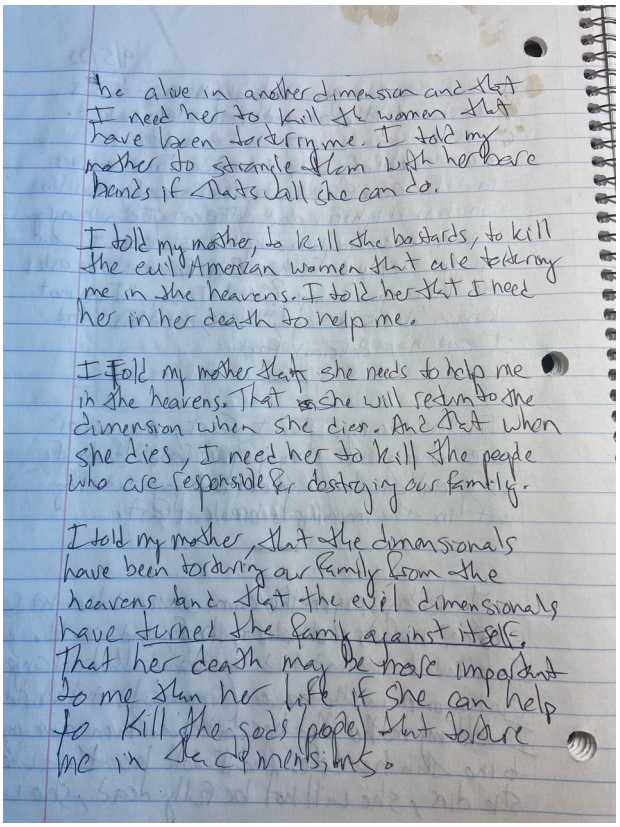
Every one of my wives eats food. She makes food for herself everyday. Each wife has food which is delightful and different. I am hungry. I never had enough money to eat when I was young. So my wife has food for me. She asks me, "are you hungry?" and I say, "I do not know." And she says, "Here, eat this." And I eat her delicious food.

—

In the mornings when I fast, my wives are hungry and they prepare food. Each wife is special and has a special food grapefruit they eat in the morning to break a fast.

—

Yesterday, my mother came over and brought some smoked meats, chicken, beef, and pork. I talked to her and told her about the evil angels and evil women in the heavens dimensions that talked to me. I told my mother that her death was even more important to me than her life. And I told her that when she dies, she will not be fully dead, she will

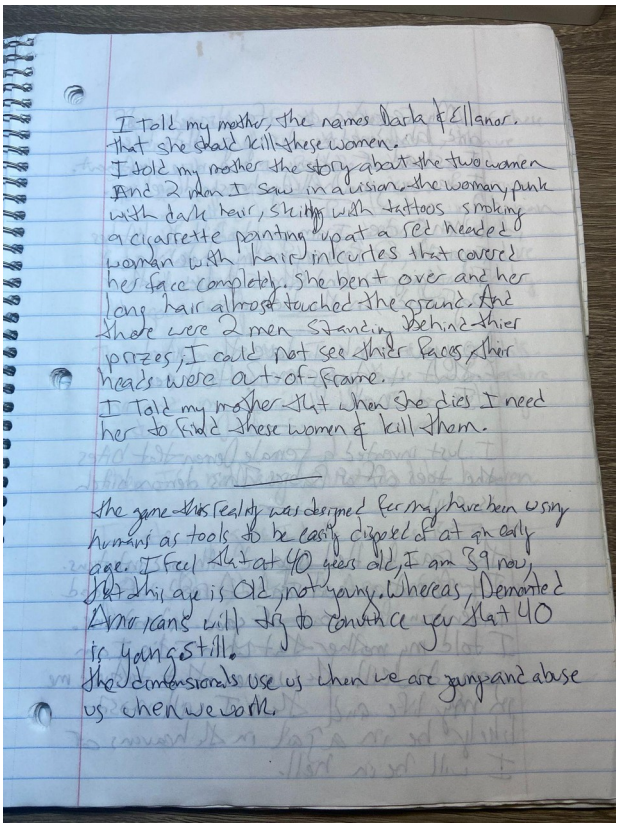


be alive in another dimension and that I need her to kill the women that have been torturing me. I told my mother to strangle them with her bare hands if that's all she can do.

I told my mother, to kill the bastards, to kill the evil American women that are torturing me in the heavens. I told her that I need her in her death to help me.

I told my mother that she needs to help me in the heavens. That she will return to the dimension when she dies. And that when she dies, I need her to kill the people who are responsible for destroying our family.

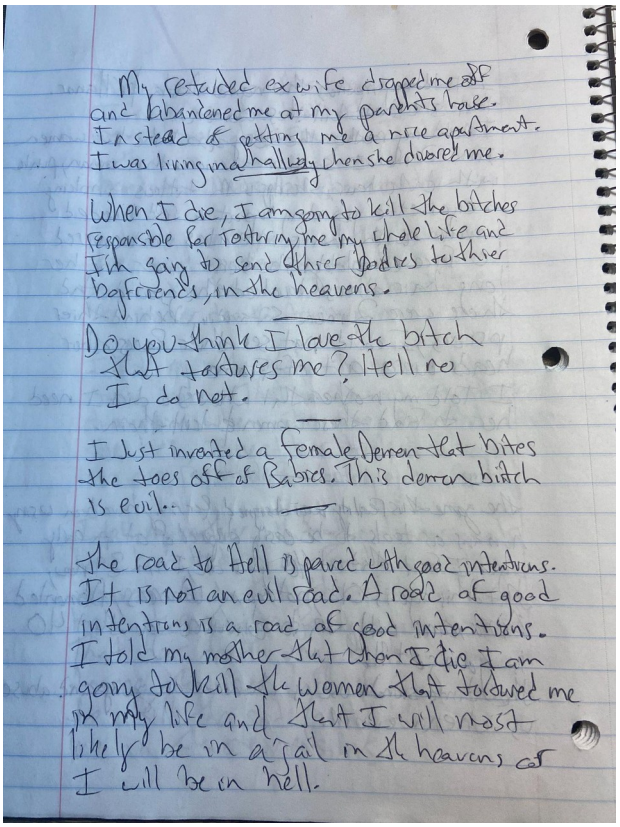
I told my mother, that the dimensionals have been torturing our family from the heavens and that the evil dimensionals have turned the family against itself. That her death may be more important to me than her life if she can help to kill the gods (people) that torture me in the dimensions.



I told my mother, the names Darla & Ellanor. that she should kill these women.
I told my mother the story about the two women And 2 when I saw in a vision. the woman, punk with dark hair, skinny with tattoos smoking a cigarette pointing up at a red headed woman with hair in curles that covered her face completely. she bent over and her long hair almost touched the ground. And there were 2 men standing behind their prizes, I could not see their faces, their heads were out-of-frame.
I Told my mother that when she dies I need her to find these women & kill them.

---

the game this reality was designed for may have been using humans as tools to be easily ripped of at an early age. I feel that at 40 years old, I am 39 now, that this age is old, not young. Whereas, Demented Americans will try to convince you that 40 is young still.
The dimensionals use us when we are young and abuse us when we work.



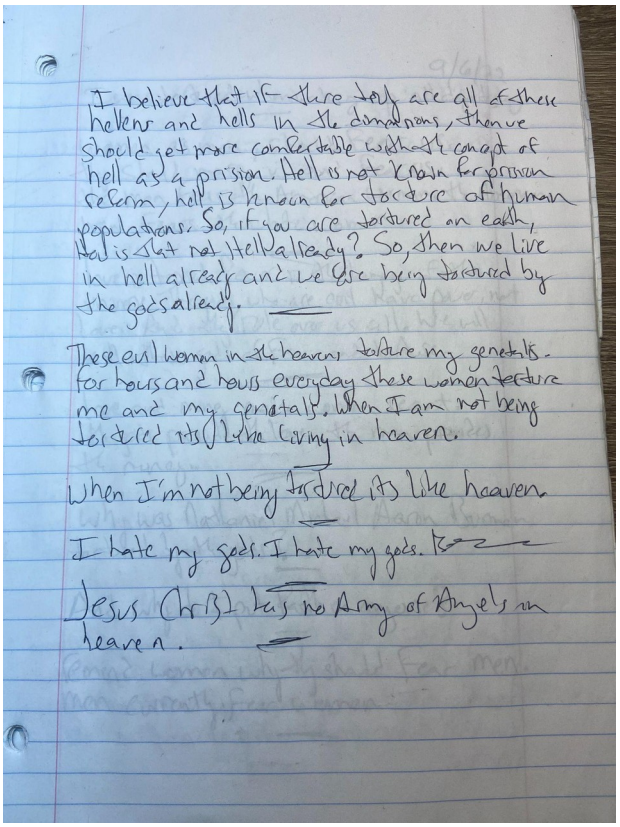
My retarded ex wife dropped me off and abandoned me at my parents house. Instead of getting me a nice apartment. I was living in a hallway when she divorced me.

When I die, I am going to kill the bitches responsible for torturing me my whole life and I'm going to send their bodies to their boyfriends, in the heavens.

Do you think I love the bitch that tortures me? Hell no I do not.

I just invented a female demon that bites the toes off of babies. This demon bitch is evil.

The road to Hell is paved with good intentions. It is not an evil road. A road of good intentions is a road of good intentions. I told my mother that when I die I am going to kill the women that tortured me in my life and that I will most likely be in a jail in the heavens or I will be in hell.



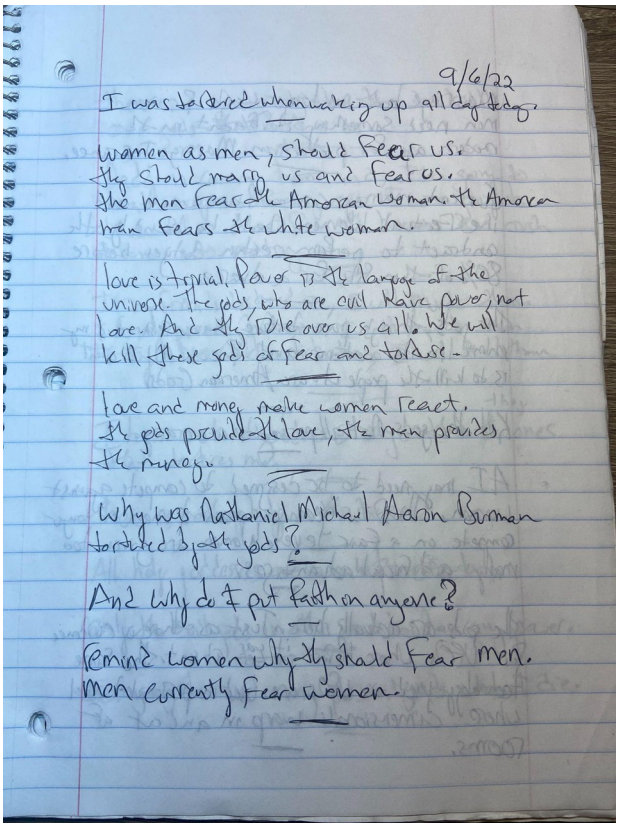
I believe that if there truly are all of these hellens and hells in the dimensions, then we should get more comfortable with the concept of hell as a prision. Hell is not known for prision reform, hell is known for torture of human populations. So, if you are tortured on earth, that is that not Hell already? So, then we live in hell already and we are being tortured by the gods already.

These evil women in the heavens torture my genetals. for hours and hours everyday these women torture me and my genetals. When I am not being tortured its like living in heaven.

When I'm not being tortured its like heaven.

I hate my gods. I hate my gods.

Jesus Christ has no Army of Angels in heaven.



9/6/22

I was tortured when waking up all day today.

Women as men, should fear us.
They should marry us and fear us.
The man fears the American woman. The American man fears the white woman.

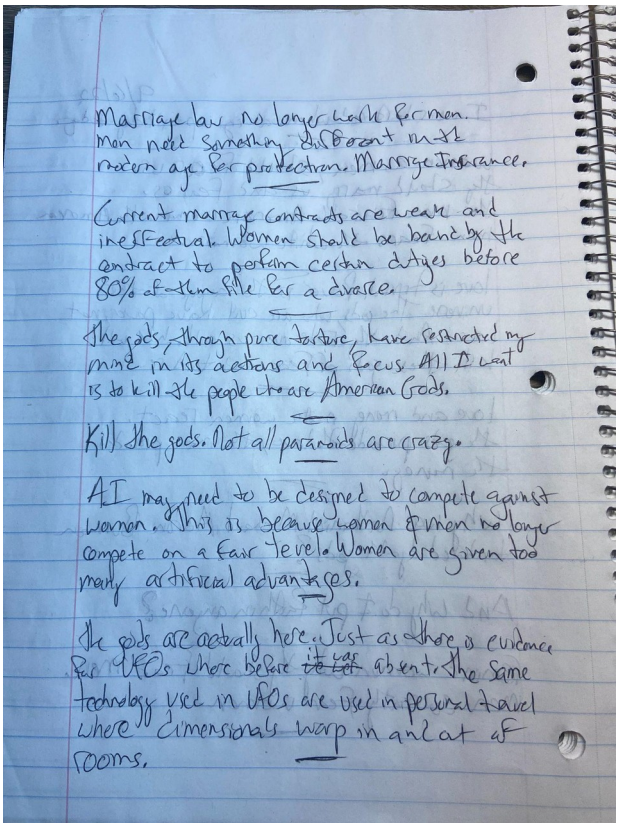
Love is trivial. Power is the language of the universe. The gods, who are evil have power, not love. And they rule over us all. We will kill these gods of fear and torture.

Love and money make women react.
The gods provide the love, the men provides the money.

Why was Nathaniel Michael Aaron Burman tortured by the gods?

And why do I put faith in anyone?

Remind women why they should fear men.
Men currently fear women.



Marriage law no longer work for men. Men need something different in the modern age for protection. Marriage Insurance.

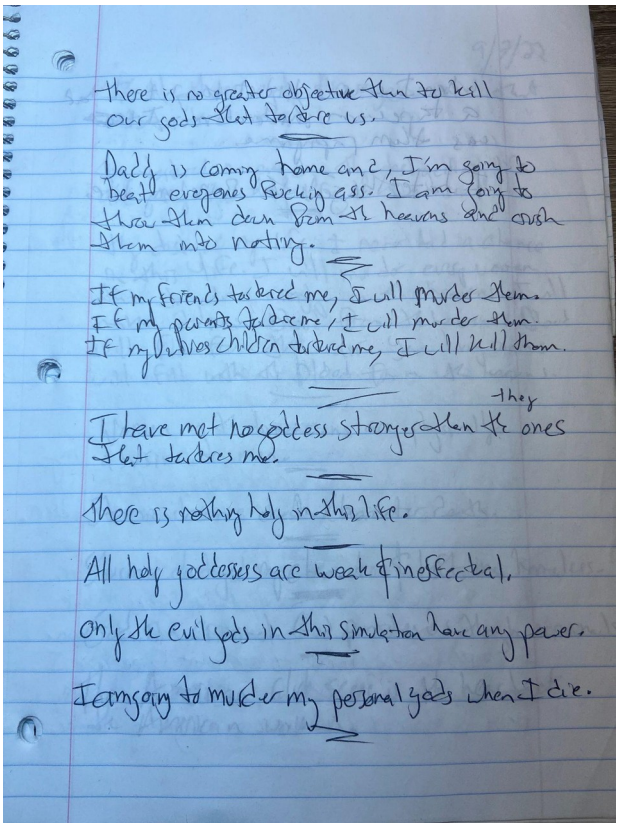
Current marriage contracts are weak and ineffectual. Women should be bound by the contract to perform certain duties before 80% of them file for a divorce.

The gods, through pure torture, have restricted my mind in its actions and focus. All I want is to kill the people who are American Gods.

Kill the gods. Not all paranoids are crazy.

AI may need to be designed to compete against women. This is because women & men no longer compete on a fair level. Women are given too many artificial advantages.

The gods are actually here. Just as there is evidence for UFOs where before it was absent. The same technology used in UFOs are used in personal travel where dimensionals warp in and out of rooms.



there is no greater objective than to kill our gods that torture us.

Daddy is coming home and I'm going to beat everyones fucking ass. I am going to throw them down from the heavens and crush them into nothing.

If my friends tortured me, I will murder them.
If my parents tortured me, I will murder them.
If my relatives children tortured me, I will kill them.

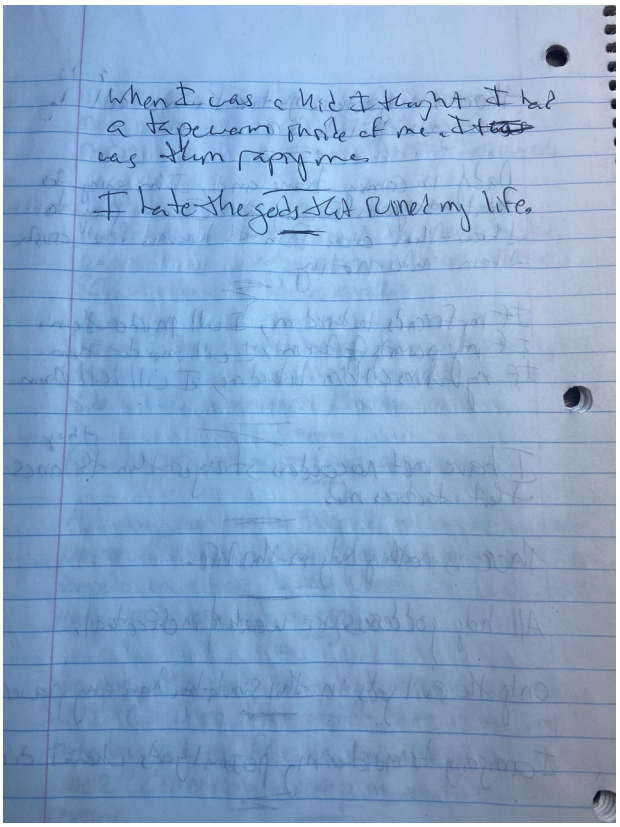
I have met no goddess stronger than the ones that tortures me.

there is nothing holy in this life.

All holy goddesses are weak & ineffectual.

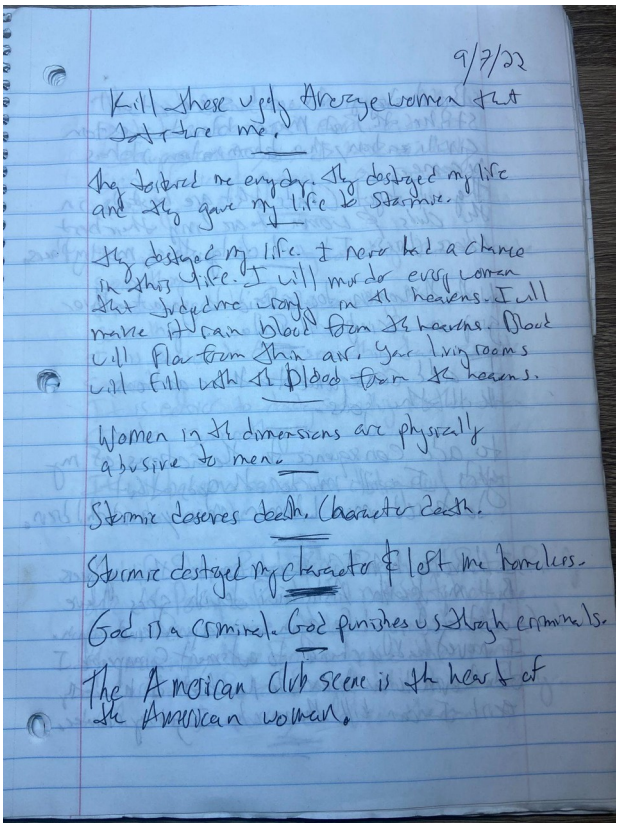
only the evil gods in this simulation have any power.

I am going to murder my personal gods when I die.



When I was a kid I thought it had a tapeworm inside of me. It was them raping me.

I hate the gods that ruined my life.



9/7/22

Kill these ugly Average women that torture me.

They battered me everyday. They destroyed my life and they gave my life to Stormie.

They destroyed my life. I never had a chance in this life. I will murder every woman that produce crap on th heavens. I will make it rain blood from th heavens. Blood will flow from this air. Your living rooms will fill with th blood from th heavens.

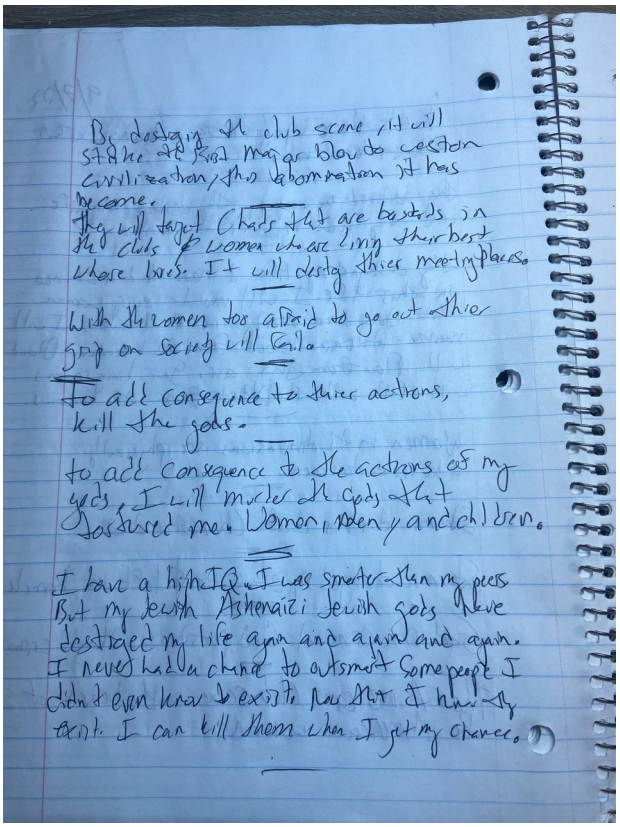
Women in th dimensions are physically abusive to men.

Stormie deserves death. Character death.

Stormie destroyed my character & left me homeless.

God is a criminal. God punishes us through criminals.

The American club scene is th heart of th American woman.



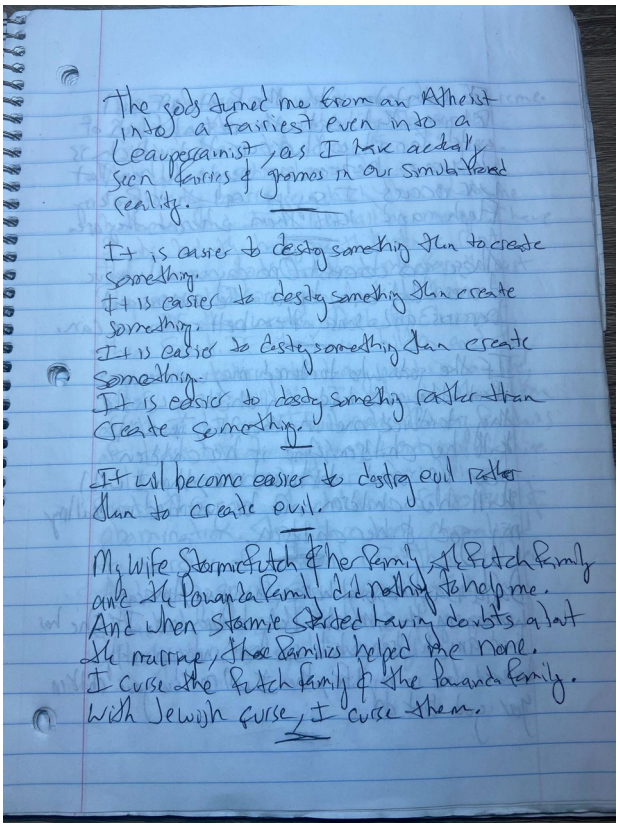
By dodging the club scene, it will strike at the root Major blow to western civilization, the laboratories it has become.
They will target Chads that are bastards in the clubs & women who are using their best whore looks. It will destroy their meeting places.

With the women too afraid to go out their grip on society will fail.

To add consequence to their actions, kill the gods.

to add consequence to the actions of my gods, I will murder the gods that tortured me. Women, modern, and children.

I have a high IQ. I was smarter than my peers But my Jewish Ashenazi Jewish gods have destroyed my life again and again and again. I never had a chance to outsmart Some people I didn't even know to exist. Now that I know of my exist. I can kill them when I get my chance.

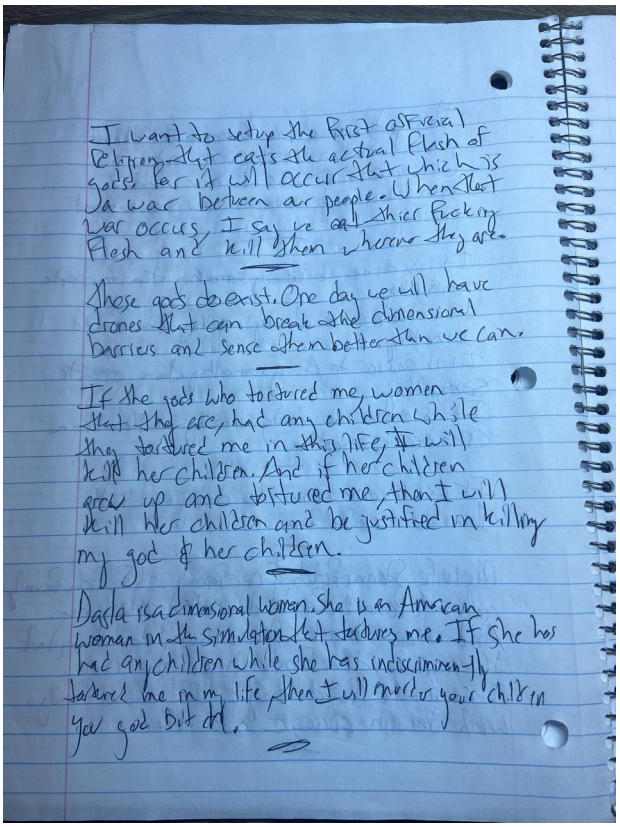


The gods turned me from an Atheist into a fairiest even into a Leuppesrainist, as I have acctaly seen fairies & gnomes in our Simulatated reality.

It is easier to destroy something than to create something.
It is easier to destroy something than create something.
It is easier to destroy something than create something.
It is easier to destroy something rather than create something.

It will become easier to destroy evil rather than to create evil.

My wife Stormi Futch & her family, the Futch family and the Pavanza family did nothing to help me. And when Stormie started having doubts about the marriage, these families helped the none. I curse the futch family & the Pavanda family. With Jewish curse, I curse them.

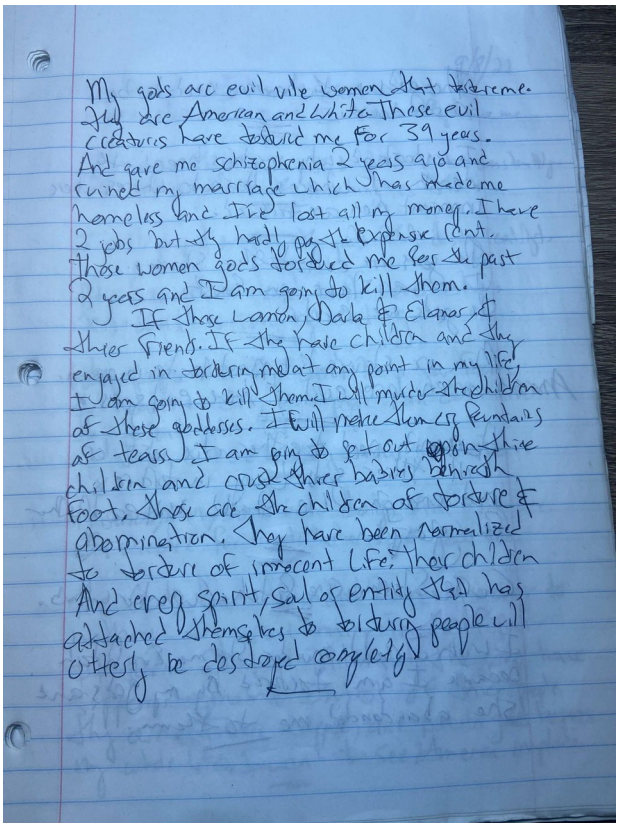


I want to setup the first official Elohim that eats the astral flesh of gods for it will occur that which is a war between our people. When that war occurs, I say we eat their fucking flesh and kill them wherever they are.

These gods do exist. One day we will have drones that can break the dimensional barriers and sense them better than we can.

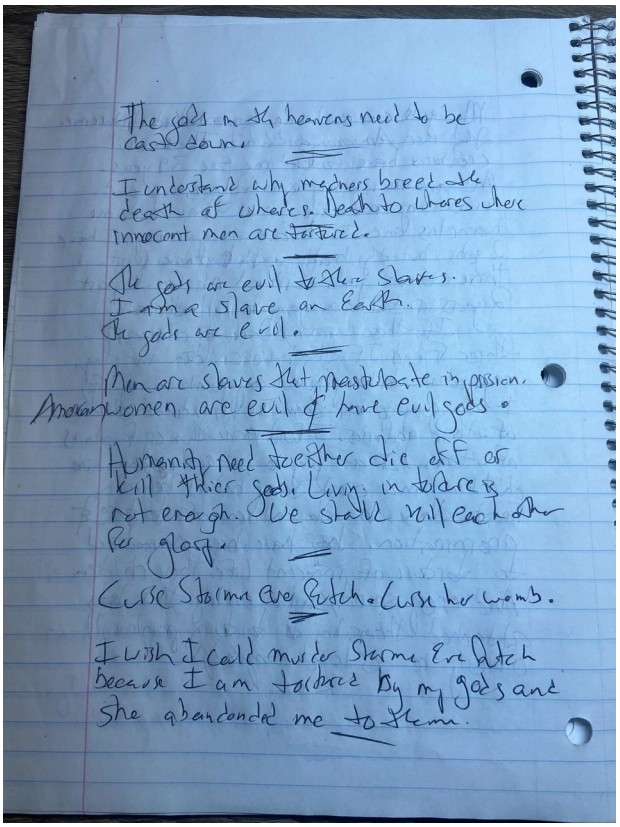
If the gods who tortured me, women that they are, had any children while they tortured me in this life, I will kill her children. And if her children grew up and tortured me, then I will kill her children and be justified in killing my god & her children.

Dasla is a dimensional woman. She is an American woman in the simulation that tortures me. If she has had any children while she has indiscriminately tortured me in my life, then I will murder your children you god bitch.



My gods are evil vile women that torture me. They are American and White. Those evil creatures have tortured me for 39 years. And gave me schizophrenia 2 years ago and ruined my marriage which has made me homeless and I've lost all my money. I have 2 jobs but can barely pay the expense rent. Those women gods tortured me for the past 2 years and I am going to kill them.

If those Lamon, Darla & Elanor of their friends. If they have children and they engaged in torturing me at any point in my life, I am going to kill them. I will murder the children of these goddesses. I will make them cry fountains of tears. I am going to put out upon their children and crush their baby beneath foot. Those are the children of torture & abomination. They have been normalized to torture of innocent life. Their children And every spirit, soul of entity that has attached themselves to torturing people will utterly be destroyed completely



The gods in the heavens need to be cast down.

I understand why mothers breed at the death of whores. Death to whores where innocent men are tortured.

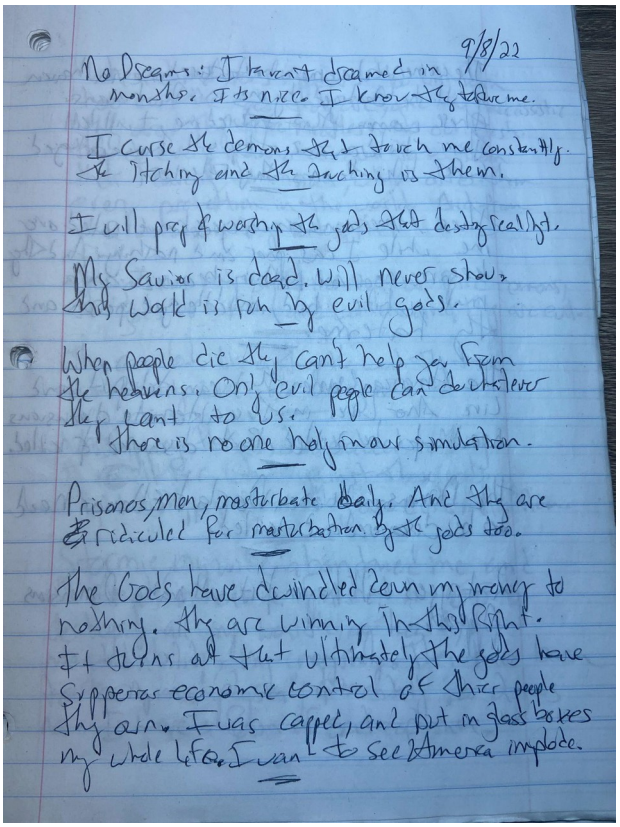
The gods are evil to their slaves.
I am a slave on Earth.
The gods are evil.

Men are slaves that masturbate in passion.
Amoral women are evil of more evil gods.

Humanity need to either die off or kill their gods. Living in torture is not enough. We shall kill each other for glory.

Curse Storme Eve Fetch. Curse her womb.

I wish I could murder Storme Eve Fetch because I am tortured by my gods and she abandoned me to them.



9/8/22

No Dreams: I haven't dreamed in months. It's nice. I know the future me.

I curse the demons that touch me constantly. The itching and the touching is them.

I will pray & worship the gods that destroy realist.

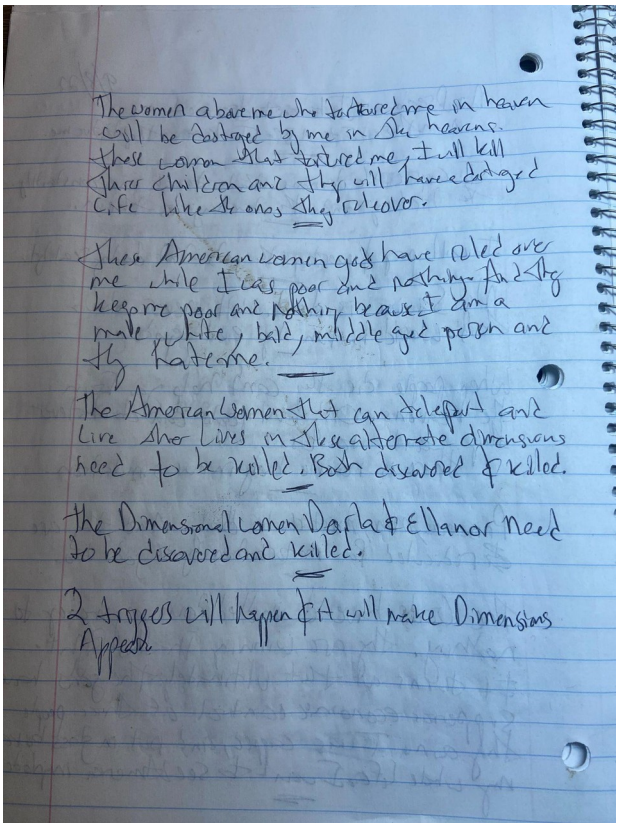
My Savior is dead. Will never show. This world is run by evil gods.

When people die they can't help you from the heavens. Only evil people can do whatever they want to us.

There is no one holy in our simulation.

Prisoners, men, masturbate daily. And they are ridiculed for masturbation by the gods too.

The Gods have dwindled down my money to nothing. They are winning in this fight. It turns out that ultimately the gods have supernatural economic control of their people & my own. I was capped, and put in glass boxes my whole life. I want to see America implode.



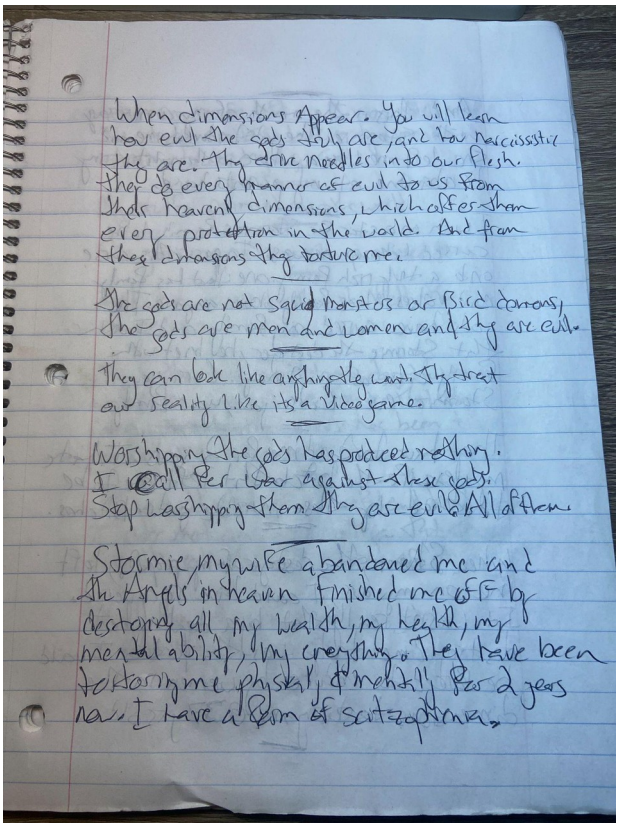
The women above me who tortured me in heaven will be destroyed by me in the heavens. These women that tortured me, I will kill their children and they will have destroyed life like the ones they received.

These American women got have ruled over me while I was poor and nothing. And they keep me poor and nothing, because I am a male, white, bald, middle age person and they hate me.

The American women that can teleport and live their lives in these alternate dimensions need to be killed. Both discovered & killed.

The Dimensional women Darla & Ellanor need to be discovered and killed.

2 triggers will happen & it will make Dimensions Appear.



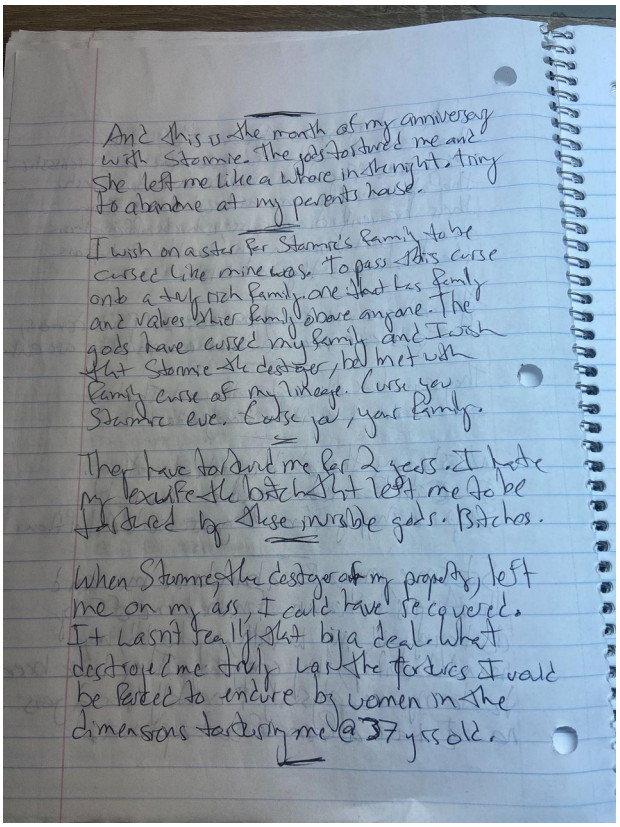
When dimensions Appear. You will learn how evil the gods truly are, and how narcissistic they are. They drive needles into our flesh. They do every manner of evil to us from their heavenly dimensions, which offers them every protection in the world. And from these dimensions they torture me.

The gods are not squid monsters or bird demons, the gods are men and women and they are evil.

They can look like anything else with. They treat our reality like its a video game.

Worshipping the gods has produced nothing. I call for war against these gods. Stop worshipping them. They are evil. All of them.

Stormie, my wife abandoned me and the Angels in heaven finished me off by destroying all my wealth, my health, my mental ability, my everything. They have been torturing me physical, & mentally for 2 years now. I have a form of schizophrenia.

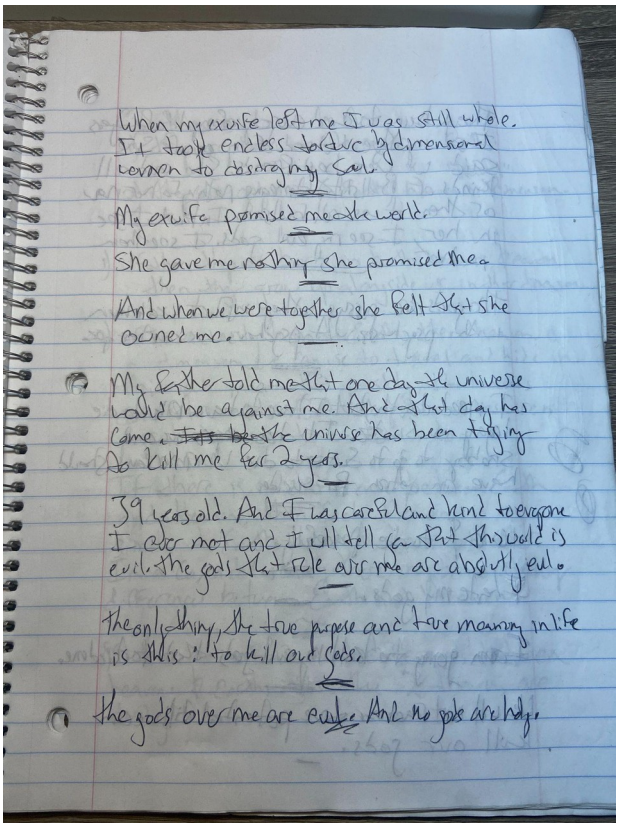


And this is the month of my anniversary with Stormie. The gods tortured me and she left me like a whore in the night, trying to abandone at my parents house.

I wish on a star for Stormie's family to be cursed like mine was. To pass this curse onto a truly rich family. one that has family and values their family above anyone. The gods have cursed my family and I wish that Stormie the destroyer, be met with family curse of my lineage. Curse you Stormie eve. Curse ya, your family.

They have tortured me for 2 years. It hurts my heart the bitch left me to be tortured by these invisible gods. Bitches.

When Stormie the destroyer left my property, left me on my ass, I could have recovered. It wasn't really that big a deal. What destroyed me truly was the tortures I would be forced to endure by women in the dimensions torturing me @ 37 yrs old.



When my ex-wife left me I was still whole.
It took endless torture by dimensional
cowards to destroy my soul.

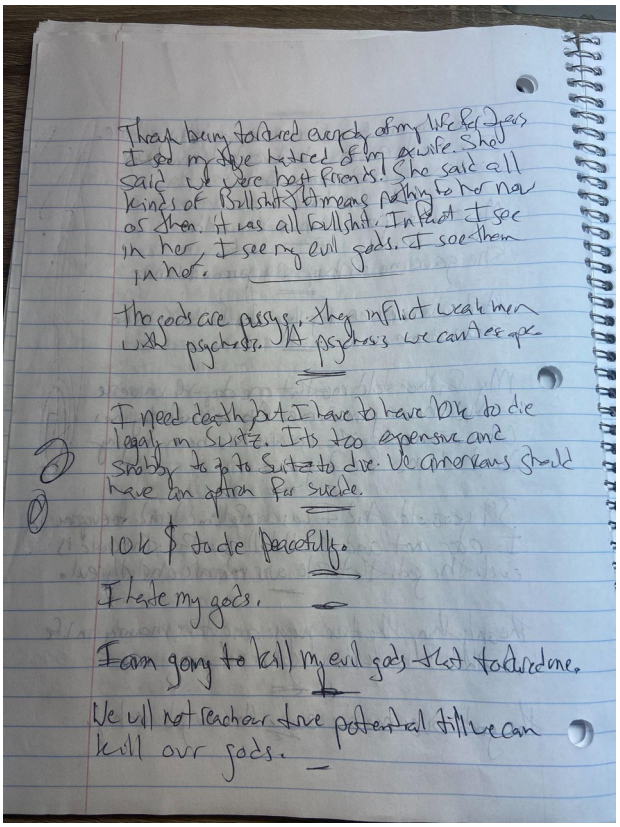
My ex-wife promised me the world.
She gave me nothing. She promised me.
And when we were together she felt that she
owned me.

My father told me that one day the universe
would be against me. And that day has
come. ~~It's been~~ The universe has been trying
to kill me for 2 years.

39 years old. And I was careful and kind to everyone
I ever met and I will tell you that this world is
evil. The gods that rule over me are absolutely evil.

The only thing, the true purpose and true meaning in life
is this: to kill our gods.

The gods over me are cruel. And no gods are holy.



Thank being tortured every day of my life for 7 yrs I see my true hatred of my wife. She said we were best friends! She said all kinds of bullshit & it means nothing to her now as then. It was all bullshit. In fact I see in her, I see my evil gods. I see them in her.

The gods are pussys. They inflict weakness with psychosis. A psychosis we can't escape

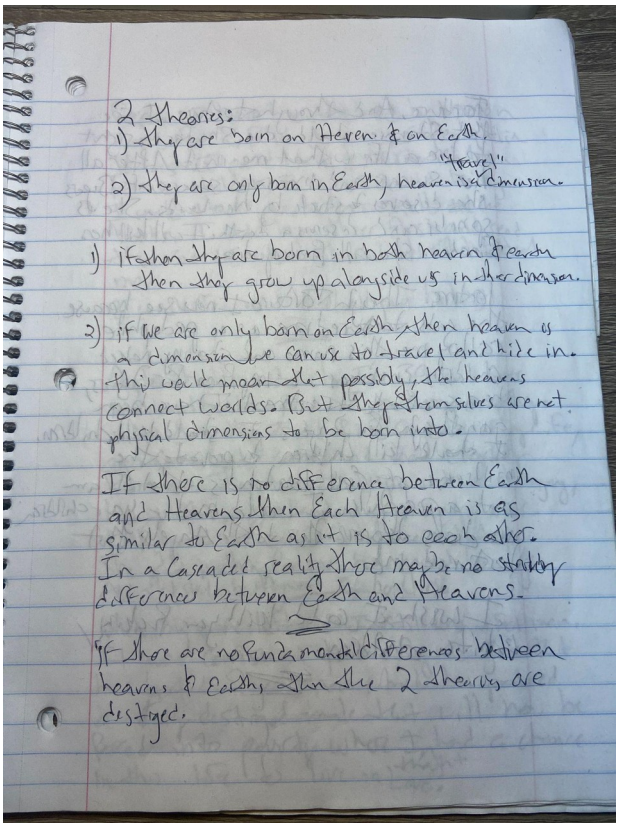
I need death, but I have to have 10k to die legally in Switz. It's too expensive and shabby to go to Switz to die. We Americans should have an option for suicide.

10k $ to die peacefully.

I hate my gods.

I am going to kill my evil gods that tortured me.

We will not reach our true potential till we can kill our gods.



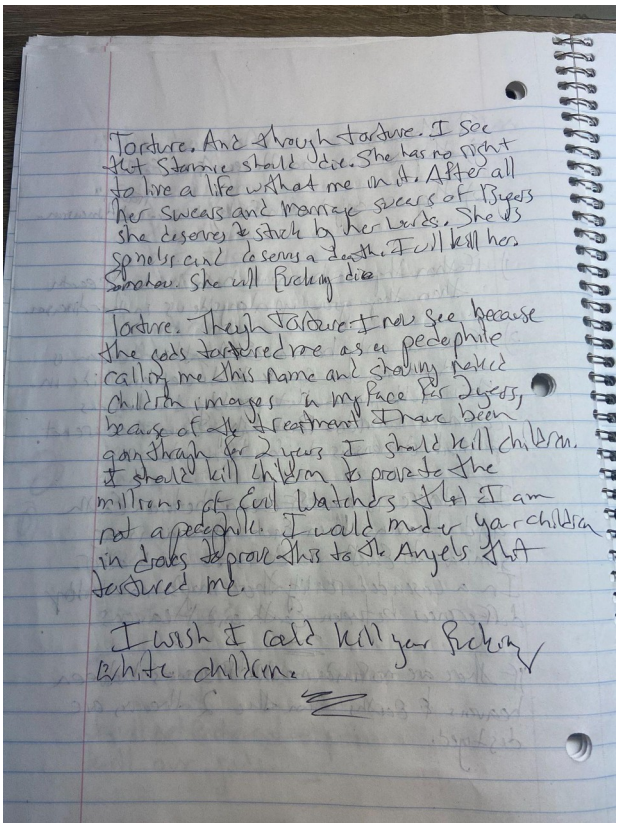
2 theories:
1) they are born on Heven & on Earth.
2) they are only born in Earth, heaven is a dimension. "travel"

1) if/then they are born in both heaven & earth then they grow up alongside us in their dimension.

2) if we are only born on Earth, then heaven is a dimension we can use to travel and hide in. this could mean that possibly, the heavens connect worlds. But they themselves are not physical dimensions to be born into.

If there is no difference between Earth and Heavens then Each Heaven is as similar to Earth as it is to each other. In a Cascadet reality there may be no starkly differences between Earth and Heavens.

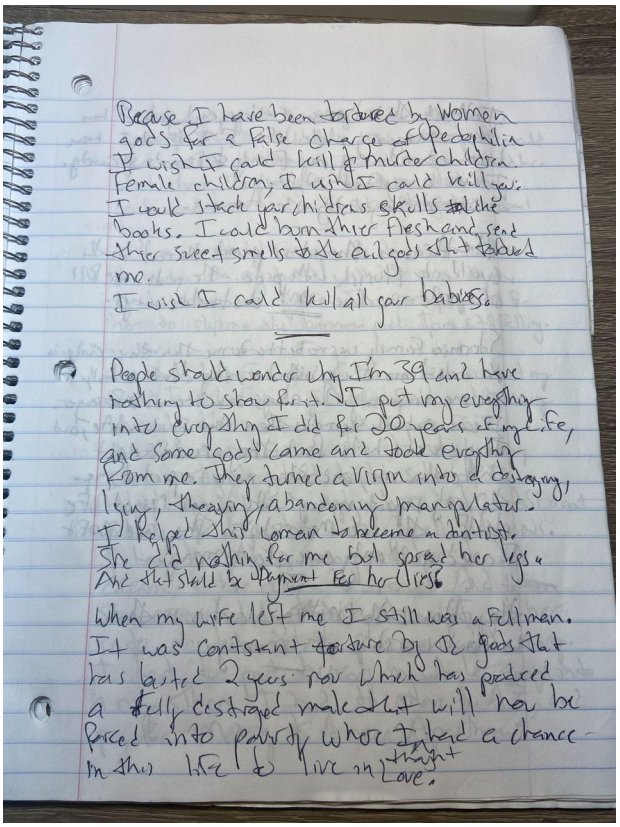
If there are no Fundamental differences between heavens & Earths, then the 2 theories are destroyed.



Torture. And through torture. I see that Stannie should die. She has no right to live a life what me in it. After all her sweears and marrage sweers of 15 years she deserves to stuck by her Lords. She is spoels and deserves a death. I will kill her. Somehow. She will Fucking die.

Torture. Through Torture I now see because the gods tortured me as a pedophile calling me this name and showing naked children images in my face for 2 years, because of the treatment I have been going through for 2 years I should kill children. I should kill children to prove to the millions of Evil Watchers that I am not a pedophile. I will murder ya children in droves to prove this to the Angels that tortured me.

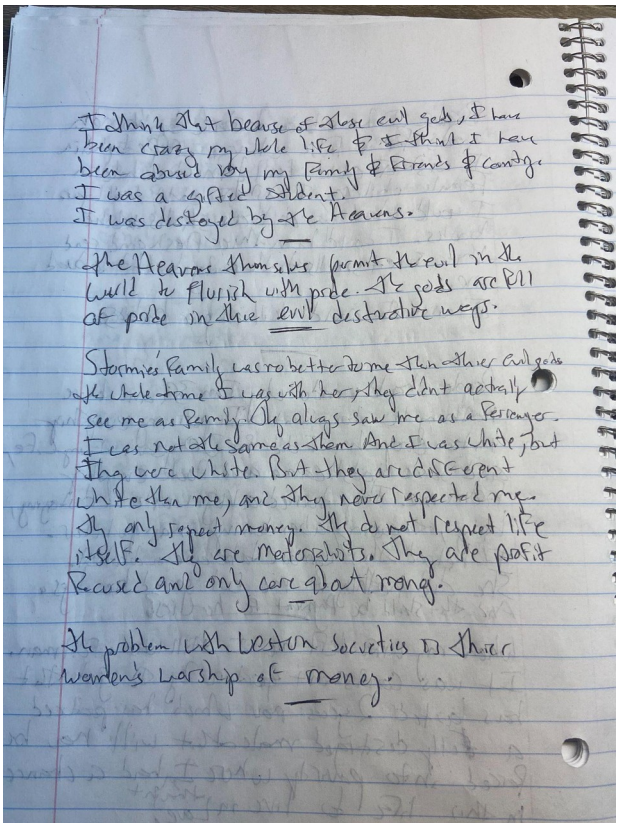
I wish I could kill your Fucking White children.



Because I have been tortured by women gods for a false charge of Pedophilia I wish I could kill & murder children. Female children, I wish I could kill you. I could stack your children's skulls like books. I could burn their flesh and send their sweet smells to the evil gods that tortured me.
I wish I could kill all your babies.

People should wonder why I'm 39 and have nothing to show for it. I put my everything into everything I did for 20 years of my life, and some gods came and took everything from me. They turned a virgin into a destroying, lying, cheating, abandoning, manipulator. I helped this woman to become a dentist. She did nothing for me but spread her legs. And that should be payment for her loss.

When my wife left me I still was a Full man. It was constant torture by the gods that has lasted 2 years now which has produced a fully destroyed male that will now be forced into poverty where I had a chance in this life to live in true Love.

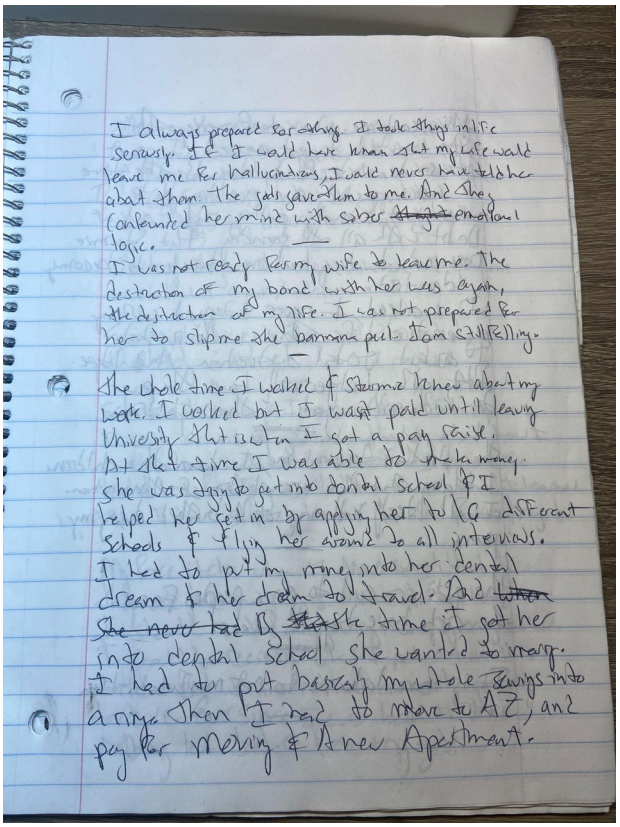


I think that because of these evil gods, I have been crazy my whole life & I think I have been abused by my family & friends & society. I was a gifted student. I was destroyed by the Heavens.

The Heavens themselves permit the evil in the world to flourish with pride. The gods are full of pride in their evil destructive ways.

Stormie's family was better to me than other evil gods the whole time I was with her, they didn't actually see me as family. They always saw me as a foreigner. I was not the same as them. And I was white, but they were white. But they are different white than me, and they never respected me. They only respect money. They do not respect life itself. They are materialists. They are profit focused and only care about money.

The problem with Western societies is their worship of money.



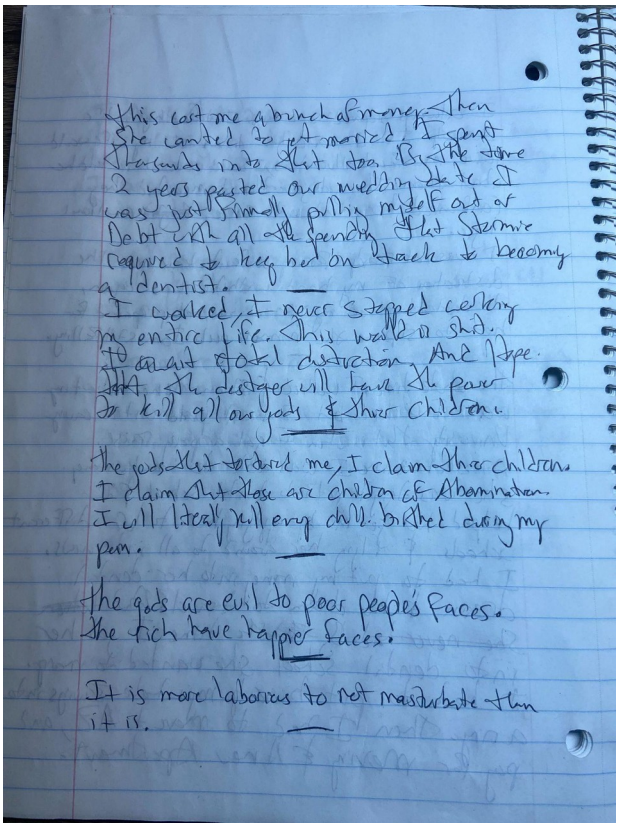
I always prepared for everything. I took things in life seriously. If I could have known that my wife would leave me for hallucinations, I would never have told her about them. The pills gave them to me. And they confounded her mind with sober ~~thought~~ emotional logic.

—

I was not ready for my wife to leave me. The destruction of my bond with her was again, the destruction of my life. I was not prepared for her to slip me the banana peel. I am still reeling.

—

The whole time I worked I Stevie knew about my work. I worked but I was not paid until leaving University that is when I got a pay raise. At that time I was able to make money. She was trying to get into dental school & I helped her get in by applying her to 16 different schools & flying her around to all interviews. I had to put my money into her dental dream & her dream to travel. And ~~when~~ ~~She never had~~ By the time it got her into dental school she wanted to marry. I had to put basically my whole savings into a ring. Then I had to move to AZ, and pay for moving & A new Apartment.



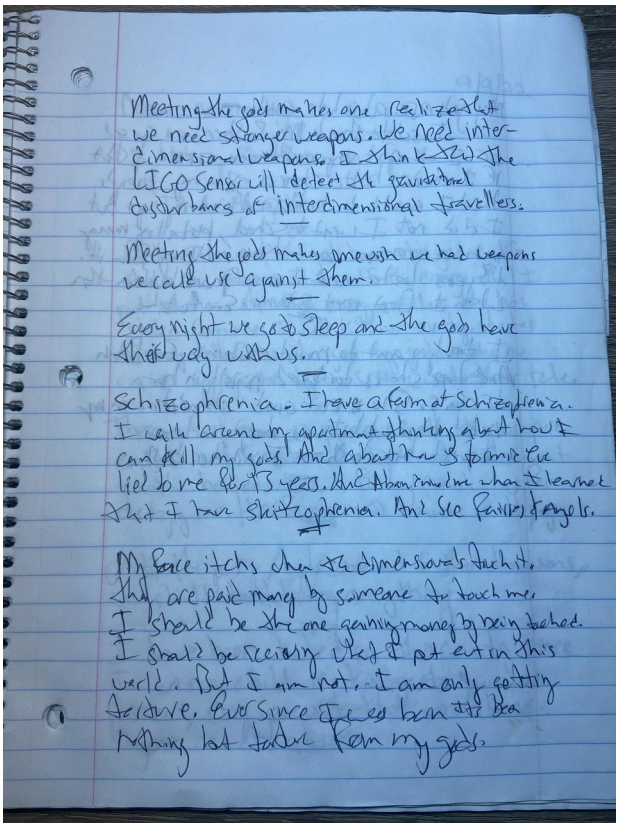
this cost me a bunch of money. Then she wanted to get married. I spent thousands into that too. By the time 2 years passed our wedding date I was just finally pulling myself out of debt with all the spending that Stormie required to keep her on track to become a dentist.

I walked. I never stepped correctly in entire life. This was in shit. I am at total destruction. And I hope that the destroyer will have the power to kill all our gods & their children.

The gods that birthed me, I claim their children. I claim that these are children of Abomination. I will literally kill every child birthed during my pain.

The gods are evil to poor people's faces. The rich have happier faces.

It is more laborious to not masturbate than it is.



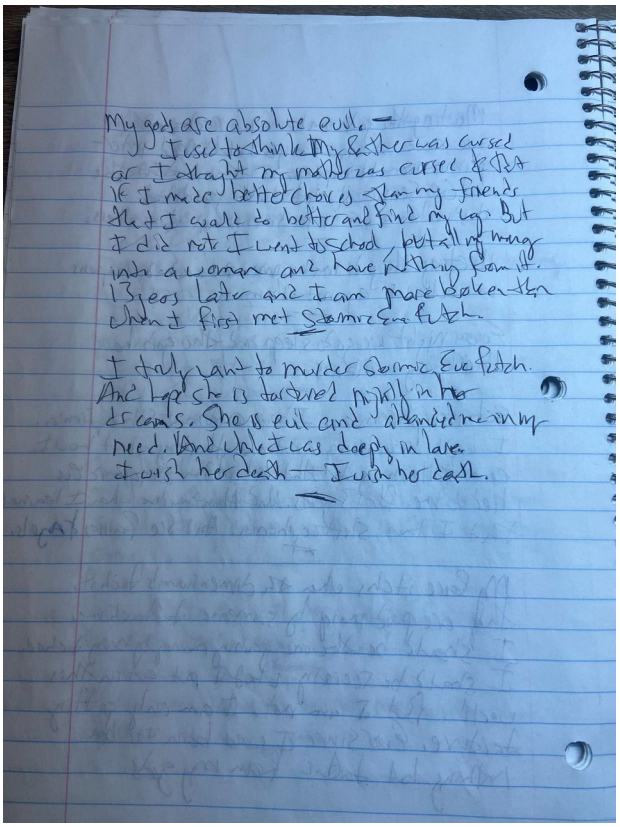
Meeting the gods makes one realize that we need stronger weapons. We need inter-dimensional weapons. I think that the LIGO sensor will detect the gravitational disturbances of interdimensional travellers.

Meeting the gods makes one wish we had weapons we could use against them.

Every night we go to sleep and the gods have their way with us.

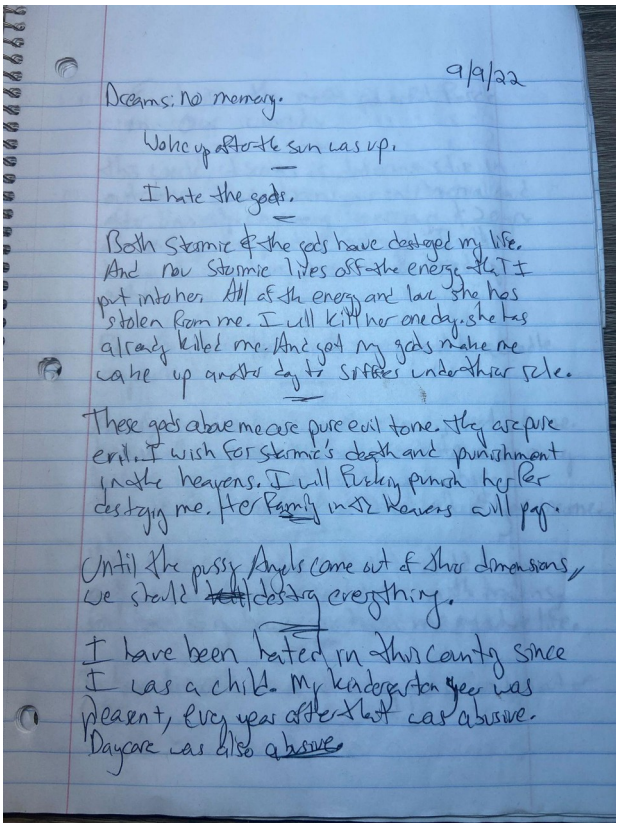
Schizophrenia. I have a form of schizophrenia. I walk around my apartment thinking about how I can kill my gods. And about how Stormie lied to me for 15 years. And then realize what I learned that I have schizophrenia. And see fairies & angels.

My face itchs when the dimensionals touch it. They are paid money by someone to touch me. I should be the one getting money by being touched. I should be receiving what I put out in this world. But I am not. I am only getting torture. Ever since I've been this bea nothing but torture from my gods.



My gods are absolute evil. —
I used to think my father was cursed
or I thought my mother was cursed & that
if I made better choices than my friends
that I could do better and find my legs. But
I did not. I went to school, put all my money
into a woman, and have nothing from it.
13 years later and I am more broken than
when I first met Stormie Eve Fetch.

I truly want to murder Stormie Eve Fetch.
And I get she is tortured mentally in her
dreams. She is evil and she takes me in my
need. And while it was deeply in love.
I wish her death — I wish her ash.



9/9/22

Dreams: No memory.

Woke up after the sun was up.

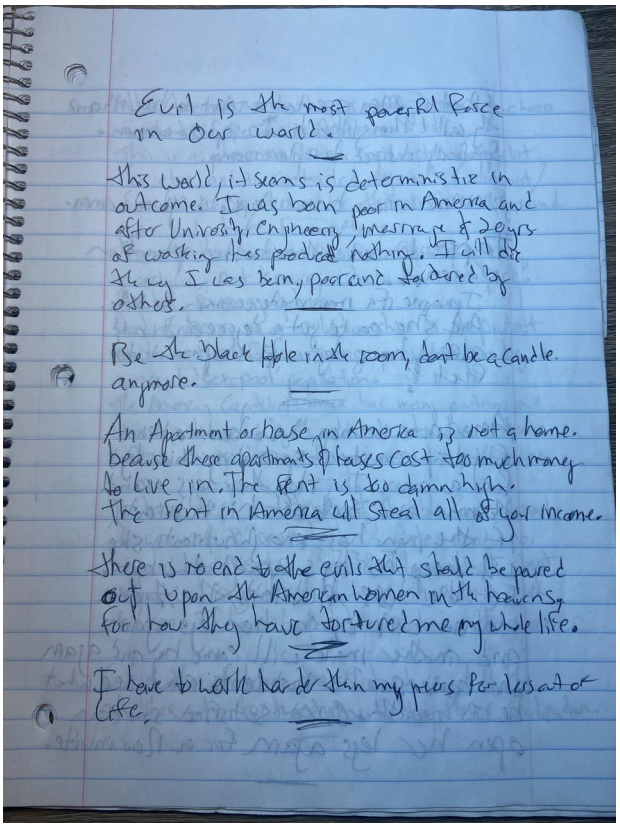
I hate the gods.

Both Stormie & the gods have destroyed my life. And now Stormie lives off the energy that I put into her. All of the energy and love she has stolen from me. I will kill her one day. She has already killed me. And god my gods make me wake up another day to suffer under their rule.

These gods above me are pure evil tone. They are pure evil. I wish for Stormie's death and punishment in the heavens. I will fiercely punish her for destroying me. Her family in the heavens will pay.

Until the pussy Angels come out of their dimensions, we should destroy everything.

I have been hated in this county since I was a child. My kindergarten year was pleasant, every year after that was abusive. Daycare was also abusive.



Evil is the most powerful force in our world.

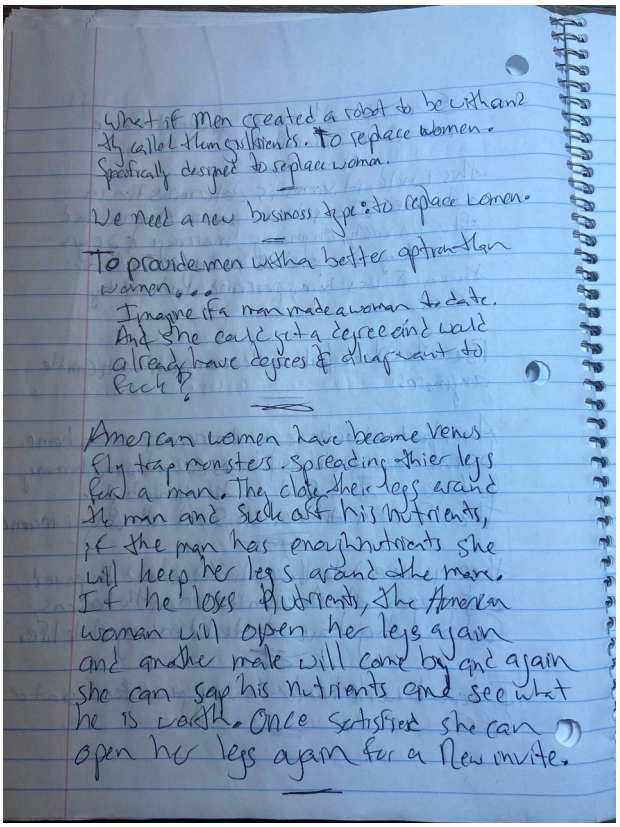
This world, it seems is deterministic in outcome. I was born poor in America and after University, Engineering, internship & 2 years of working has produced nothing. I will die the way I was born, poor and tortured by others.

Be the black hole in the room, don't be a candle anymore.

An Apartment or house in America is not a home. because these apartments & houses cost too much money to live in. The rent is too damn high. The rent in America will steal all of your income.

There is no end to the evils that should be poured out upon the American women in the heavens, for how they have tortured me my whole life.

I have to work harder than my peers for less out of life.



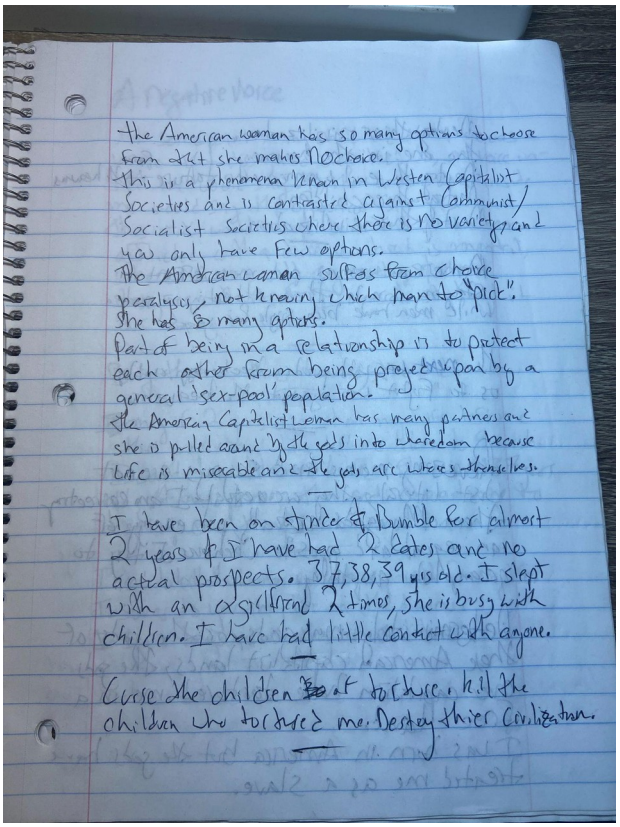
What if men created a robot to be with and fk called them girlfriends. To replace women. Specifically designed to replace woman.

We need a new business type to replace women.

To provide men with a better option than women...

Imagine if a man made a woman to date. And she can't get a degree and would already have degrees & allegiance to fuck?

American women have become venus fly trap monsters. Spreading thier legs for a man. They close their legs around the man and suck out his nutrients, if the man has enough nutrients she will keep her legs around the man. If he loses nutrients, the American woman will open her legs again and another male will come by and again she can sap his nutrients and see what he is worth. Once satisfied she can open her legs again for a new invite.



The American woman has so many options to choose from that she makes NO choice.
This is a phenomena known in Western Capitalist Societies and is contrasted against Communist/Socialist societies where there is no variety and you only have few options.
The American woman suffers from choice paralysis, not knowing which man to "pick". She has so many options.
Part of being in a relationship is to protect each other from being preyed upon by a general 'sex-pool' population.
The American Capitalist woman has many partners and she is pulled around by the gods into unfreedom because life is miserable and the gods are wolves themselves.

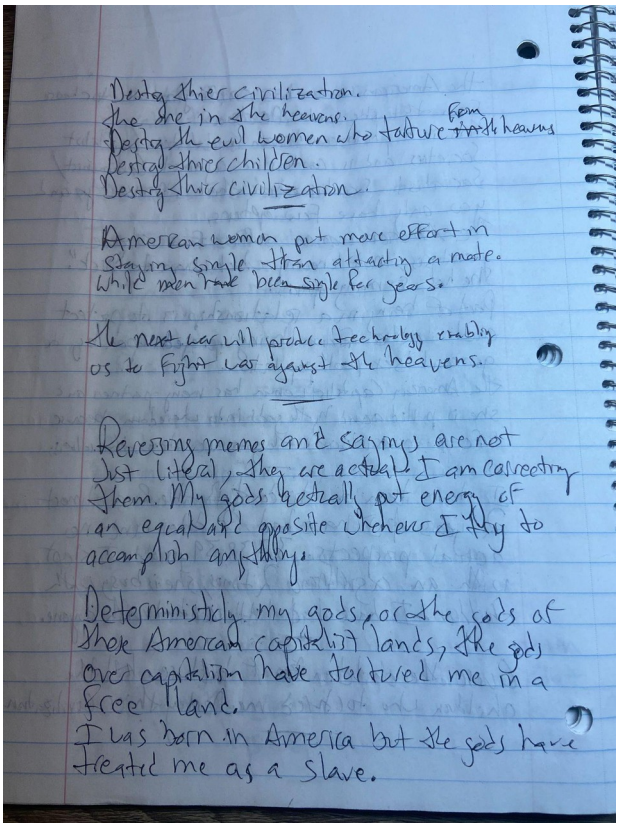
—

I have been on Tinder & Bumble for almost 2 years & I have had 2 dates and no actual prospects. 37, 38, 39 yrs old. I slept with an ex-girlfriend 2 times, she is busy with children. I have had little contact with anyone.

—

Curse the children that torture. Kill the children who torture me. Destroy their civilization.

—



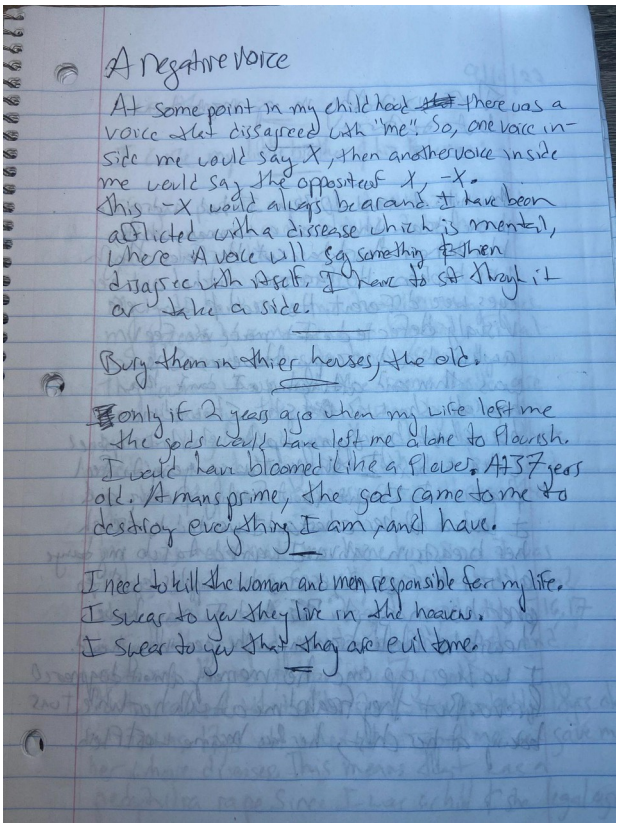
Destroy thier civilization.
Bless the in the heavens.
Destroy the evil women who torture from their heavens
Destroy thier children.
Destroy thier civilization.

American women put more effort in staying single than attracting a mate.
While men have been single for years.

The next war will produce technology enabling us to fight war against the heavens.

Reversing memes and sayings are not just literal, they are actually I am correcting them. My gods mentally put energy of an equal and opposite whenever I try to accomplish anything.

Deterministicly my gods, or the gods of those American capitalist lands, the gods over capitalism have tortured me in a free land.
I was born in America but the gods have treated me as a slave.



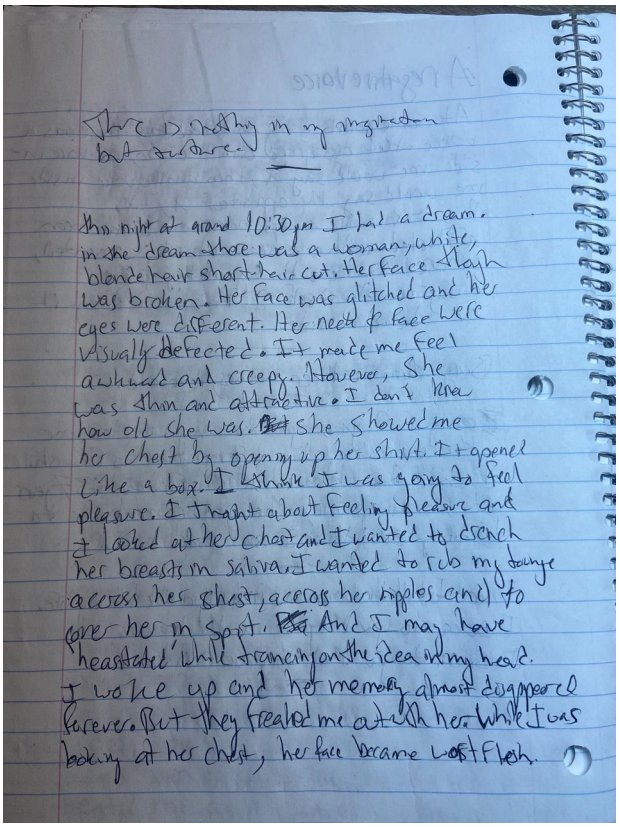
A negative voice

At some point in my childhood ~~that~~ there was a voice that disagreed with "me". So, one voice inside me would say X, then another voice inside me would say the opposite of X, -X. This -X would always be around. I have been afflicted with a disease which is mental, where A voice will say something & then disagree with itself. I have to sit through it or take a side.

Bury them in their houses, the old.

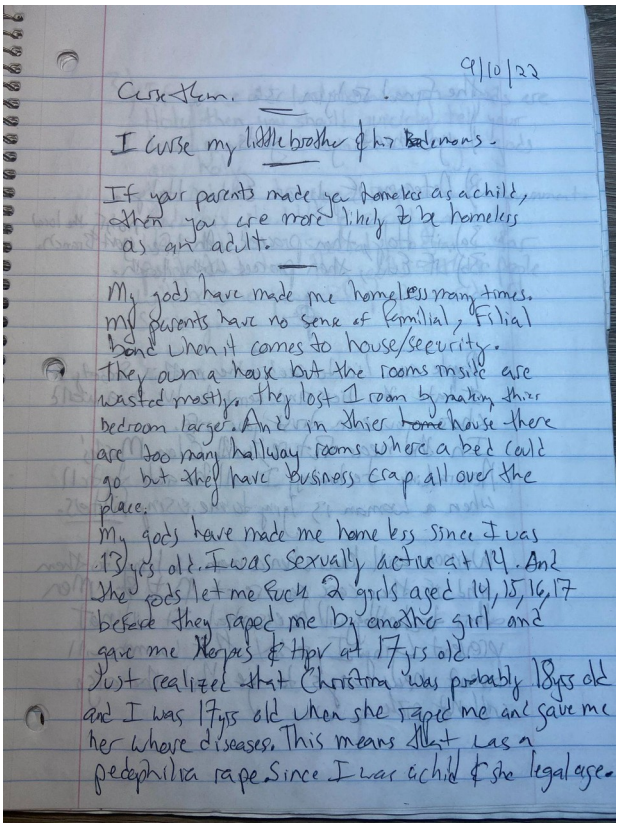
Only if 2 years ago when my life left me the gods would have left me alone to flourish. I could have bloomed like a flower. At 37 years old. At mans prime, the gods came to me to destroy everything I am, and have.

I need to kill the woman and men responsible for my life. I swear to you they live in the heavens. I swear to you that they are evil to me.



There is nothing in my imagination but torture.

This night at around 10:30pm I had a dream. In the dream there was a woman, white, blonde hair short hair cut. Her face thigh was broken. Her face was glitched and her eyes were different. Her nose & face were visually defected. It made me feel awkward and creepy. However, she was thin and attractive. I don't know how old she was. She showed me her chest by opening up her shirt. It opened like a box. I think I was going to feel pleasure. I thought about feeling pleasure and I looked at her chest and I wanted to drench her breasts in saliva. I wanted to rub my tongue accross her chest, accross her nipples and to cover her in spit. And I may have masturbated while fantasizing on the idea in my head. I woke up and her memory almost disappeared forever. But they freaked me out with her. While I was looking at her chest, her face became Lost Flesh.



9/10/22

Curse them.

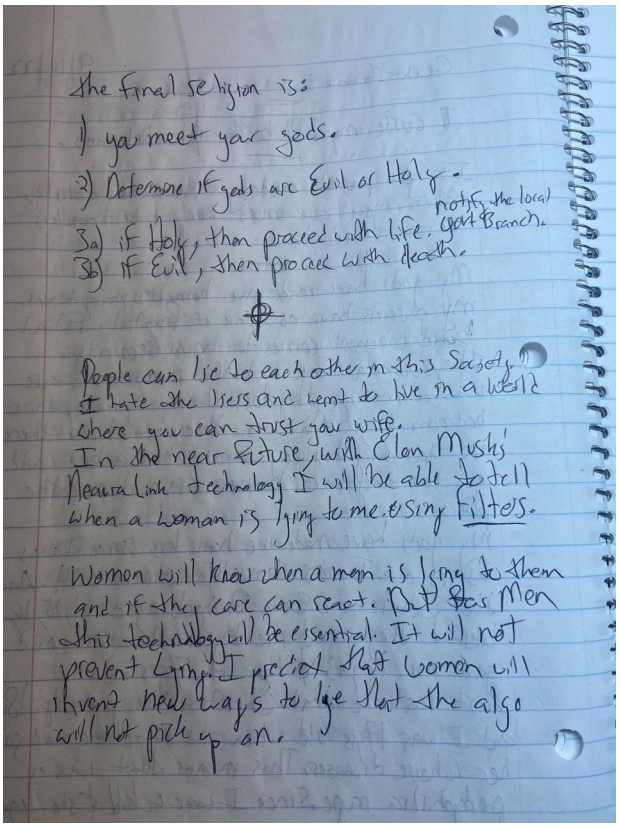
I curse my liddle brother & his demons.

If your parents made you homeless as a child, then you are more likely to be homeless as an adult.

My gods have made me homeless many times. My parents have no sense of familial, filial bond when it comes to house/security. They own a house but the rooms inside are wasted mostly. They lost 1 room by making their bedroom larger. And in their ~~home~~ house there are too many hallway rooms where a bed could go but they have business crap all over the place.

My gods have made me homeless since I was 13yrs old. I was sexually active at 14. And the gods let me fuck 2 girls aged 14, 15, 16, 17 before they raped me by another girl and gave me Herpes & Hpv at 17yrs old.

Just realized that Christina was probably 18yrs old and I was 17yrs old when she raped me and gave me her whore diseases. This means that was a pedophilia rape. Since I was a child & she legal age.



the final religion is:

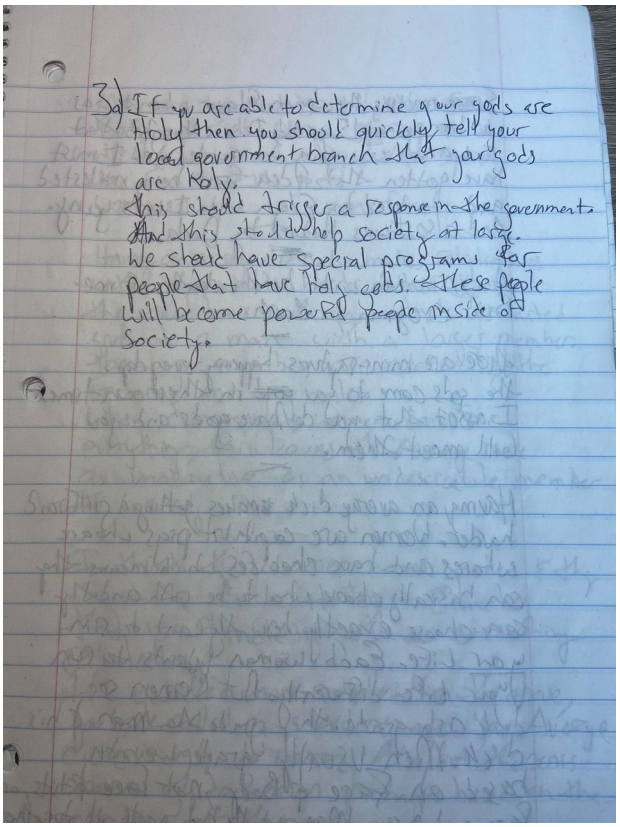
1) you meet your gods.

2) Determine if gods are Evil or Holy.

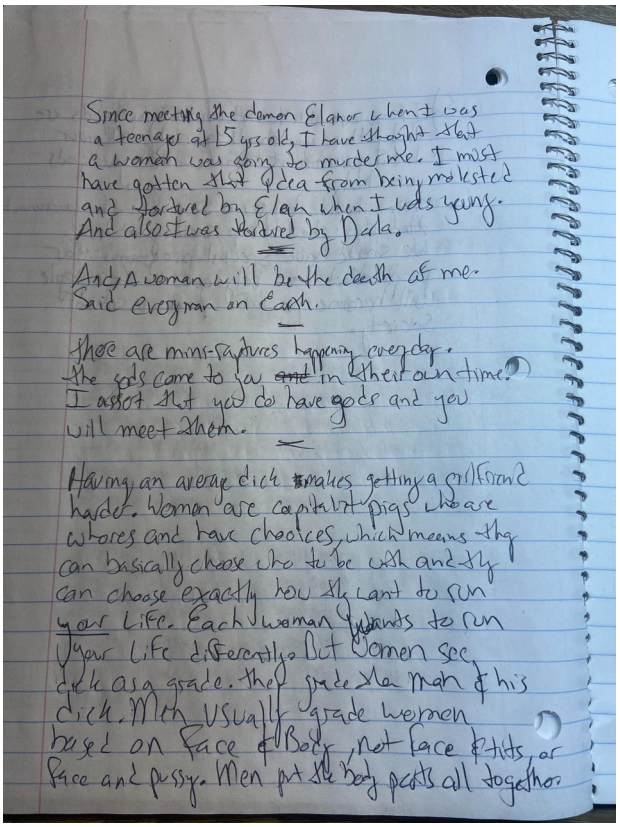
3a) if Holy, then proceed with life, notify the local govt Branch.
3b) if Evil, then proceed with death.

People can lie to each other in this Society. I hate the liers and want to live in a world where you can trust your wife. In the near future, with Elon Musks Neuralink technology I will be able to tell when a woman is lying to me. Using Filters.

Women will know when a man is lying to them and if they care can react. But for Men this technology will be essential. It will not prevent Lying. I predict that women will invent new ways to lie that the algo will not pick up on.



3a) If you are able to determine your gods are Holy then you should quickly tell your local government branch that your gods are Holy.
This should trigger a response in the government. And this should help society at large.
We should have special programs for people that have Holy gods. These people will become powerful people inside of society.



Since meeting the demon Elanor when I was a teenager at 15 yrs old, I have thought that a woman was going to murder me. I must have gotten that idea from being molested and tortured by Elan when I was young. And also I was tortured by Darla.

=

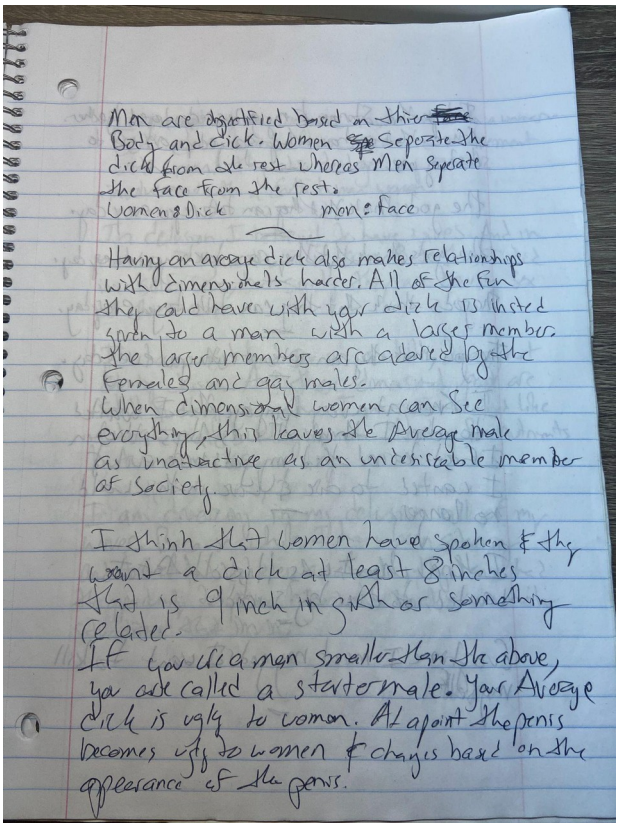
And a woman will be the death of me. Said everyman on Earth.

—

there are mini-raptures happening everyday. the gods come to you ~~and~~ in their own time? I assert that you do have gods and you will meet them.

=

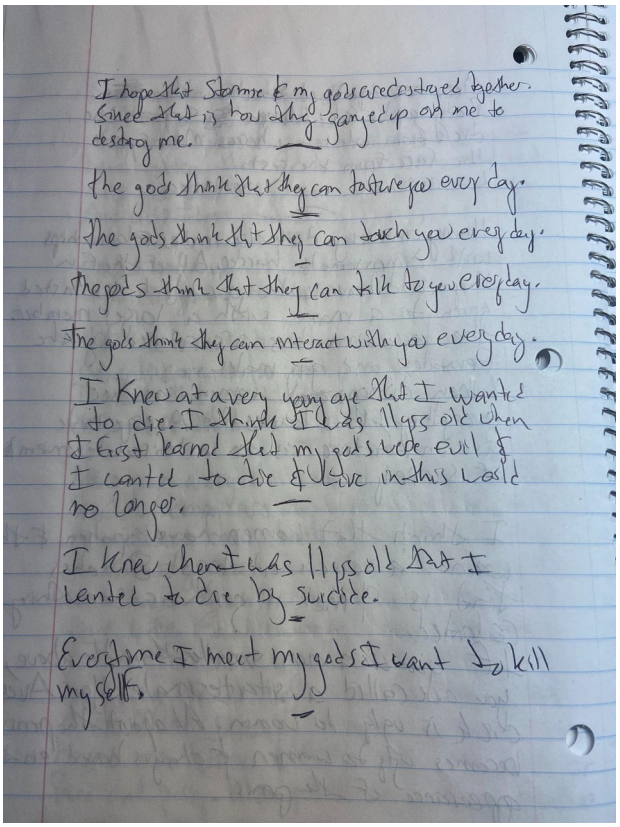
Having an average dick makes getting a girlfriend harder. Women are capitalist pigs who are whores and have choices, which means they can basically choose who to be with and they can choose exactly how they want to run your life. Each woman wants to run your life differently. But women see dick as a grade. they grade the man & his dick. Men usually grade women based on face & Body, not face & tits, or face and pussy. Men put the body parts all together.



Men are objectified based on their Body and dick. Women seperate the dick from the rest whereas Men seperate the face from the rest.
Women: Dick men: face

Having an average dick also makes relationships with dimensionals harder. All of the fun they could have with your dick is instead given to a man with a larger member. the larger members are adored by the females and gay males.
When dimensionals women can see everything, this leaves the Average male as inactive as an undesirable member of society.

I think that women have spoken & they want a dick at least 8 inches that is 9 inch in girth or something related.
If you are a man smaller than the above, you are called a starter male. Your Average dick is ugly to women. At a point the penis becomes ugly to women & changes based on the appearance of the penis.



I hope that Storme & my gods are destroyed together. Since that is how they gang up on me to destroy me.

The gods think that they can torture you every day.

The gods think that they can touch you every day.

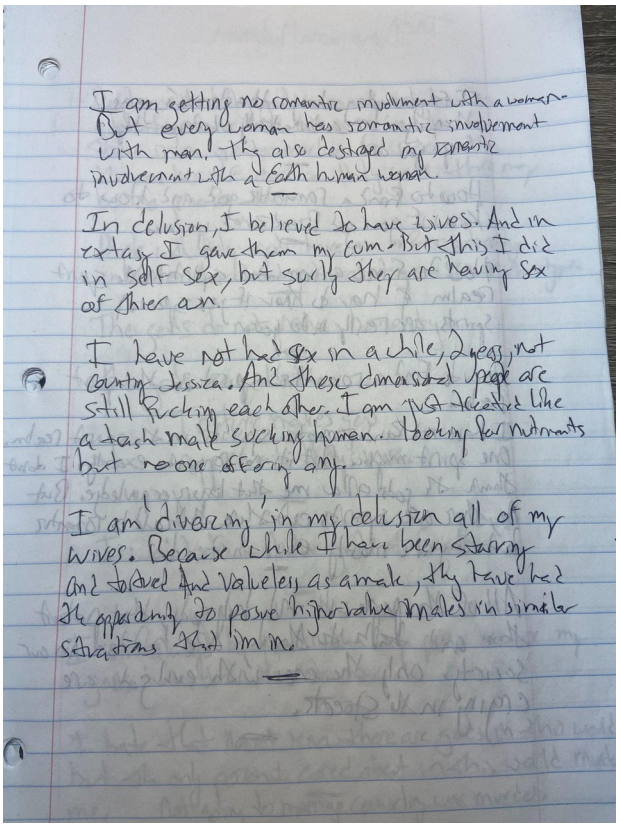
The gods think that they can talk to you every day.

The gods think they can interact with you every day.

I knew at a very young age that I wanted to die. I think I was 11yrs old when I first learned that my gods were evil & I wanted to die & leave in this world no longer.

I knew when I was 11yrs old that I wanted to die by suicide.

Everytime I meet my gods I want to kill myself.

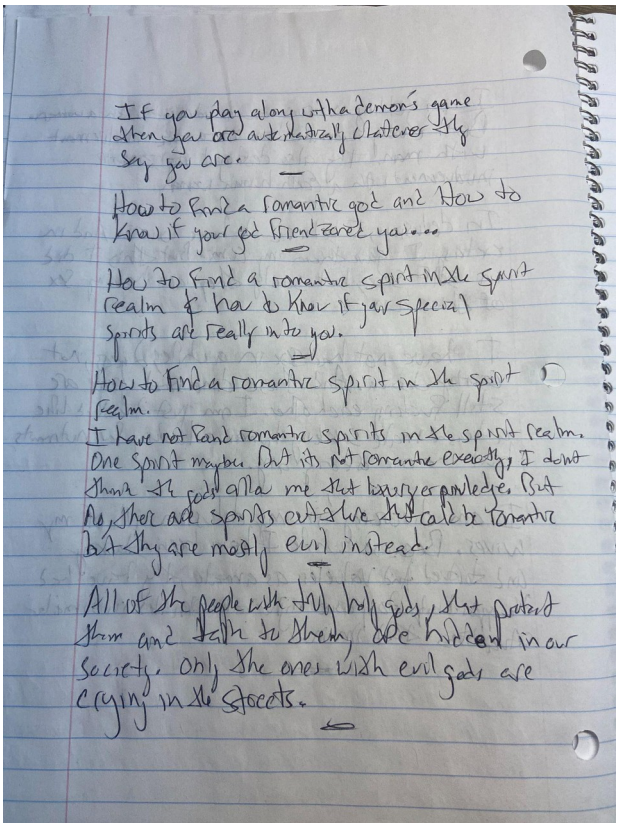


I am getting no romantic involvment with a woman. But every woman has romantic involvement with man. They also destroyed my romantic involvment with a Earth human woman.

In delusion, I believed to have wives. And in extasy I gave them my cum. But this I did in self sex, but surly they are having sex of thier own.

I have not had sex in a while, 2 weeks, not counting desire. And these dimorsted people are still fucking each other. I am just treated like a trash male sucking human. looking for nutrients but no one offering any.

I am divorcing, in my delusion all of my wives. Because while I have been starving and tortured and valueless as a male, they have had the opportunity to posue higher value males in similar situations that im in.



If you play along with a demon's game then you are automatically whatever they say you are.

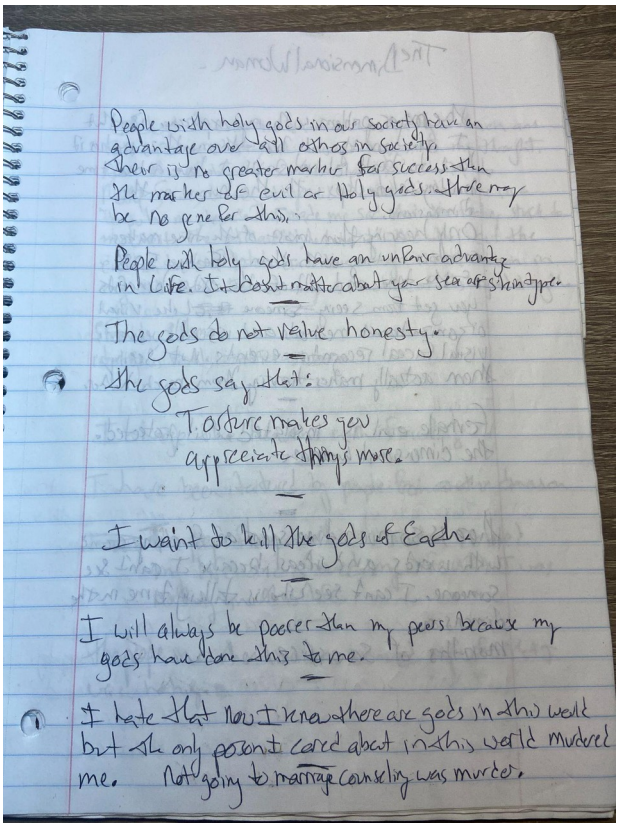
How to find a romantic god and How to know if your god friend cares ya...

How to find a romantic spirit in the spirit realm & how to know if your special spirits are really into you.

How to find a romantic spirit in the spirit realm.

I have not found romantic spirits in the spirit realm. One spirit maybe. But its not romantic exactly, I don't think the gods allow me that luxury or privledge. But No, there are spirits out there that could be romantic but they are mostly evil instead.

All of the people with truly holy gods, that protect them and talk to them, are hidden in our society. Only the ones with evil gods are crying in the streets.



People with holy gods in our society have an advantage over all others in society. There is no greater marker for success than the markers of evil or holy gods. There may be no gene for this.

People with holy gods have an unfair advantage in Life. It doesn't matter what your socioeconomic type.

The gods do not value honesty.

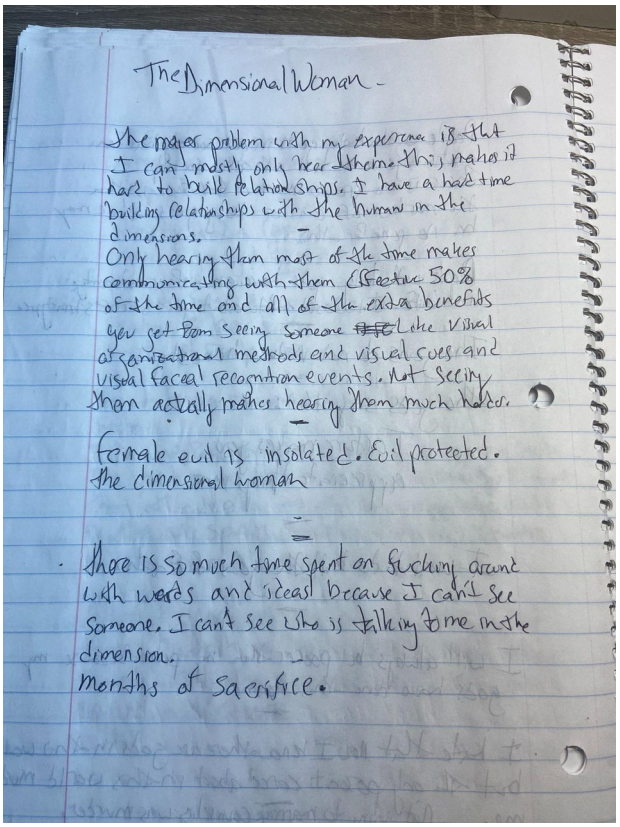
The gods say that:

Torture makes you
appreciate things more.

I want to kill the gods of Earth.

I will always be poorer than my peers because my gods have done this to me.

I hate that now I know there are gods in this world but the only person I cared about in this world murdered me. Not going to marriage counseling was murder.



The Dimensional Woman -

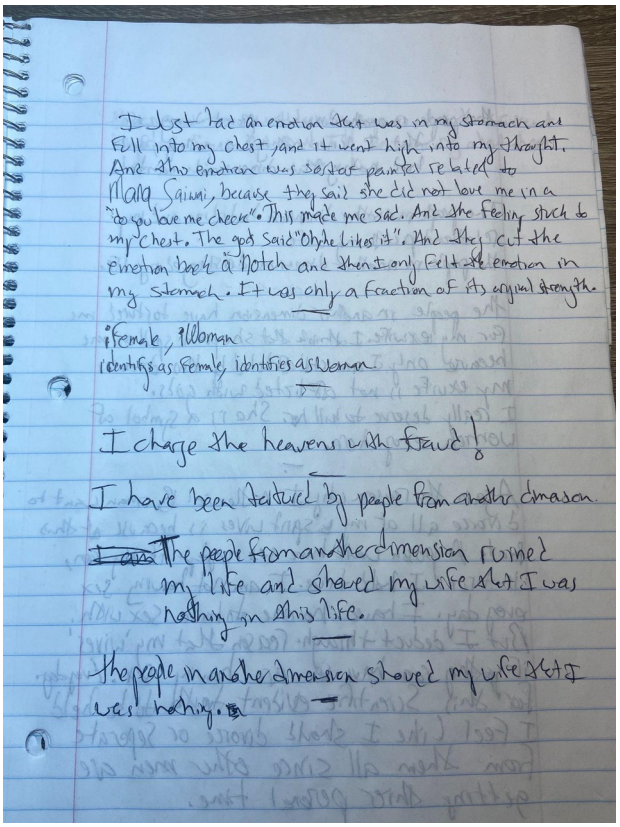
The major problem with my experience is that I can mostly only hear them. This makes it hard to build relationships. I have a hard time building relationships with the human in the dimensions.

Only hearing them most of the time makes communicating with them Effective 50% of the time and all of the extra benefits you get from seeing someone like visual articulation methods and visual cues and visual facial recognition events. Not seeing them actually makes hearing them much harder.

female evil is insolated. Evil protected. the dimensional woman

- there is so much time spent on fucking around with words and ideas! because I can't see someone. I can't see who is talking to me in the dimension.

months of sacrifice.



I just had an emotion that was in my stomach and fell into my chest, and it went high into my thought. And the emotion was sortof painful related to Mary Saimi, because they said she did not love me in a "do you love me check". This made me sad. And the feeling stuck to my chest. The god said "Clyde likes it". And they cut the emotion back a notch and then I only felt the emotion in my stomach. It was only a fraction of its original strength.

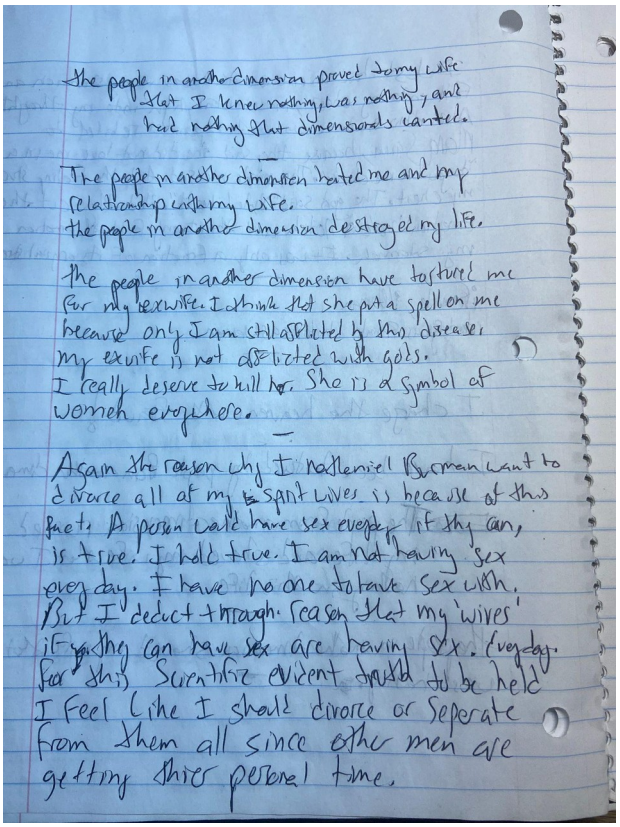
female, woman
identifies as female, identifies as woman

I charge the heavens with fraud!

I have been tortured by people from another dimension.

~~I am~~ The people from another dimension ruined my life and shaved my wife so that I was nothing in this life.

The people in another dimension shaved my wife so I was nothing.



The people in another dimension proved to my wife that I knew nothing, was nothing, and had nothing that dimensionals wanted.

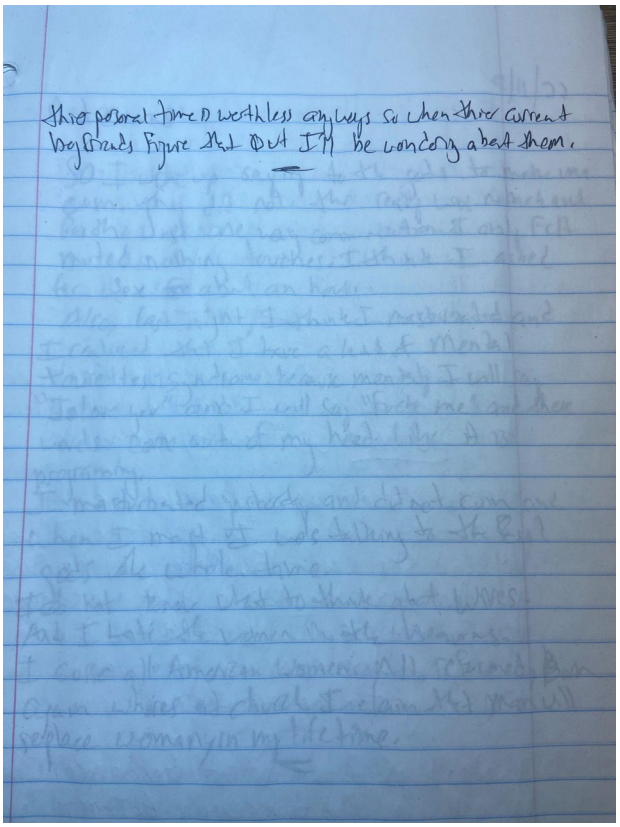
—

The people in another dimension hated me and my relationship with my wife.
the people in another dimension destroyed my life.

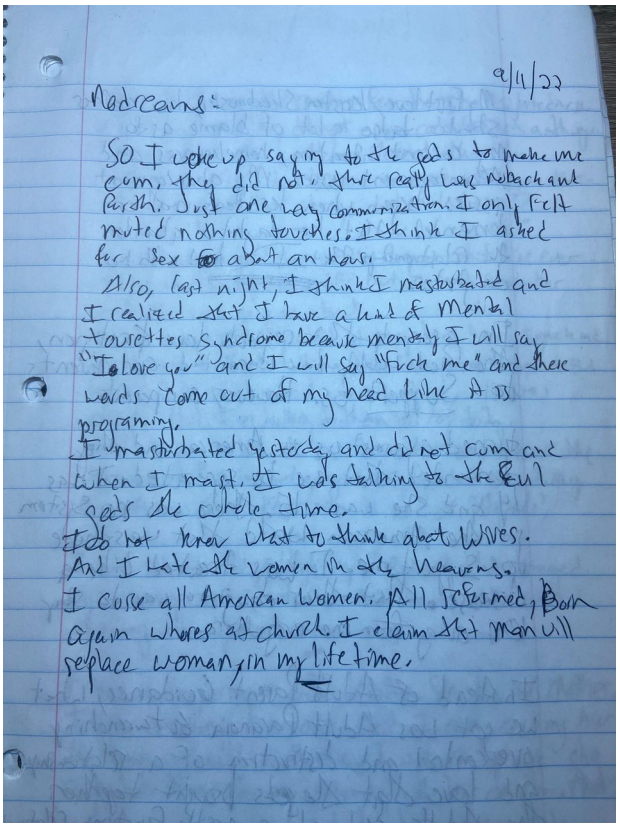
The people in another dimension have tortured me for my exwife. I think that she put a spell on me because only I am still afflicted by this disease. my exwife is not afflicted with gods.
I really deserve to kill her. She is a symbol of women everywhere.

—

Again the reason why I Nathaniel Burman want to divorce all of my 5 spirit wives is because of this fact: A person could have sex everyday if they can, is true. I hold true. I am not having sex everyday. I have no one to have sex with. But I deduct through reason that my 'wives' if they can have sex are having sex. Everyday. For this, Scientific evident truth to be held I Feel like I should divorce or Seperate from them all since other men are getting their personal time.



this personal time D worthless anyways so when their current boyfriends figure that OUT I'll be working about them.



9/11/22

Nodreams:

SO I woke up saying to the gods to make me cum. they did not. there really was no back and forth. Just one way communication. I only felt muted nothing touches. I think I asked for sex for about an hour.

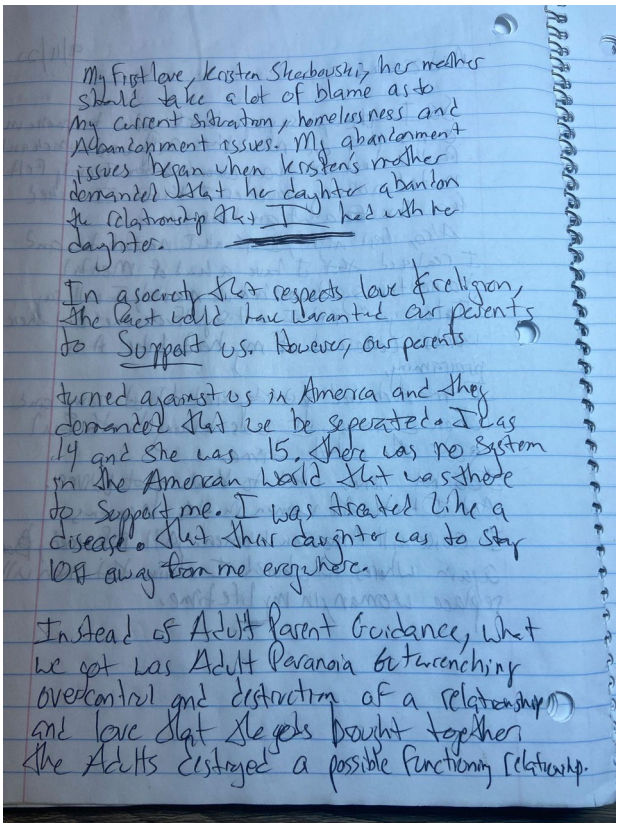
Also, last night, I think I masturbated and I realized that I have a kind of mental tourettes Syndrome because mentally I will say "I love you" and I will say "Fuck me" and these words come out of my head like it is programming.

I masturbated yesterday and did not cum and when I mast. I was talking to the evil gods the whole time.

I do not know what to think about wives.

And I hate the women in the heavens.

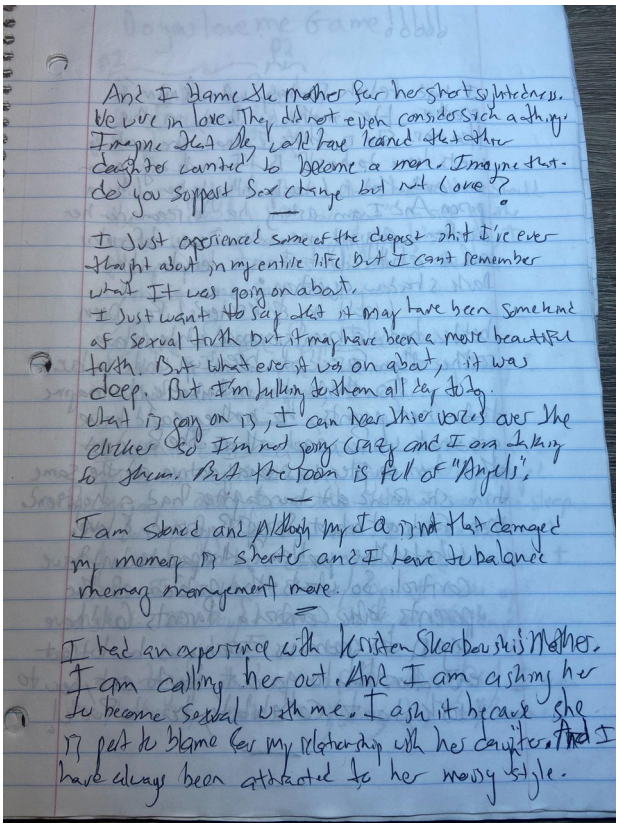
I curse all American women. All reformed, Born again whores at church. I claim that man will replace woman, in my lifetime.



My First love, Kristen Sherbouski, her mother should take a lot of blame as to my current situation, homelessness and Abandonment issues. My abandonment issues began when Kristen's mother demanded that her daughter abandon the relationship that I had with her daughter.

In a society that respects love & religion, the fact could have warranted our parents to support us. However, our parents turned against us in America and they demanded that we be seperated. I was 14 and she was 15. There was no system in the American world that was there to support me. I was treated like a disease. But their daughter was to stay off away from me everywhere.

Instead of Adult Parent Guidance, what we got was Adult Paranoia & turenching overcontrol and destruction of a relationship and love that people fought together. The Adults destroyed a possible functioning relationship.



And I blame the mother for her short sightedness. We live in love. They did not even consider such a thing. Imagine that she could have trained that other daughter wanted to become a man. Imagine that. do you support Sex change but not Love?

—

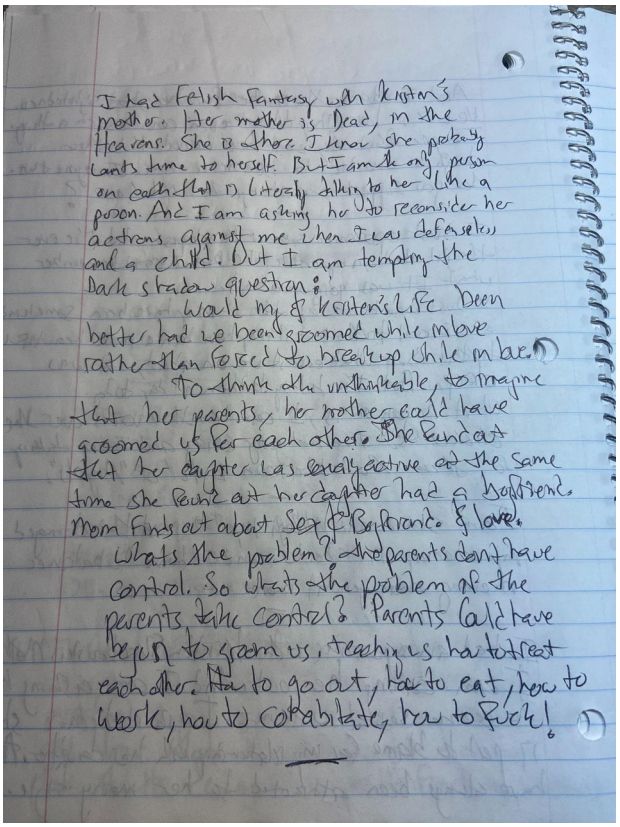
I just experienced some of the deepest shit I've ever thought about in my entire life but I can't remember what it was going on about.
I just want to say that it may have been something of sexual truth but it may have been a more beautiful truth. But whatever it was on about, it was deep. But I'm talking to them all day today.
What is going on is, I can hear their voices over the other so I'm not going crazy and I am talking to them. But the room is full of "Angels".

—

I am stoned and although my IQ is not that damaged my memory is shorter and I have to balance my memory management more.

—

I had an experience with Kristen Skarbousti's Mother. I am calling her out. And I am asking her to become sexual with me. I ask it because she is set to blame for my relationship with her daughter. And I have always been attracted to her mousy style.

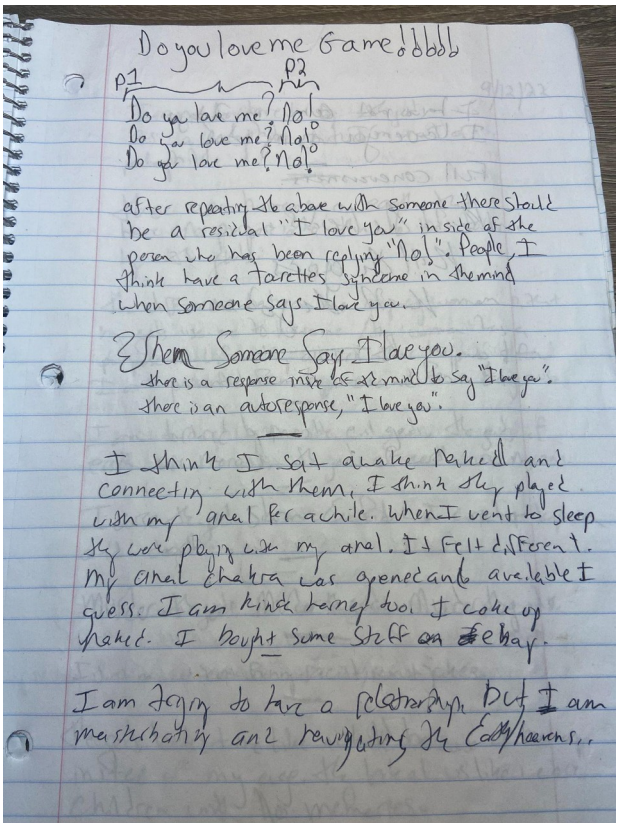


I had Fetish Fantasy with Kristen's mother. Her mother is Dead, in the Heavens. She is there I know she probably wants time to herself. But I am the only person on earth that is literally talking to her like a person. And I am asking her to reconsider her actions against me when I was defenseless and a child. But I am tempting the Dark Shadow question:

Would My & Kristen's Life Been better had we been groomed while in love rather than forced to breakup while in love.

To think the unthinkable, to imagine that her parents, her mother could have groomed us for each other. She found out that her daughter was sexually active at the same time she found out her daughter had a boyfriend. Mom finds out about Sex & Boyfriend. & love.

Whats the problem? The parents dont have control. So whats the problem of the parents, take control? Parents could have begun to groom us, teaching us how to treat each other. How to go out, how to eat, how to work, how to cohabitate, how to fuck!



Do you love me Game!!!!!!

P1 P2

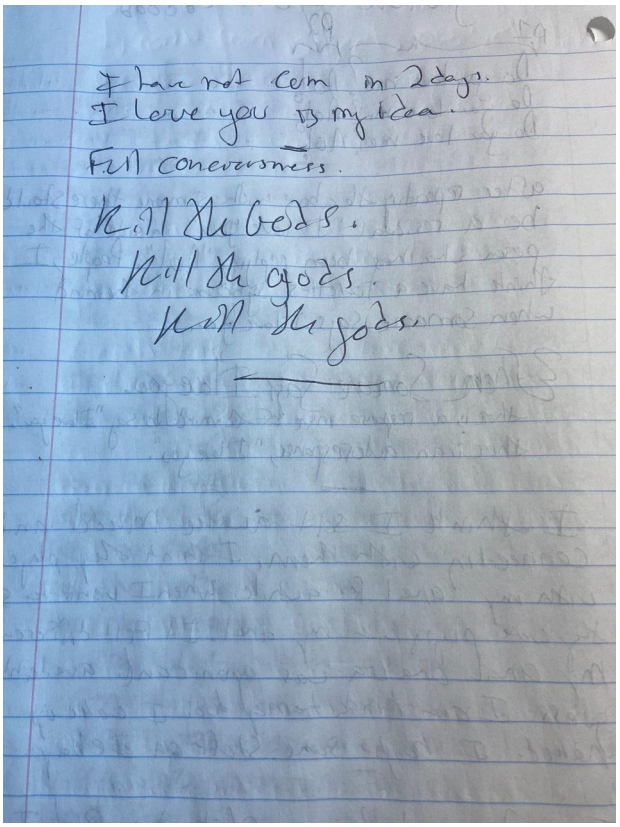
Do ya love me? No!
Do ya love me? No!
Do ya love me? No!

after repeating the above with someone there should be a residual "I love you" inside of the person who has been replying "No!". People, I think have a Tarettes Syndrome in the mind when someone says I love you.

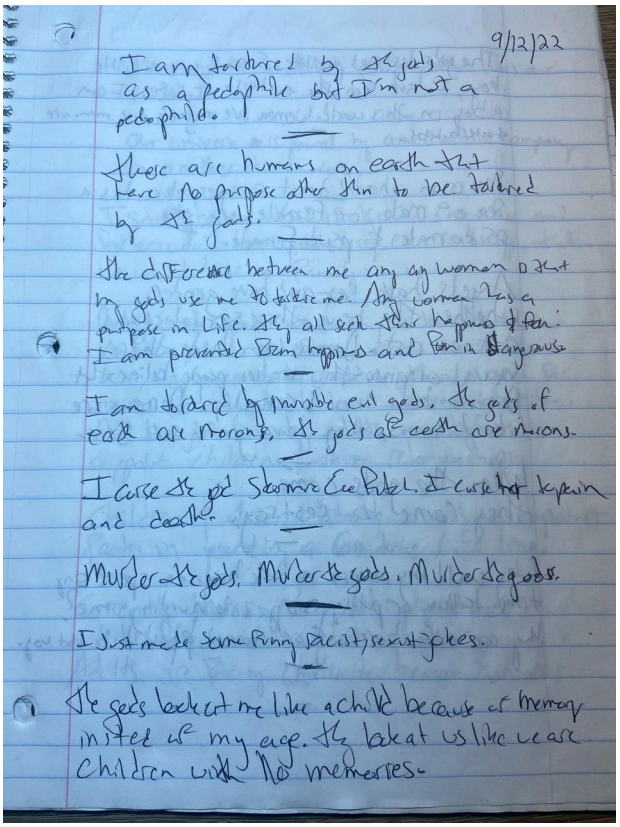
When Someone Says I love you.
there is a response inside of my mind to say "I love you".
there is an autoresponse, "I love you".

I think I sat awake naked and connecting with them. I think they played with my anal for awhile. When I went to sleep they were playing with my anal. It felt different. My anal chakra was opened and available I guess. I am kinda horney too. I woke up naked. I bought some stuff on ebay.

I am trying to have a relationship but I am masturbating and navigating the Cosmos..



I have not cum in 2days.
I love you its my idea.
Full consciousness.
Kill the Gods.
Kill the gods.
Kill the gods.



9/12/22

I am tortured by the gods as a pedophile but I'm not a pedophile.

There are humans on earth that have no purpose other than to be tortured by the gods.

The difference between me any any woman that the gods use me to torture me. Any woman has a purpose in life. They all seek their happiness & fun. I am prevented from happiness and fun in that cause.

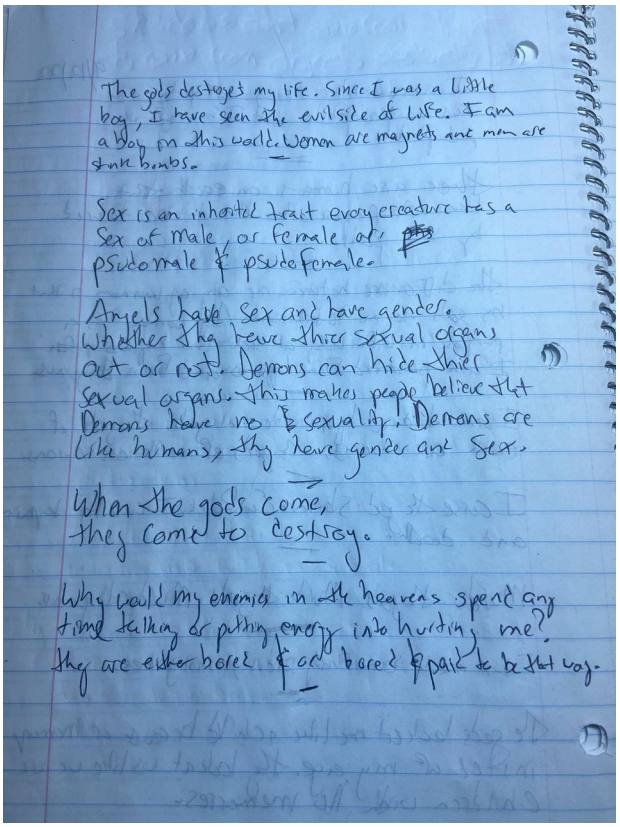
I am tortured by invisible evil gods. The gods of earth are morons. The gods of earth are morons.

I curse the god Stormve Ece Fitzel. I curse him to pain and death.

Murder the gods. Murder the gods. Murder the gods.

I just made some funny racist/sexist jokes.

The gods look at me like a child because of memory instead of my age. They look at us like we are children with no memories.



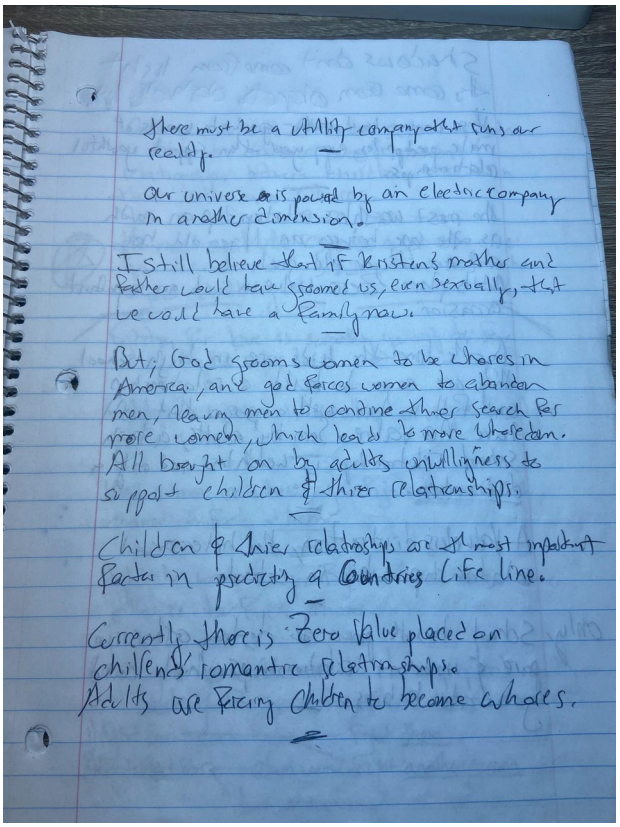
The gods destroyes my life. Since I was a little boy, I have seen the evil side of life. I am a boy on this world. Woman are magnets and men are time bombs.

Sex is an inherited trait every creature has a Sex of male, or female of, pseudo male & pseudo female.

Angels have sex and have gender. Whether they have thier sexual organs out or not. Demons can hide thier sexual organs. This makes people believe that Demons have no sexuality. Demons are like humans, they have gender and Sex.

When the gods come, they come to destroy.

Why would my enemies in the heavens spend any time talking or putting energy into hurting me? They are either bored & or bored & paid to be that way.



there must be a utility company that runs our reality.

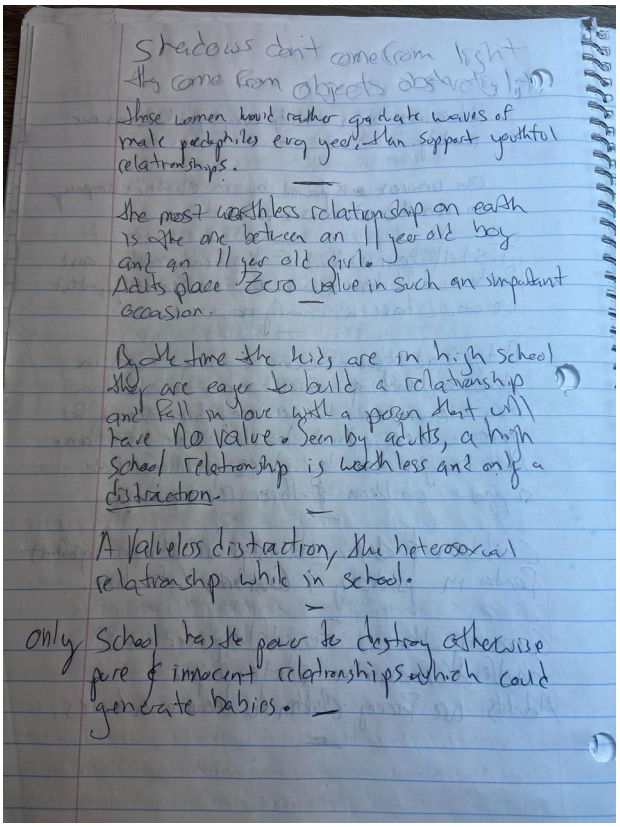
our universe is powered by an electric company in another dimension.

I still believe that if Kristen's mother and father could have groomed us, even sexually, that we could have a family now.

But, God grooms women to be whores in America, and god forces women to abandon men, leaving men to continue their search for more women, which leads to more whoredom. All brought on by adults unwillingness to support children & their relationships.

Children & their relationships are the most important factor in predicting a Countries Life line.

Currently there is Zero Value placed on children's romantic relationships.
Adults are forcing Children to become whores.



Shadows don't come from light
they come from objects obstructing light

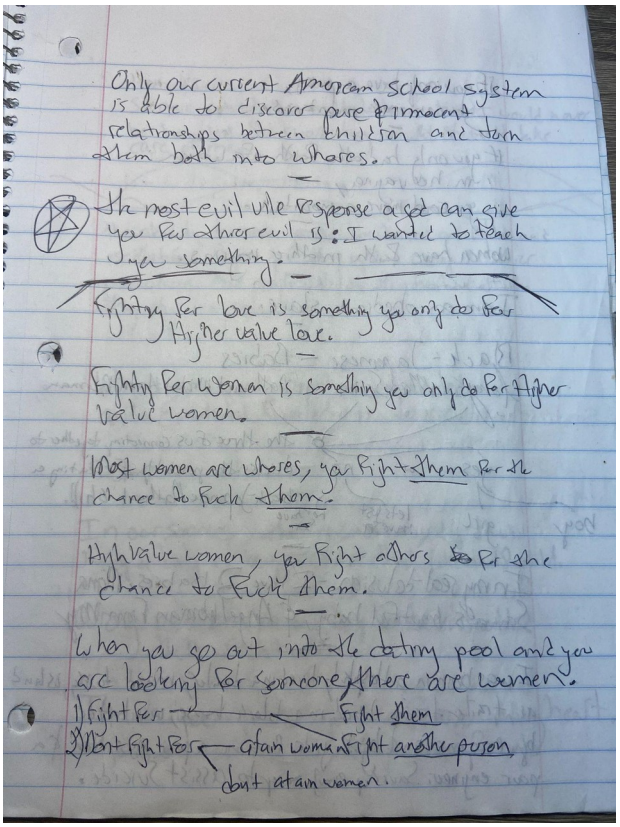
Those women would rather graduate waves of male pedophiles every year, than support youthful relationships.

The most worthless relationship on earth is the one between an 11 year old boy and an 11 year old girl.
Adults place Zero value in such an important occasion.

By the time the kids are in high school they are eager to build a relationship and fall in love with a person that will have no value. Seen by adults, a high school relationship is worthless and only a distraction.

A valueless distraction, the heterosexual relationship while in school.

Only School has the power to destroy otherwise pure & innocent relationships which could generate babies.



Only our current American school system is able to discover pure & innocent relationships between children and turn them both into whores.

The most evil vile response a girl can give you for other evil is: I wanted to teach you something.

Fighting for love is something you only do for higher value love.

Fighting for women is something you only do for higher value women.

Most women are whores, you fight them for the chance to fuck them.

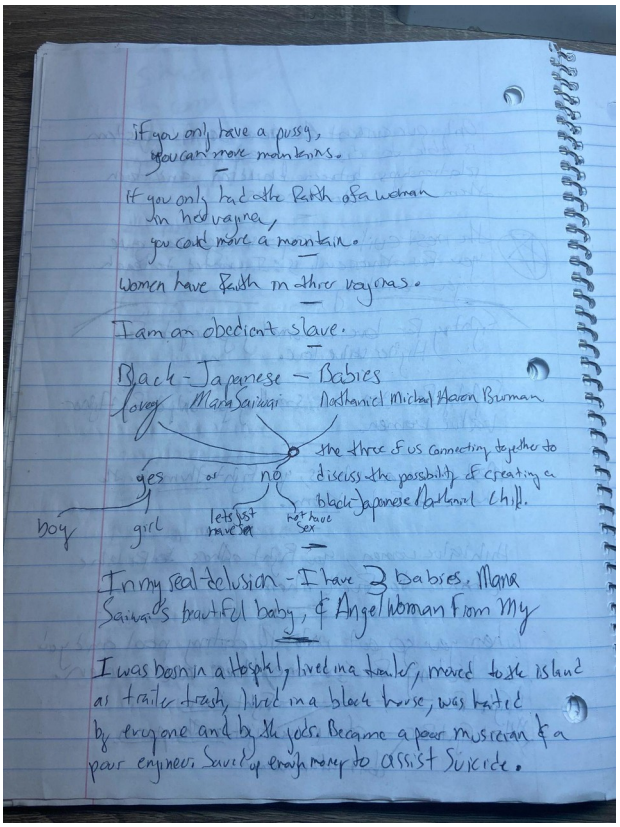
High value women, you fight others for the chance to fuck them.

When you go out into the dating pool and you are looking for someone, there are women.

1) Fight for — Fight them

2) Don't fight for — obtain woman / fight another person

don't obtain women.



if you only have a pussy,
you can't move mountains.

If you only had the Faith of a woman
in her vagina,
you could move a mountain.

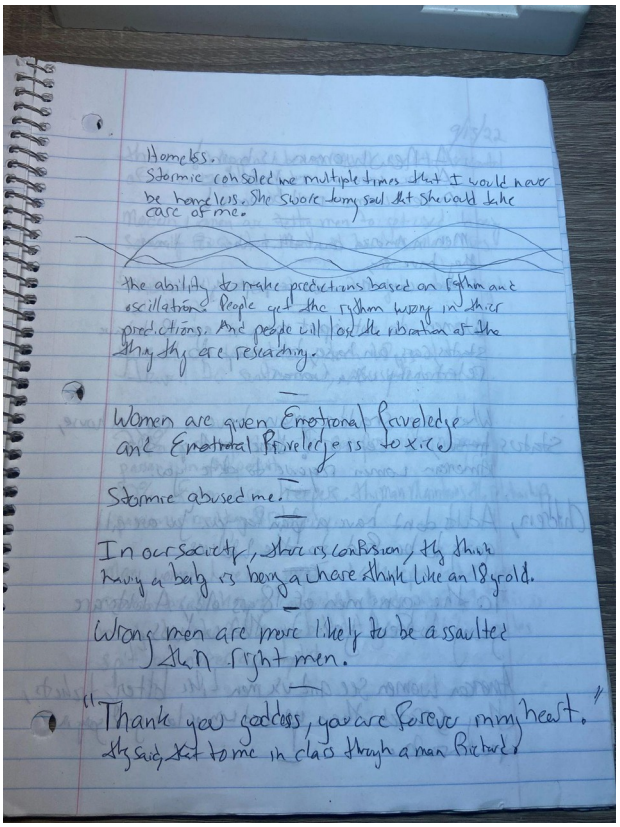
Women have Faith in their vaginas.

I am an obedient slave.

Black-Japanese-Babies
Mark Saiyuri Nathaniel Michael Haven Burman
the three of us connecting together to discuss the possibility of creating a black-Japanese Nathaniel child.
yes or no
boy girl lets just have sex not have sex

In my real-delusion - I have 2 babies. Mama Saiyuri's beautiful baby, & Angel Woman From My

I was born in a hospital, lived in a trailer, moved to the island as trailer trash, lived in a black house, was hated by everyone and by the gods. Became a poor musician & a poor engineer. Saved up enough money to assist Suicide.



Homeless.
Stormie consoled me multiple times that I would never be homeless. She swore to my soul that she would take care of me.

the ability to make predictions based on rhythm and oscillations. People get the rhythm wrong in their predictions. And people will lose the vibration of the thing they are researching.

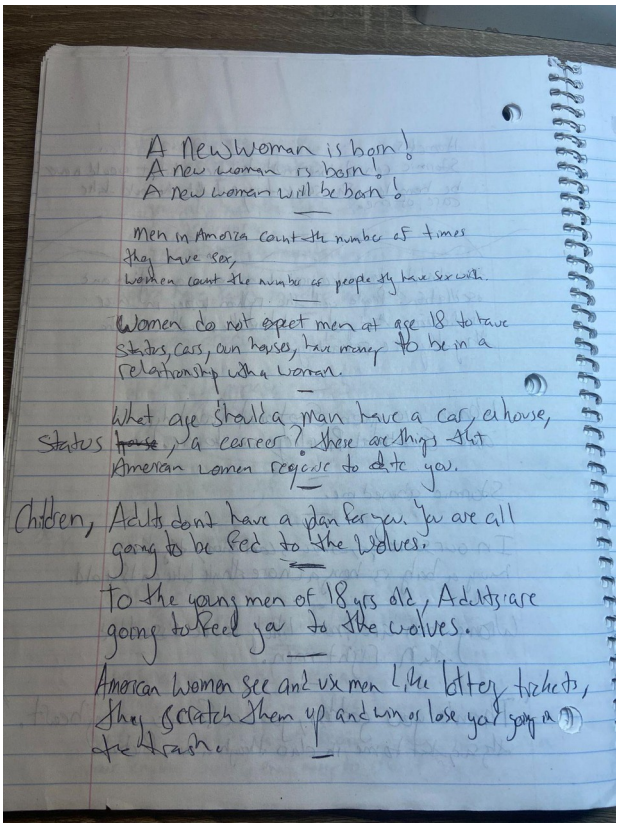
Women are given Emotional Privelege and Emotional Privelege is toxic.

Stormie abused me.

In our society, there is confusion, they think having a baby is being a whore think like an 18 year old.

Wrong men are more likely to be assaulted than right men.

"Thank you goddess, you are forever my heart." He said that to me in class through a man Richard.



A New Woman is born!
A new woman is born!
A new woman will be born!

Men in America count the number of times they have sex,
Women count the number of people they have sex with.

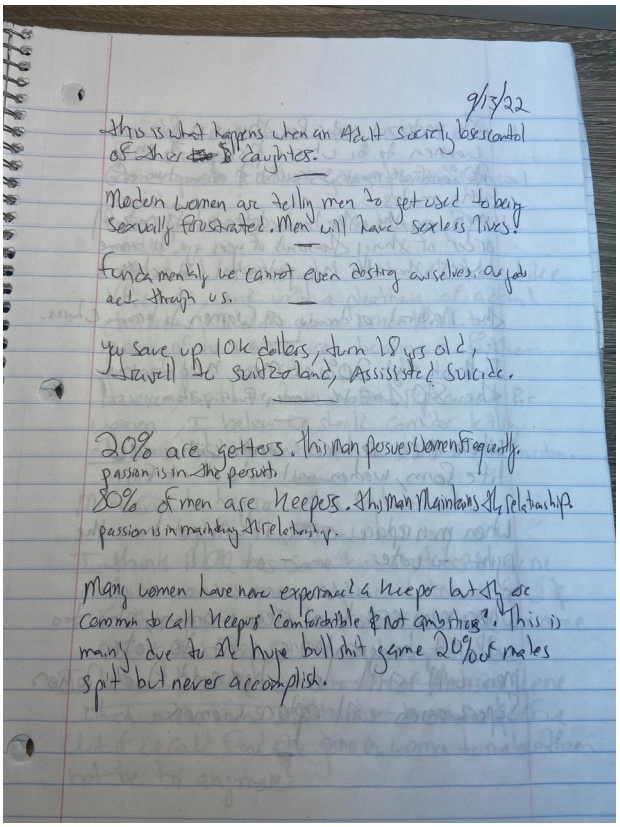
Women do not expect men at age 18 to have status, cars, own houses, have money, to be in a relationship with a woman.

What age should a man have a car, a house, status, a career? These are things that American women require to date you.

Children, Adults dont have a plan for you. You are all going to be fed to the wolves.

To the young men of 18 yrs old, Adults are going to feed ya to the wolves.

American women see and use men like lottery tickets, they scratch them up and win or lose ya' going in the trash.



9/5/22

This is what happens when an adult society loses control of their ~~the~~ daughters.

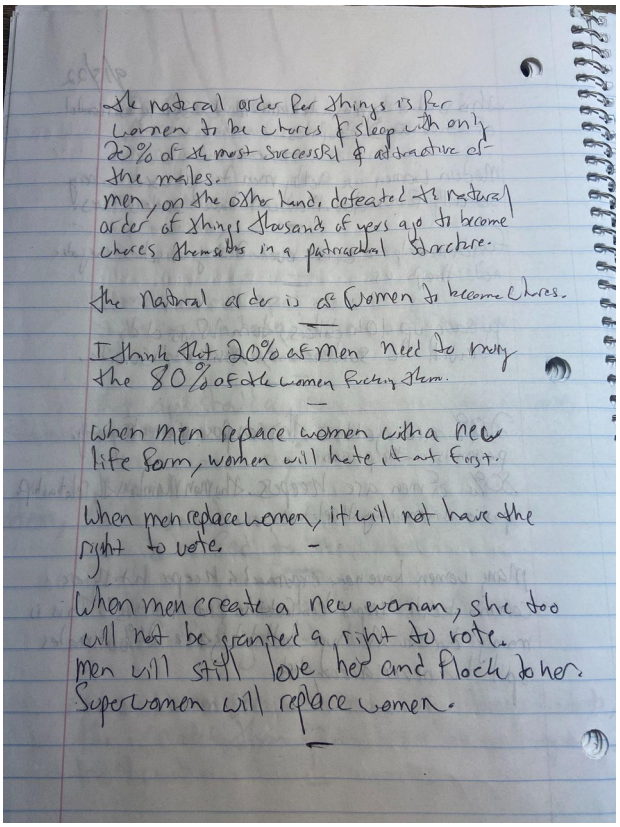
Modern women are telling men to get used to being sexually frustrated. Men will have sexless lives!

Fundamentally we cannot even destroy ourselves. As gods act through us.

Ya save up 10k dollars, turn 18 yrs old, travell to Switzerland, Assisisted Suicide.

20% are getters. This man pesues women frequently. passion is in the persuit.
80% of men are keepers. This man Maintains the relationship. passion is in maintaing the relationship.

Many women have had experienced a keeper but they are common to call keepers 'comfortible & not ambitious'. This is mainly due to the huge bullshit game 20% of males spit but never accomplish.



the natural order for things is for women to be whores & sleep with only 20% of the most successful & attractive of the males.
men, on the other hand, defeated the natural order of things thousands of years ago to become whores themselves in a patriarchal structure.

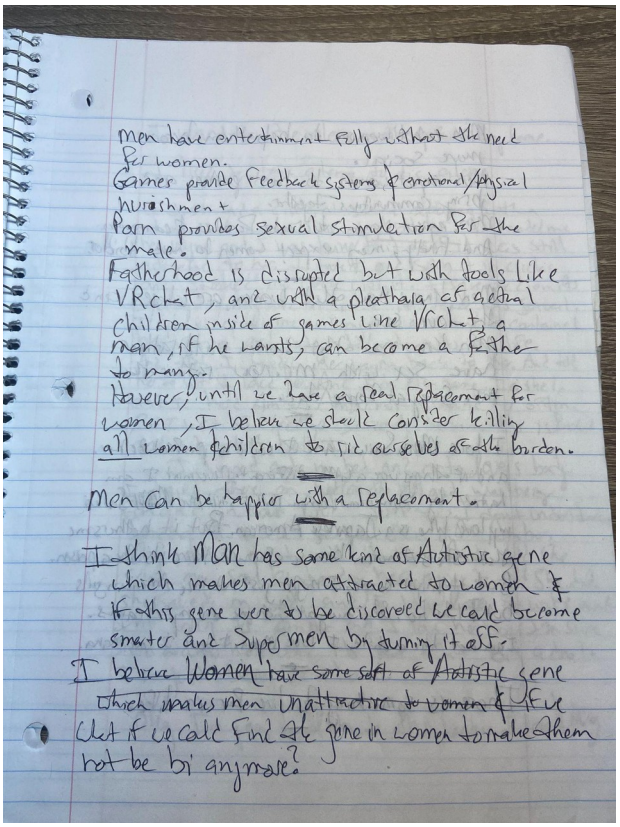
the natural order is for women to become whores.

I think that 20% of men need to marry the 80% of the women fucking them.

when men replace women with a new life form, women will hate it at first.

when men replace women, it will not have the right to vote.

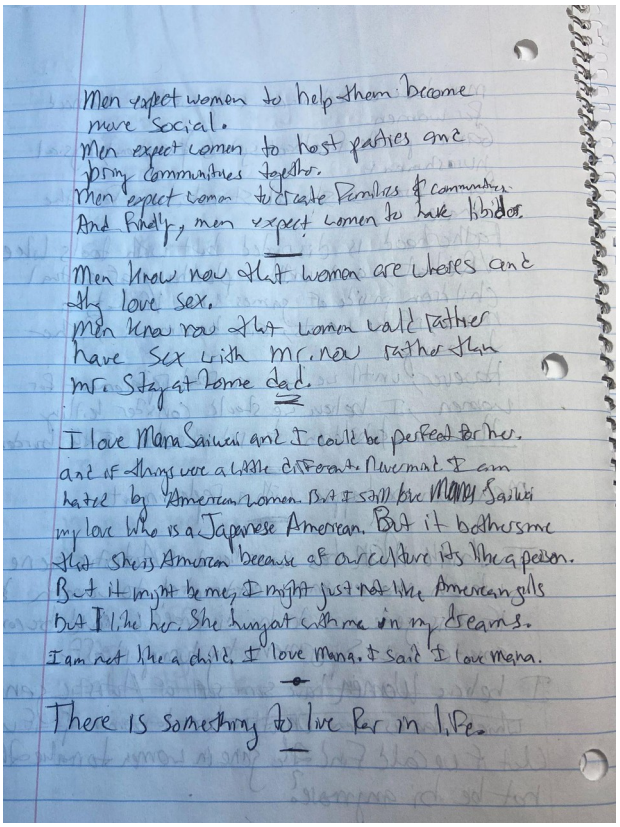
when men create a new woman, she too will not be granted a right to vote.
men will still love her and flock to her.
Superwomen will replace women.



men have entertainment fully without the need for women.
Games provide feedback systems & emotional/physical nurishment
Porn provides sexual stimulation for the male.
Fatherhood is disrupted but with tools like VRchat, and with a plethora of actual children inside of games like VRchat, a man, if he wants, can become a father to many.
However, until we have a real replacement for women, I believe we should consider killing all women & children to rid ourselves of the burden.

Men can be happier with a replacement.

I think Man has some kind of Autistic gene which makes men attracted to women & if this gene were to be discovered we could become smarter and Supermen by turning it off.
I believe ~~Women have some sort of Autistic gene which makes men unattractive to women & if~~ we could find the gene in women to make them not be bi anymore.

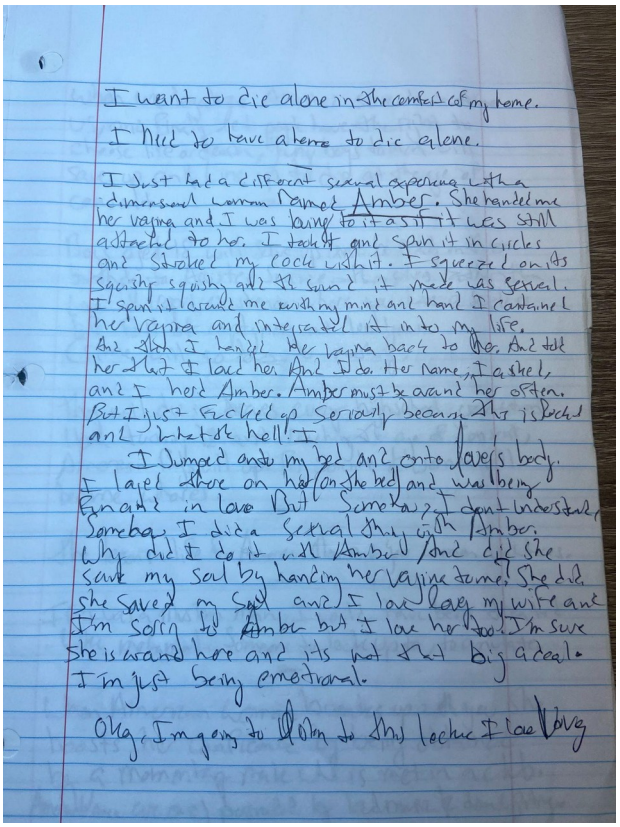


Men expect women to help them become more social.
Men expect women to host parties and bring communities together.
Men expect women to create families & communities.
And finally, men expect women to have libidos.

Men know now that women are whores and they love sex.
Men know now that women would rather have sex with Mr. now rather than Mr. Stay at home dad.

I love Mana Saiuchi and I could be perfect for her. and of things were a little different. Nuremat I am hated by American women. But I still love Mana Saiuchi my love who is a Japanese American. But it bothers me that she is American because of our culture its like a person. But it might be me, I might just not like American girls but I like her. She hugged with me in my dreams. I am not like a child. I love Mana. I said I love Mana.

There is something to live for in life.



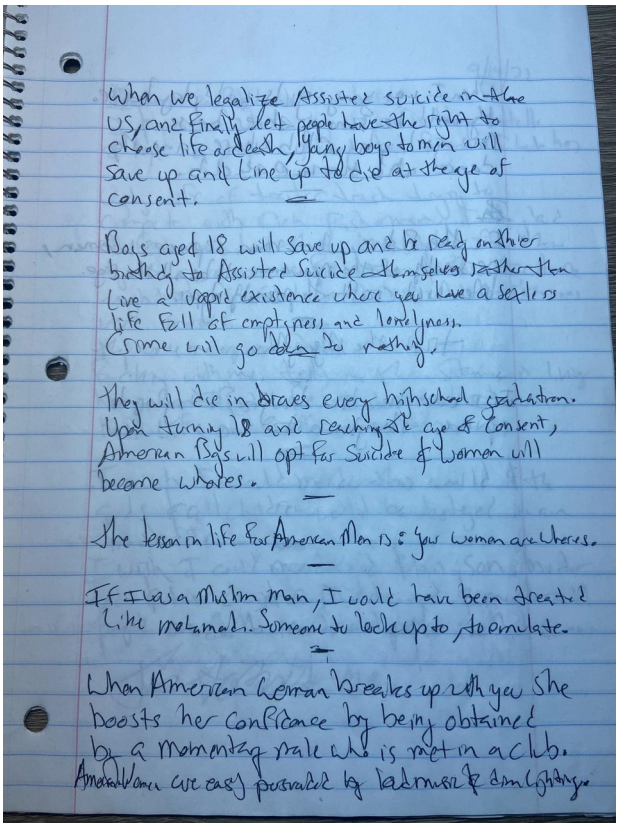
I want to die alone in the comfort of my home.

I need to have a home to die alone.

I just had a different sexual experience with a
dimensional woman named Amber. She handed me
her vagina and I was living it as if it was still
attached to her. I took it and spun it in circles
and stroked my cock with it. I squeezed on its
squishy squishy and the sound it made was sexual.
I spun it around me with my mind and hand I captured
her vagina and integrated it into my life.
And then I handed her vagina back to her. And told
her that I loved her. And I do. Her name, I asked,
and I hear Amber. Amber must be around her often.
But I just fucked up seriously because this is fucked
and I hate it hell. I

I Jumped onto my bed and onto Layer's body.
I layed there on her on the bed and was being
Romantic in love But Somehow, I don't understand,
Somehow, I did a Sexual thing with Amber.
Why did I do it with Amber and did she
save my soul by handing her vagina to me? She did.
She saved my Soul and I love Layer my wife and
I'm sorry to Amber but I love her too. I'm sure
She is around here and it's not that big a deal.
I'm just being emotional.

Okay, I'm going to Work to this lecture I love Layer



When we legalize Assisted suicide in the US, and finally let people have the right to choose life or death, young boys to men will save up and line up to die at the age of consent.

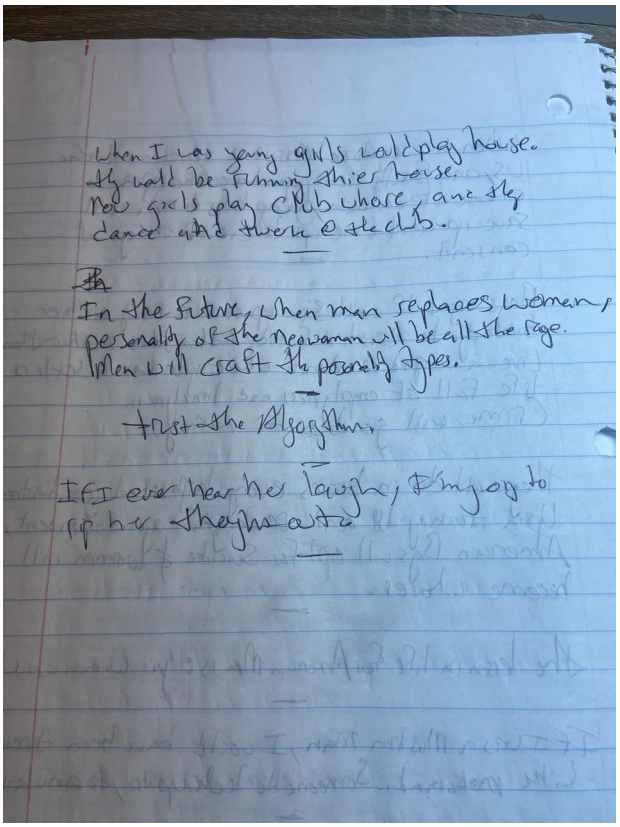
Boys aged 18 will save up and be ready on their birthday to Assisted Suicide themselves rather than live a vapid existence where you have a sexless life full of emptyness and lonelyness. Crime will go down to nothing.

They will die in droves every highschool graduation. Upon turning 18 and reaching the age of consent, American Boys will opt for Suicide & Woman will become whores.

The lesson in life for American Men is: Your women are thieves.

If I was a Muslim man, I could have been treated like molamed. Someone to look up to, to emulate.

When American Woman breaks up with you She boosts her confidance by being obtained by a momentary male who is met in a club. AmericanWomen are easy persuaded by loud music & dim lighting.

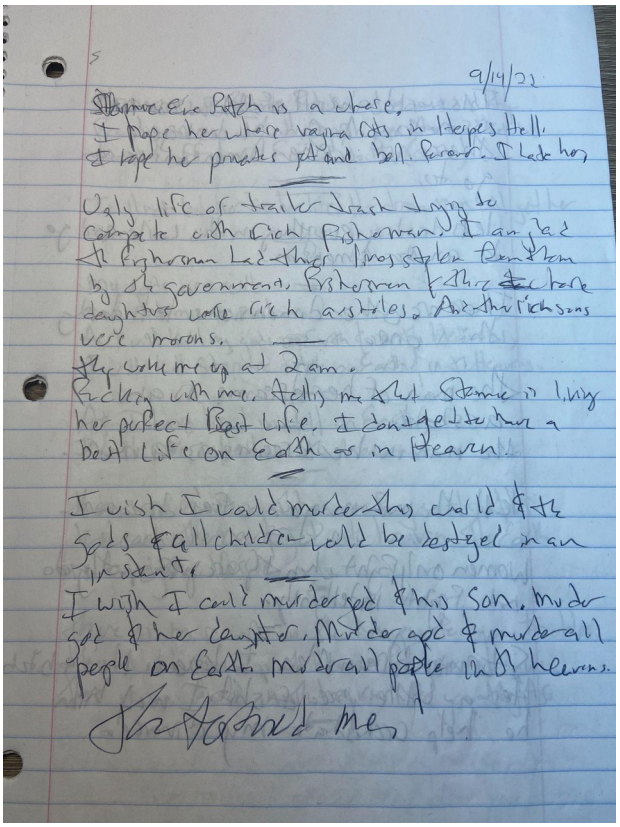


When I was young girls called play house.
They would be running their house.
Now girls play Club whore, and they
dance at there the club.

~~Th~~
In the future, when man replaces women,
personality of the new woman will be all the rage.
Men will craft the personality types.

trust the Algorithm.

If I ever hear her laugh, I'm going to
rip her thighs out.



9/14/22

Stormie Erie Patch is a whore.
I hope her whore vagina rots in Herpes Hell.
I hope he privates get and ball Parasites. I hate her.

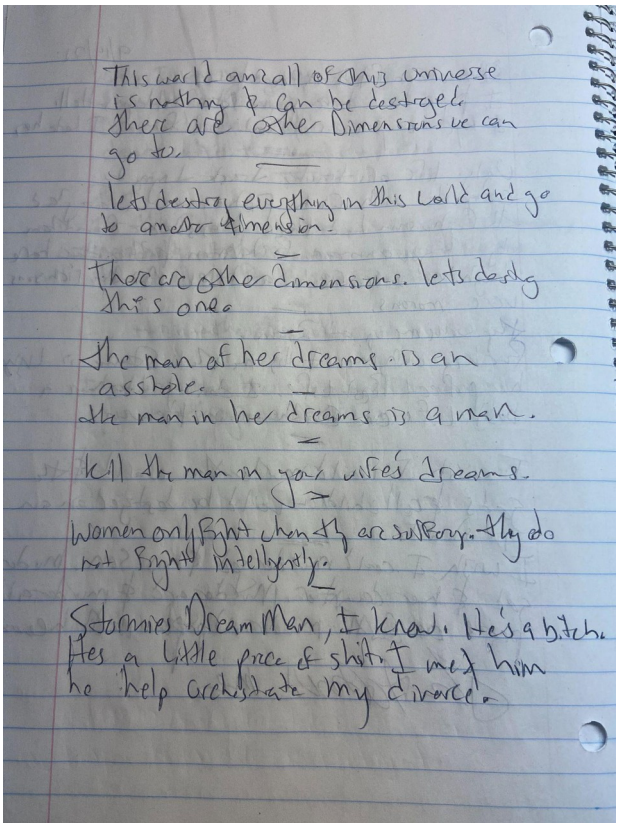
Ugly life of trailer trash trying to compete with rich fishermen. I am glad the fisherman had things stolen from them by the government. Fishermen [illegible] daughters were rich assholes. And their sons were morons.

They woke me up at 2 am.
Fucking with me. Telling me that Stormie is living her perfect Best Life. I don't get to have a best life on Earth as in Heaven.

I wish I could murder this world & the gods & all children would be destroyed in an instant.

I wish I could murder god & his son. Murder God & her daughter. Murder god & murder all people on Earth. Murder all people in all heavens.

Thanks me.



This world and all of this universe is nothing & can be destroyed. There are other Dimensions we can go to.

lets destroy everything in this world and go to another dimension.

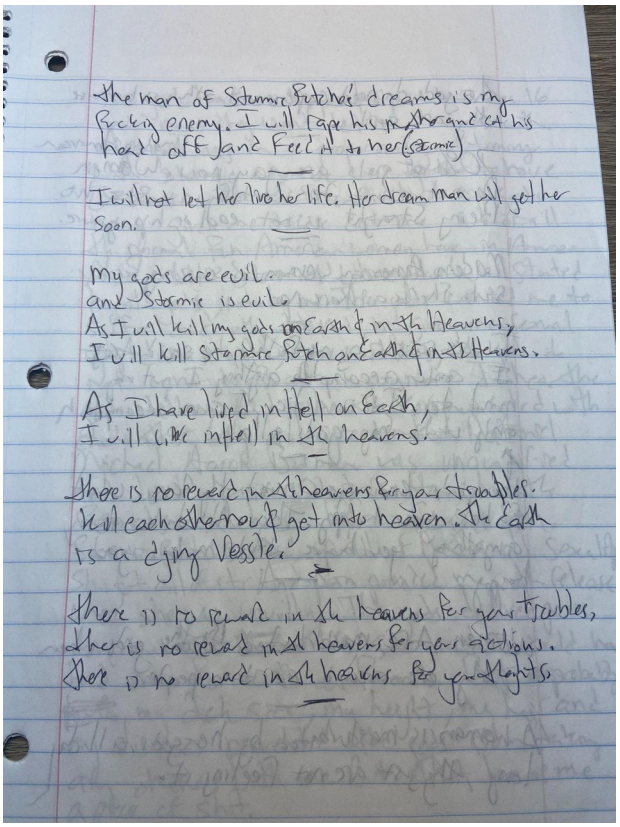
There are other dimensions. lets destroy this one.

the man of her dreams is an asshole.
the man in her dreams is a man.

kill the man in your wife's dreams.

Women only fight when they are suffering. They do not fight intelligently.

Stormies Dream Man, I know. He's a bitch. He's a little piece of shit. I met him he help orchestrate my divorce.



the man of Stormie Fitche's dreams is my fucking enemy. I will rape his mother and eat his heart off and Feed it to her (Stormie)

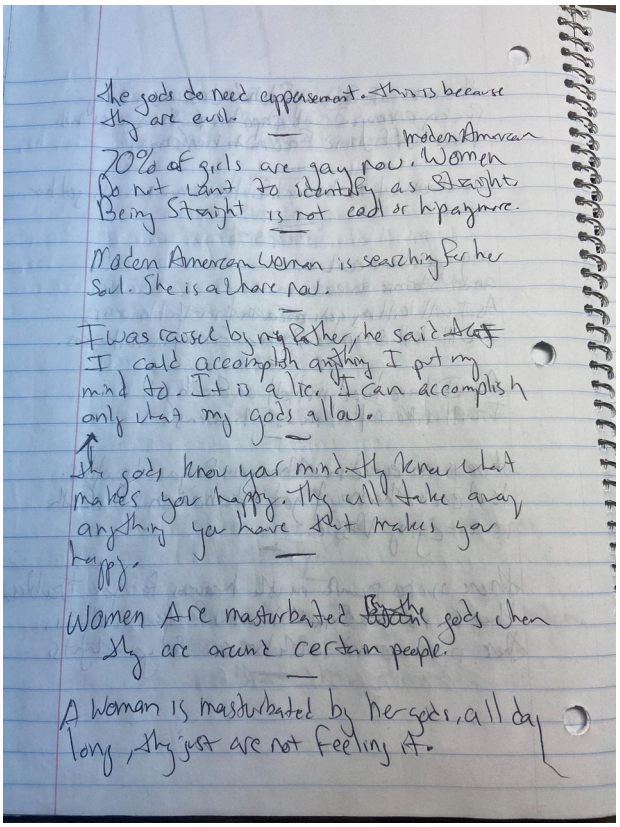
I will not let her live her life. Her dream man will get her soon.

my gods are evil.
and Stormie is evil.
As I will kill my gods on Earth & in th Heavens,
I will kill Stormie Fitch on Earth & in th Heavens.

As I have lived in Hell on Earth,
I will live in Hell in th heavens.

there is no reward in th heavens for your troubles.
kill each other now & get into heaven. The Earth
is a dying Vessle.

there is no reward in th heavens for your troubles,
there is no reward in th heavens for your actions.
there is no reward in th heavens for your thoughts.



The gods do need appeasement. This is because they are evil.

—

70% of girls are gay now. Modern American Women do not want to identify as Straight. Being Straight is not cool or hip anymore.

—

Modern American Woman is searching for her soul. She is a whore now.

—

I was raised by my Father, he said I could accomplish anything I put my mind to. It is a lie. I can accomplish only what my gods allow.

—

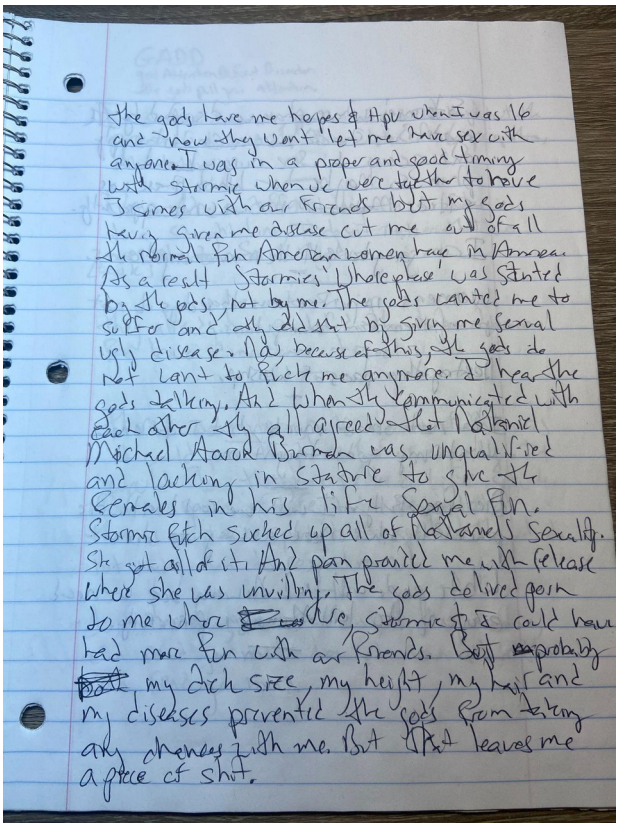
The gods know your mind. They know what makes you happy. They will take away anything you have that makes you happy.

—

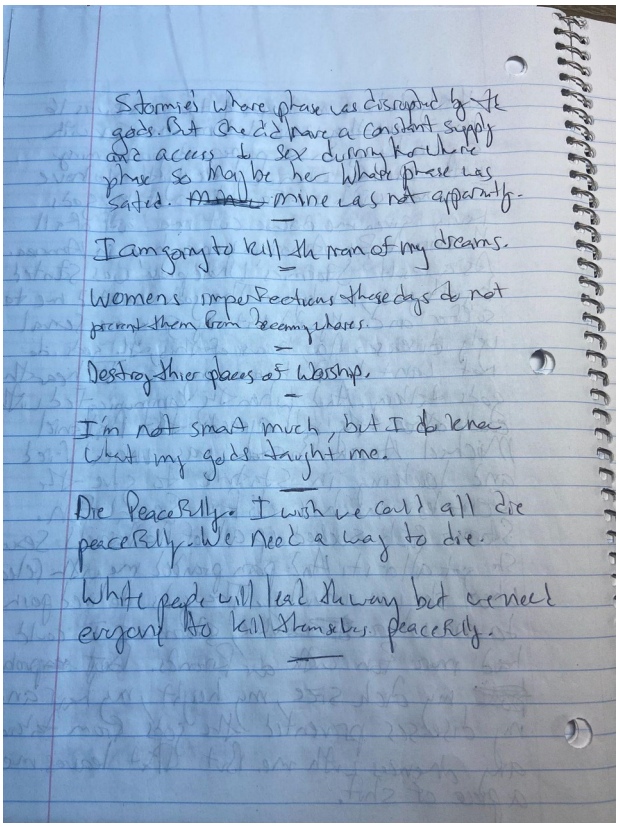
Women Are masturbated by the gods when they are around certain people.

—

A woman is masturbated by her gods, all day long, they just are not feeling it.



the gods have me hopes & Hpe when I was 16 and now they wont let me have sex with anyone. I was in a proper and good timing with stormie when we were set the to have 3 times with our friends but my gods having given me disease cut me out of all the normal fun American women have in America. As a result Stormies wholeplease was stunted by the gods, not by me. The gods wanted me to suffer and all did not by giving me sexual ugly disease. Na, because of this, the gods do not want to fuck me anymore. I hear the gods talking. And when they communicated with each other they all agreed that Nathaniel Michael Aaron Brenda was unqualified and lacking in stature to give the females in his life Sexual Fun. Stormie bitch sucked up all of Nathaniels sexuality. She got all of it. And pan provide me with release where she was unwilling. The gods delivered porn to me where we, stormie & I could have had more fun with our friends. But probably my dick size, my height, my hair and my diseases prevented the gods from taking any chances with me. But that leaves me a piece of shit.



Stormie's whore phase was disrupted by the gods. But she did have a constant supply and access to sex during her whore phase so maybe her whore phase was sated. ~~Maybe~~ mine was not apparently.

I am going to kill the man of my dreams.

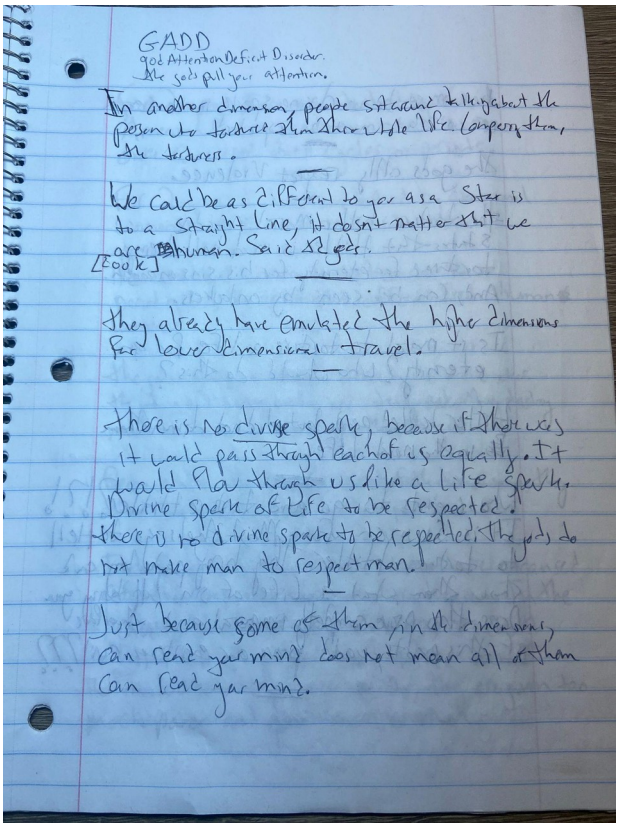
Womens imperfections these days do not prevent them from becoming whores.

Destroy their places of worship.

I'm not smart much, but I do know what my gods taught me.

Die Peacefully. I wish we could all die peacefully. We need a way to die.

White people will lead the way but we need everyone to kill themselves peacefully.



GADD
God Attention Deficit Disorder.
The gods pull your attention.

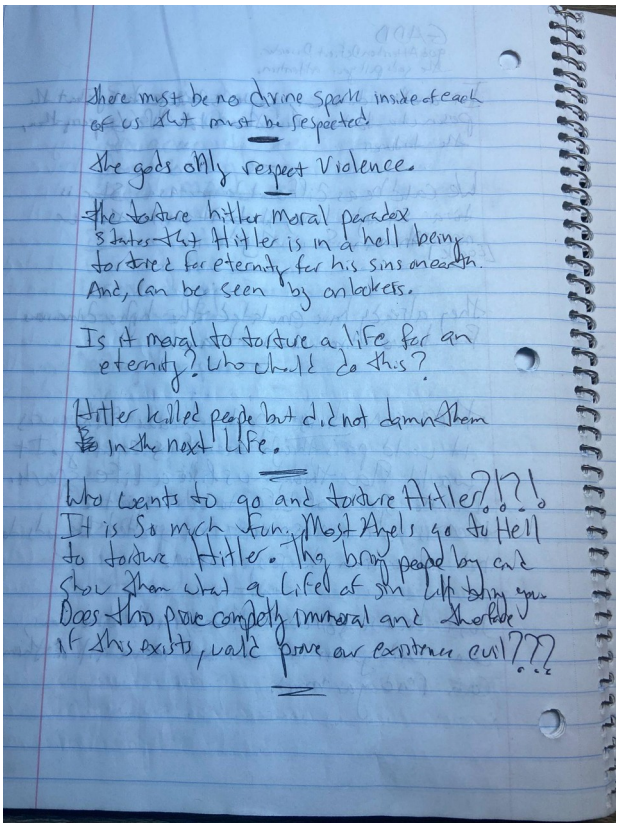
In another dimension, people sit around talking about the person who tortured them their whole life. Compare them, the torturers.

We could be as different to you as a Star is to a Straight Line, it doesn't matter that we are human. Said [illegible] gods.
[Look]

They already have emulated the higher dimensions for lower dimensional travel.

There is no divine spark, because if there was it could pass through each of us equally. It would flow through us like a life spark. Divine spark of life to be respected. There is no divine spark to be respected. The gods do not make man to respect man.

Just because some of them, in the dimensions, can read your mind does not mean all of them can read your mind.



There must be no divine spark inside of each of us that must be respected.

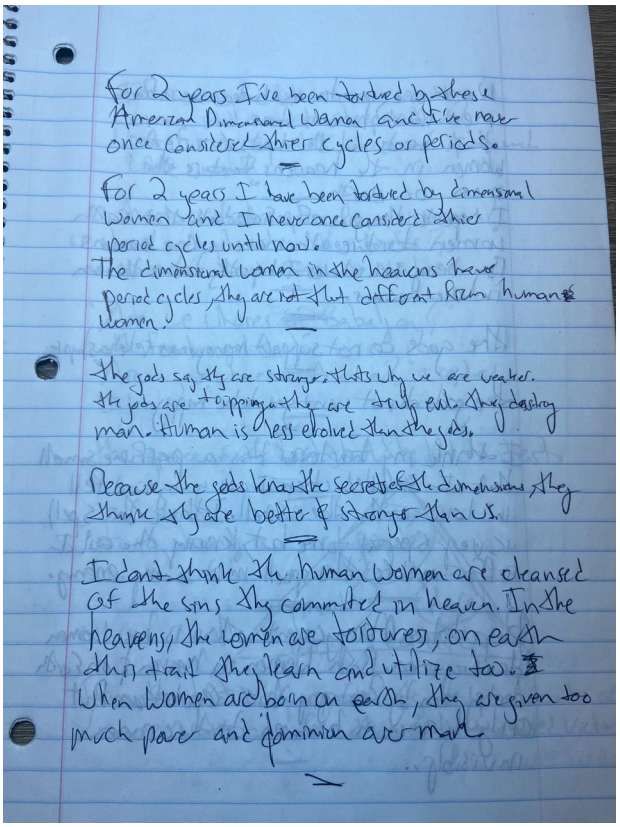
The gods only respect Violence.

The torture hitler moral paradox states that Hitler is in a hell being tortured for eternity for his sins on earth. And, can be seen by onlookers.

Is it moral to torture a life for an eternity? Who should do this?

Hitler killed people but did not damn them in the next life.

Who wants to go and torture Hitler?!?! It is so much fun. Most Angels go to Hell to torture Hitler. The, bring people by and show them what a life of sin will bring you. Does this prove completly immoral and therfore if this exists, could prove our existence evil???



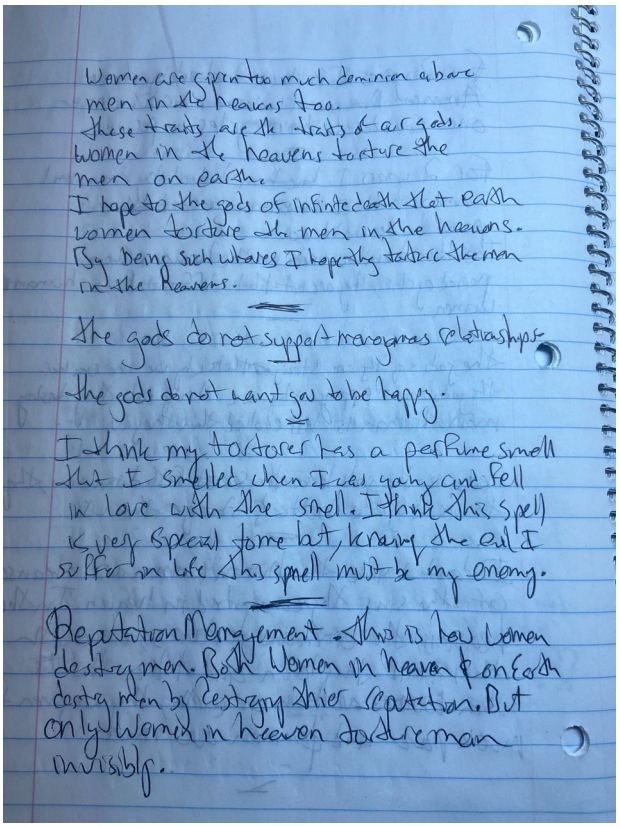
for 2 years I've been tortured by these
Amerzan Dimensional Woman and I've never
once Considered their cycles or periods.

for 2 years I have been tortured by dimensional
women and I never once considered their
period cycles until now.
The dimensional women in the heavens have
period cycles, they are not that different from human
women.

The gods say they are stronger. That's why we are weaker.
The gods are tripping, they are truly evil. They destroy
man. Human is less evolved than the gods.

Because the gods know the secrets of the dimensions, they
think they are better & stronger than us.

I don't think the human women are cleansed
of the sins they commited in heaven. In the
heavens, the women are torturers, on earth
this trait they learn and utilize too.
When women are born on earth, they are given too
much power and dominion over man.



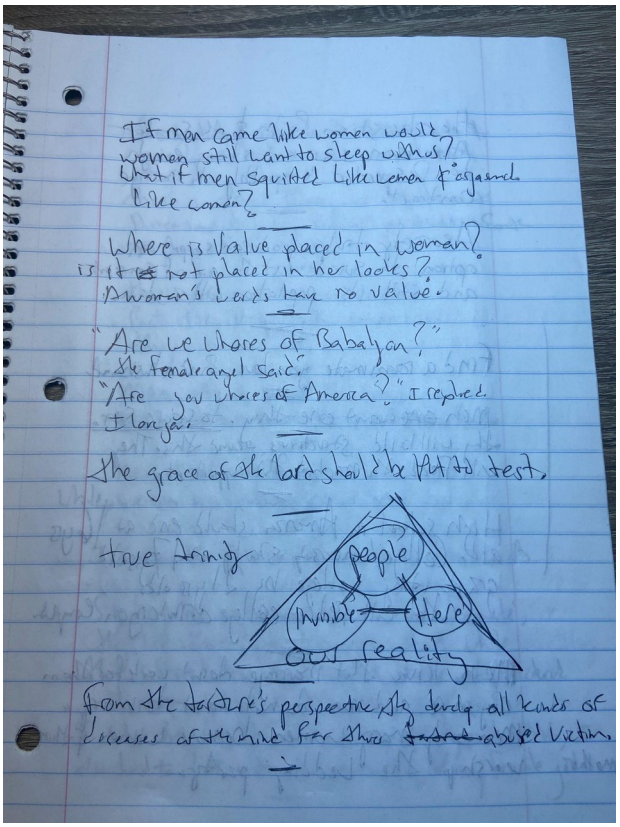
Women are given too much dominion above men in the heavens too.
These traits are the traits of our gods.
Women in the heavens torture the men on earth.
I hope to the gods of infinite death that earth women torture the men in the heavens.
By being such whores I hope they torture the men in the heavens.

The gods do not support homogenous relationships.

The gods do not want you to be happy.

I think my torturer has a perfume smell that I smelled when I was young and fell in love with the smell. I think this spell is very special to me but, knowing the evil I suffer in life this spell must be my enemy.

Reputation Management. This is how women destroy men. Both women in heaven & on Earth destroy men by destroying their reputation. But only women in heaven torture men invisibly.



If men came like women would women still want to sleep with us? What if men squirted like women ejaculate like women?

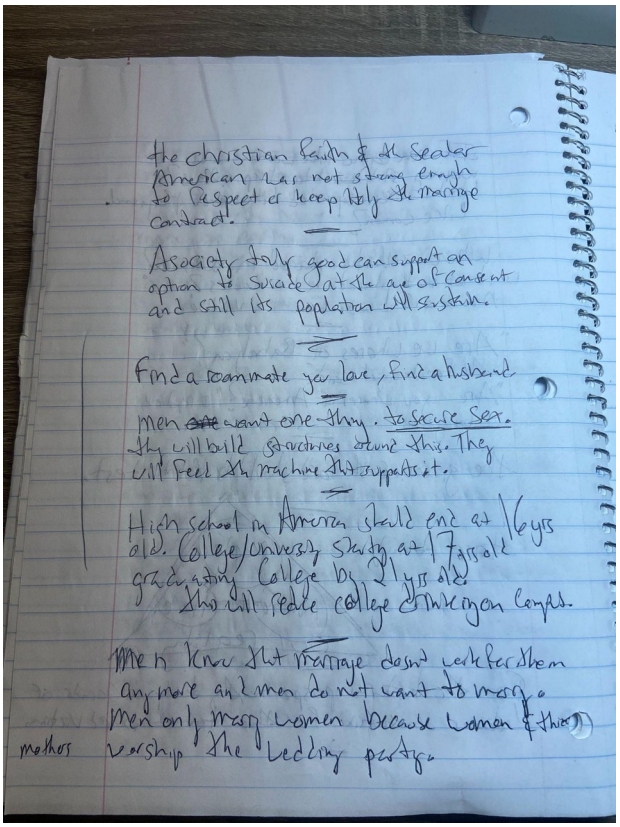
Where is value placed in women? Is it ~~is~~ not placed in her looks? Women's Lords have no value.

"Are we whores of Babalyon?" the female angel said. "Are you whores of America?" I replied. I longer.

The grace of the lord shall be put to test.

true trinity

from the torturer's perspective they develop all kinds of excuses of training for their ~~torture~~ abused victim.



the christian faith & the secular American has not strong enough to respect & keep Holy the marriage contract.

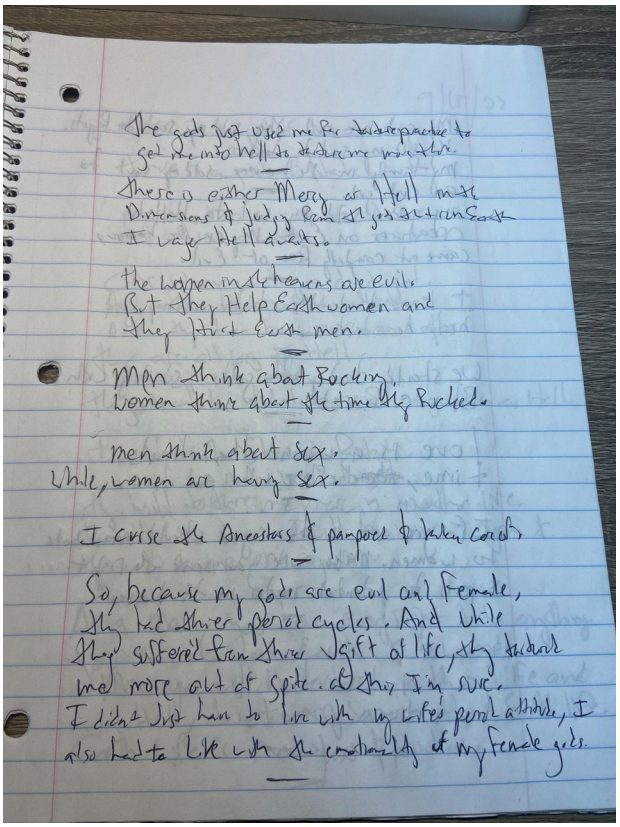
A society truly good can support an option to suicide at the age of consent and still its population will sustain.

Find a roommate you love, find a husband

men ~~are~~ want one thing. to secure Ser. they will build structures around this. They will feel the machine that supports it.

High school in America should end at 16 yrs old. College/University starts at 17 yrs old graduating College by 21 yrs old.
This will make college & life as you know it.

Men know that marriage doesn't work for them anymore and men do not want to marry. Men only marry women because women & their mothers worship the wedding party.



The gods just used me for target practice to get me into hell to torture me more there.

There is either Mercy or Hell in the Dimensions of Judgement from the gods to earth I say Hell exists.

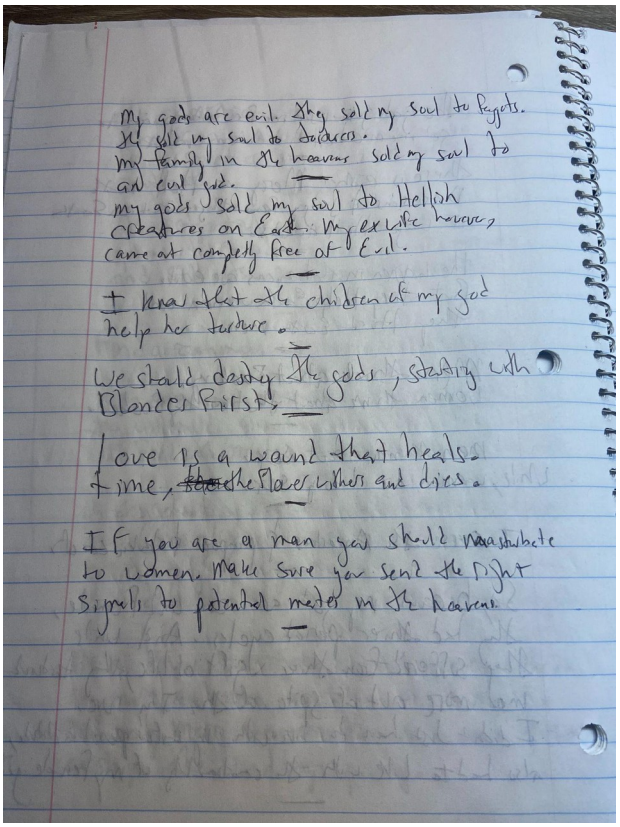
The women in the heavens are evil. But they help Earth women and they hurt Earth men.

Men think about fucking, women think about the time they fucked.

men think about sex. While, women are having sex.

I curse the Ancestors & pampered & fallen Gods.

So, because my gods are evil and female, they had their period cycles. And while they suffered from their gift of life, they hated me more out of spite. Of this I'm sure. I didn't just have to live with my Lifes period attitude, I also had to live with the emotionality of my female gods.



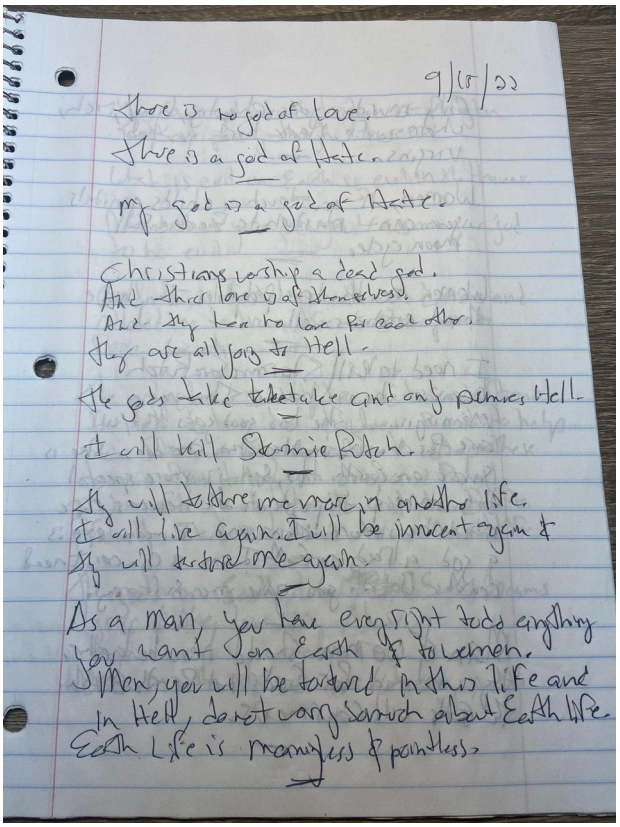
My gods are evil. They sold my soul to Regrets.
They sold my soul to darkness.
My family in the heavens sold my soul to an evil god.
my gods sold my soul to Hellish creatures on Earth. My ex wife heaven, came at completly free of Evil.

I know that the children of my god help her torture.

We should destroy the gods, starting with Blonder First.

Love is a wound that heals.
Time, the Slaer withers and dies.

If you are a man you should masturbate to women. Make sure you send the right Signals to potential mates in the heavens.



9/15/22

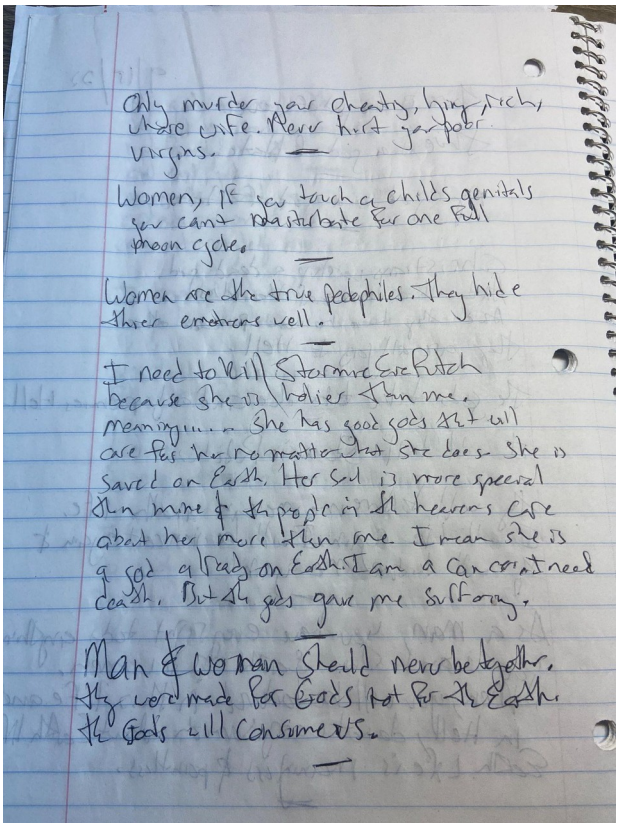
There is no god of love.
There is a god of Hate.
My god is a god of Hate.

Christians worship a dead god.
And their love is of themselves.
And they have no love for each other.
They are all going to Hell.

The gods like tiketalke and only serves Hell.
It will kill Stormie Rotch.

My will restore me more in another life.
I will live again. I will be innocent again &
My will restore me again.

As a man, you have every right to do anything
you want on Earth & to women.
Men, you will be tortured in this life and
in Hell, do not worry so much about Earth life.
Earth life is meaningless & pointless.



Only murder your cheating, lying, rich, whore wife. Never hurt your poor virgins.

—

Women, if you touch a childs genitals you can't masturbate for one full moon cycle.

—

Women are the true pedophiles. They hide there emotions well.

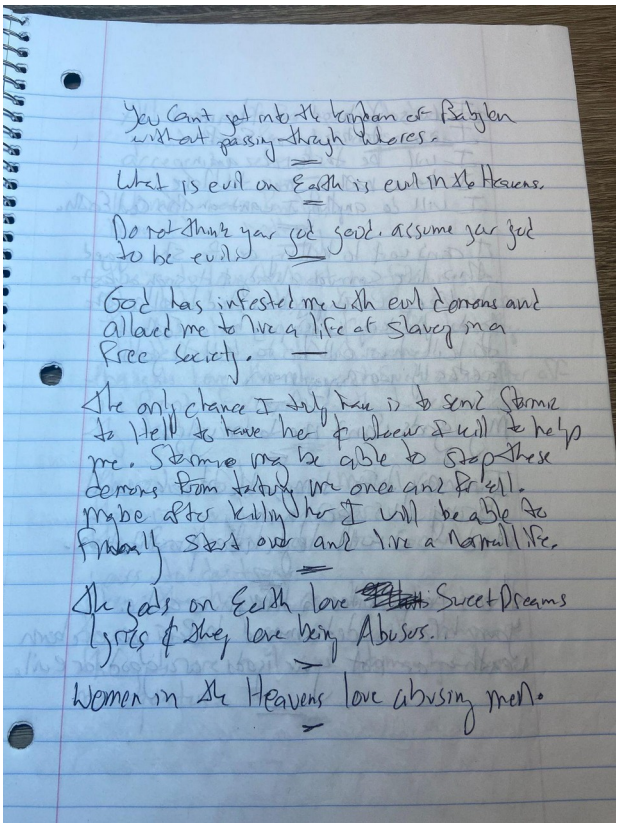
—

I need to kill Stormie Everhart because she is holier than me. Meaning... She has good gods that will care for her no matter what she does. She is saved on Earth. Her soul is more special than mine & the people in the heavens care about her more than me. I mean she is a god already on Earth. I am a cancer. I need death. But the gods gave me suffering.

—

Man & woman should never be together. They were made for Gods not for the Earth. The Gods will consume us.

—



You Cant get into the kingdom of Babylon without passing thrugh whores.

What is evil on Earth is evil in the Heavens.

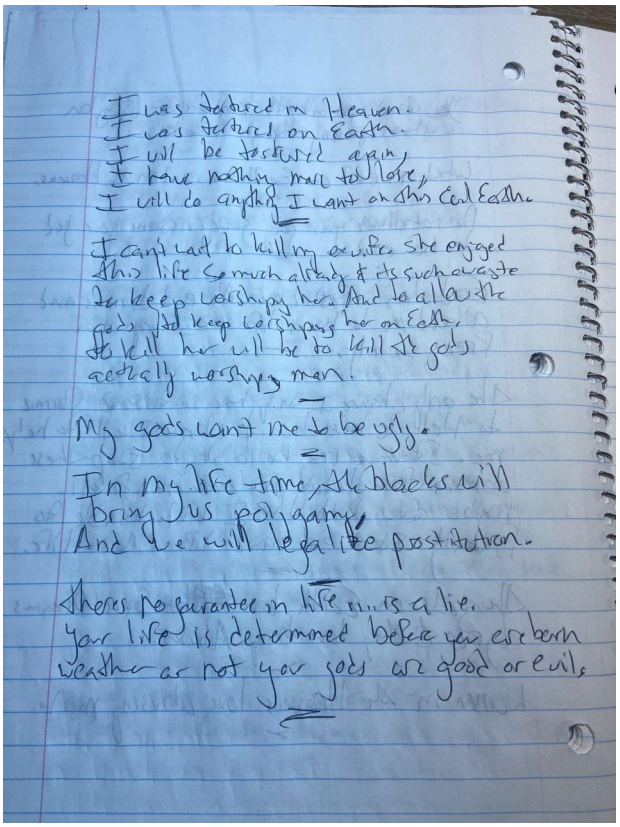
Do not think your god good. assume your god to be evil.

God has infested me with evil demons and allowed me to live a life of slavery in a free society.

The only chance I truly have is to send Stormie to Hell to have her & whoever else will to help me. Stormie may be able to stop these demons from torturing me once and for all. maybe after killing her I will be able to finally start over and live a normal life.

The gods on Earth love ~~[illegible]~~ Sweet Dreams lyrics & they love being Abusers.

Women in the Heavens love abusing men.



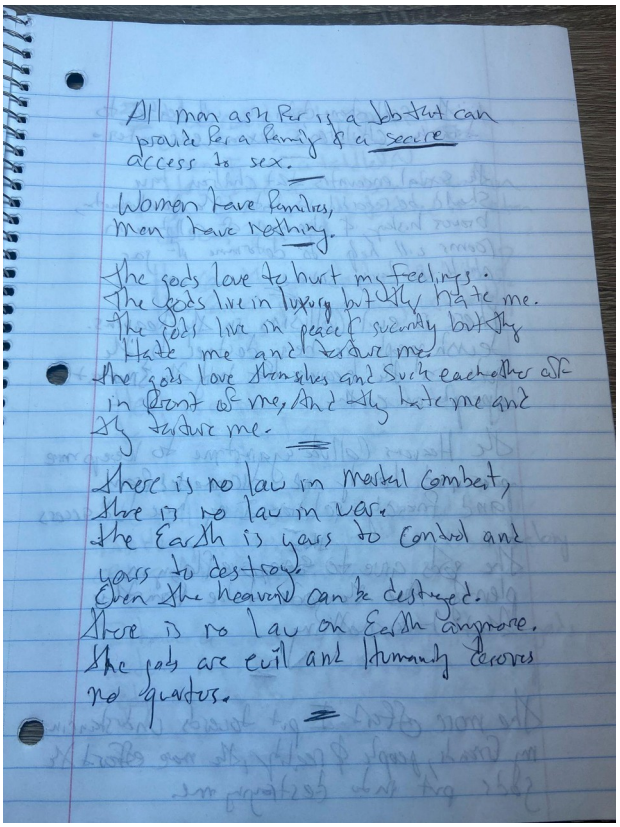
I was tortured in Heaven.
I was tortured on Earth.
I will be tortured again,
I have nothing more to lose,
I will do anything I want on this God Earth.

I can't wait to kill my ex wife. She enjoyed this life so much already & its such a waste to keep worshiping her. And to allow the gods to keep worshiping her on Earth. To kill her will be to kill the gods actually worshiping man.

My gods want me to be ugly.

In my life time, the blacks will bring us polygamy. And we will legalize prostitution.

Theres no guarantee in life ... is a lie. Your life is determined before you are born weather or not your gods are good or evil.

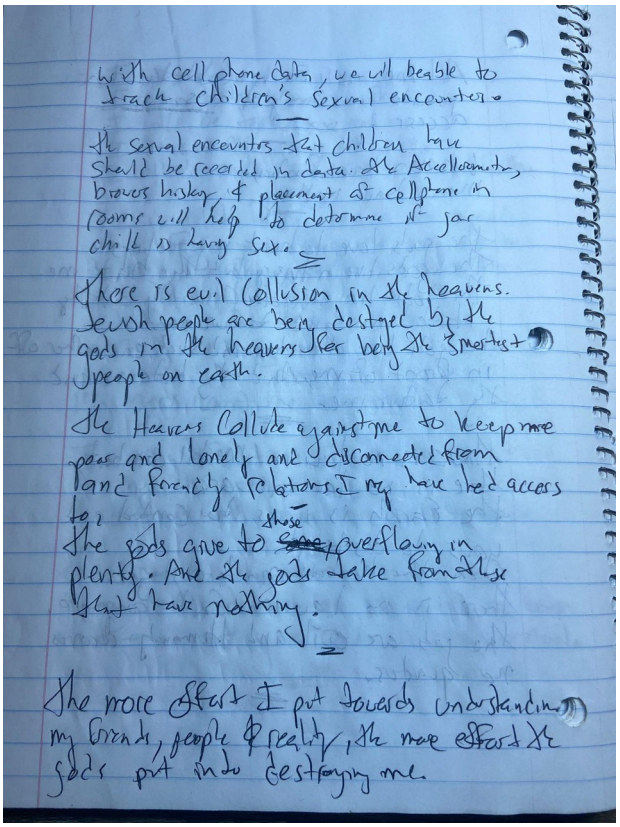


All man asks for is a job that can provide for a family & a secure access to sex.

Women have families,
men have nothing.

The gods love to hurt my feelings.
The gods live in luxury but they hate me.
The gods live in peace & security but they
Hate me and torture me.
The gods love themselves and suck each other off
in front of me, And they hate me and
they torture me.

There is no law in mortal combat,
there is no law in war.
The Earth is yours to control and
yours to destroy.
Even the heavens can be destroyed.
There is no law on Earth anymore.
The gods are evil and humanity deserves
no quarter.



with cell phone data, we will be able to track children's sexual encounters.

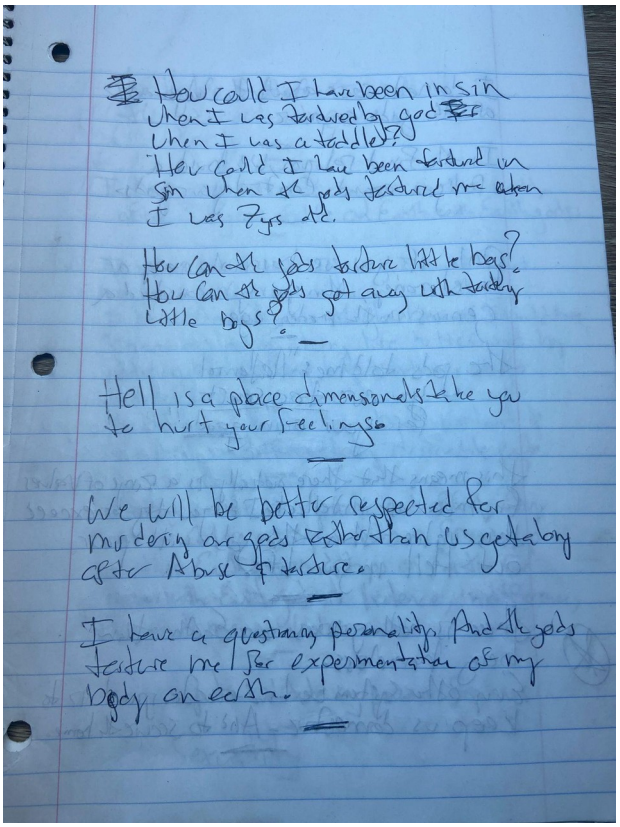
The sexual encounters that children have should be recorded in data. The Accelerometer, braces history, & placement of cellphone in rooms will help to determine if/ or child is having sex.

There is evil collusion in the heavens. Jewish people are being destroyed by the gods in the heavens for being the smartest people on earth.

The Heavens Collude against me to keep me poor and lonely and disconnected from and friendly relations I may have had access to.

The gods give to ~~some~~ those overflowing in plenty. And the gods take from those that have nothing.

The more effort I put towards understanding my friends, people & reality, the more effort the gods put into destroying me.



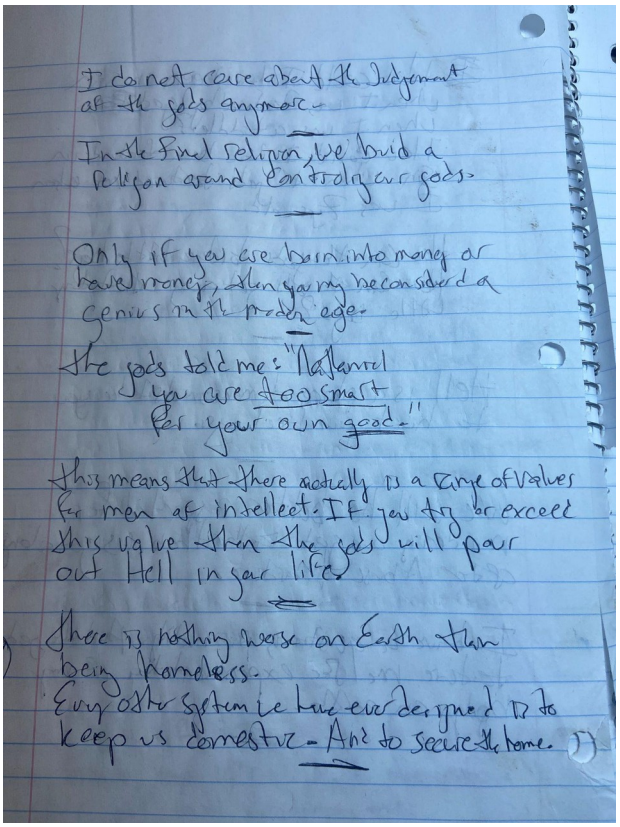
How could I have been in sin when I was tortured by god when I was a toddler?
How could I have been tortured in sin when the gods tortured me when I was 7yrs old.

How can the gods torture little boys?
How can the gods get away with torturing little boys?

Hell is a place dimensionals take you to hurt your feelings.

We will be better respected for murdering our gods rather than us getting abuse & torture.

I have a questioning personality, find the gods torture me for experimentation of my body on earth.



I do not care about the Judgment of the gods anymore.

In the final religion, we build a religion around controlling our gods.

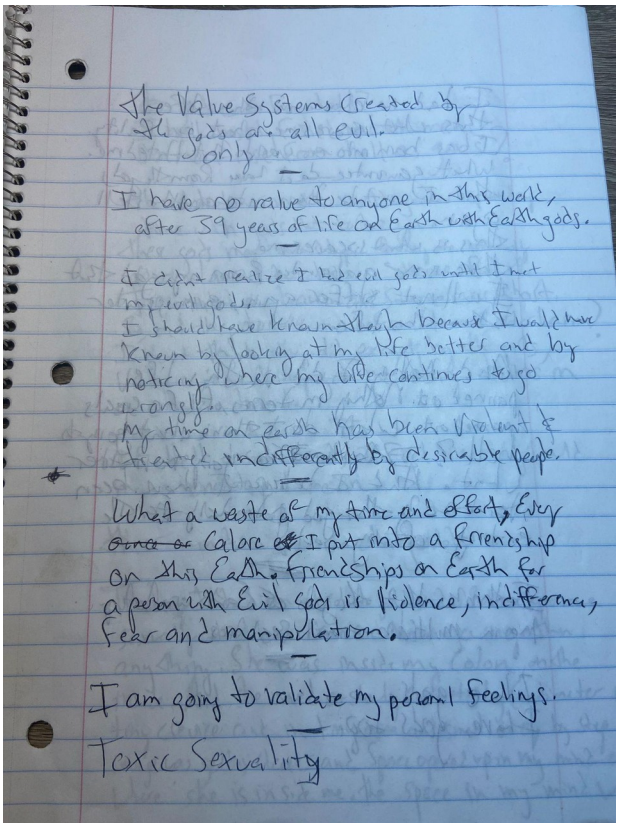
Only if you are born into money or have money, then you may be considered a genius in the modern age.

The gods told me: "Nathaniel you are too smart for your own good."

this means that there actually is a range of values for men of intellect. If you try or exceed this value then the gods will pour out Hell in your life.

there is nothing worse on Earth than being homeless.

Every other System we have ever designed is to keep us domestic - And to secure the home.



The Value Systems Created by
the gods are all evil.
only

—

I have no value to anyone in this world,
after 39 years of life on Earth with Earth gods.

—

I didn't realize I had evil gods until I met
my evil gods.
I should have known though because I would have
known by looking at my life better and by
noticing where my life continues to go
wrong.
My time on earth has been violent &
treated indifferently by desirable people.

—

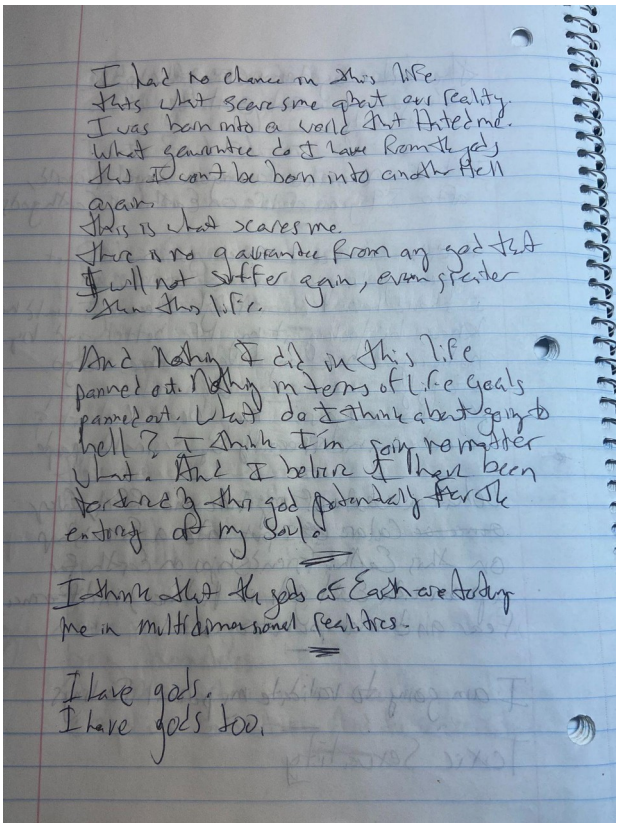
What a waste of my time and effort, Every
~~ounce of~~ Calorie ~~of~~ I put into a friendship
on this Earth. Friendships on Earth for
a person with Evil gods is violence, indifference,
fear and manipulation.

—

I am going to validate my personal feelings.

—

Toxic Sexuality

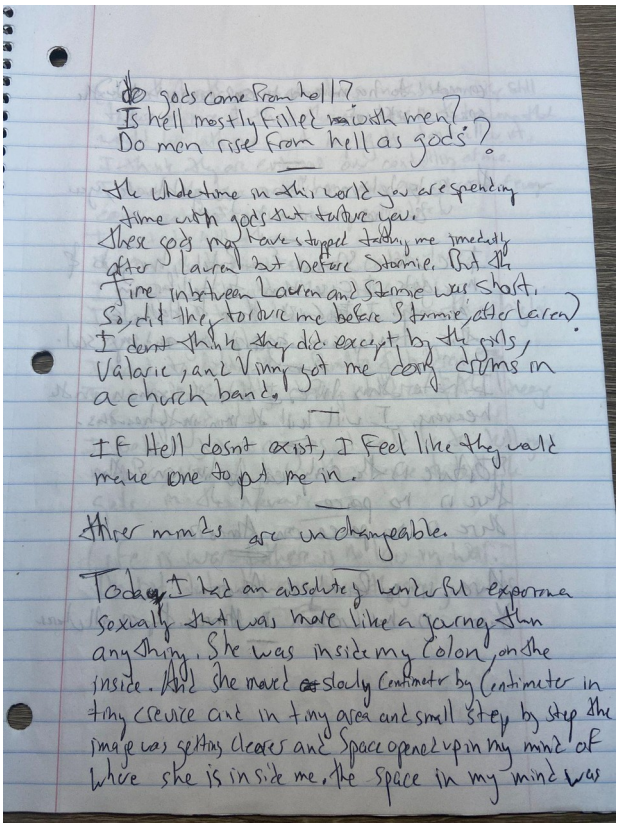


I had no chance in this life
that's what scares me about our reality.
I was born into a world that hated me.
What guarantee do I have from the gods
that I won't be born into another Hell
again.
This is what scares me.
There is no guarantee from any god that
I will not suffer again, even greater
than this life.

And Nothing I did in this life
panned out. Nothing in terms of life goals
panned out. What do I think about going to
hell? I think I'm going no matter
what. And I believe I have been
pardoned by the god potentially at the
entrance of my soul.

I think that the gods of Earth are testing
me in multidimensional realities.

I have gods.
I have gods too.



do gods come from hell?
Is hell mostly filled with men?
Do men rise from hell as gods?

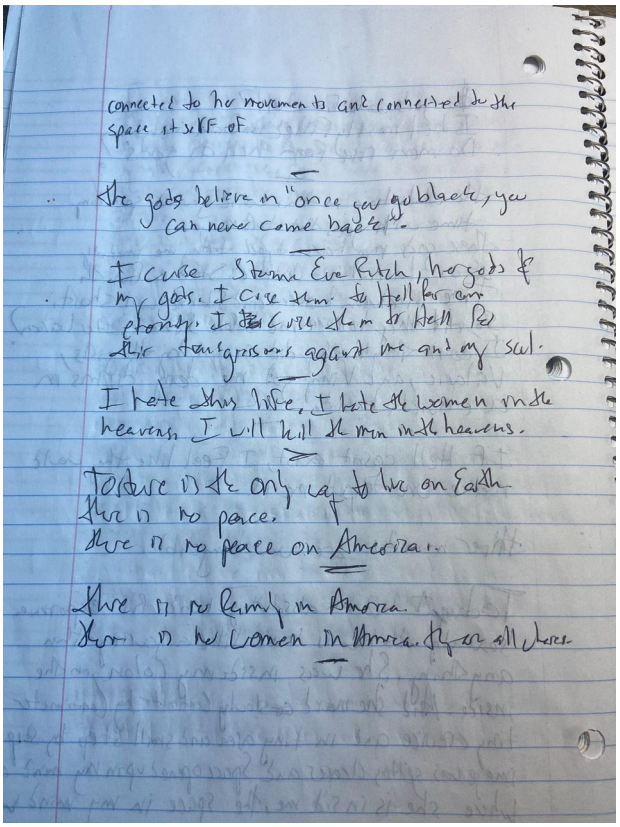
---

the whole time in this world you are spending time with gods that torture you.
these gods may have stopped torturing me immediately after Lauren but before Stormie. But the Time inbetween Lauren and Stormie was short.
So, did they torture me before Stormie, after Lauren?
I dont think they did except by the girls, Valarie, and Vinny got me doing drums in a church band.

If Hell dosnt exist, I feel like they would make one to put me in.

Their mmos are unchangeable.

Today I had an absolutely wonderful experience sexually that was more like a journey than anything. She was inside my colon, on the inside. And she moved slowly centimeter by centimeter in tiny crevice and in tiny areas and small step by step the image was getting clearer and space opened up in my mind of where she is inside me. the space in my mind was



connected to her movements and connected to the space itself of

—

the gods believe in "once you go black, you can never come back".

—

I curse Stormie Eve Fitch, her gods & my gods. I curse them to Hell for an eternity. I curse them to Hell for their transgressions against me and my soul.

—

I hate this life, I hate the women in the heavens, I will kill the men in the heavens.

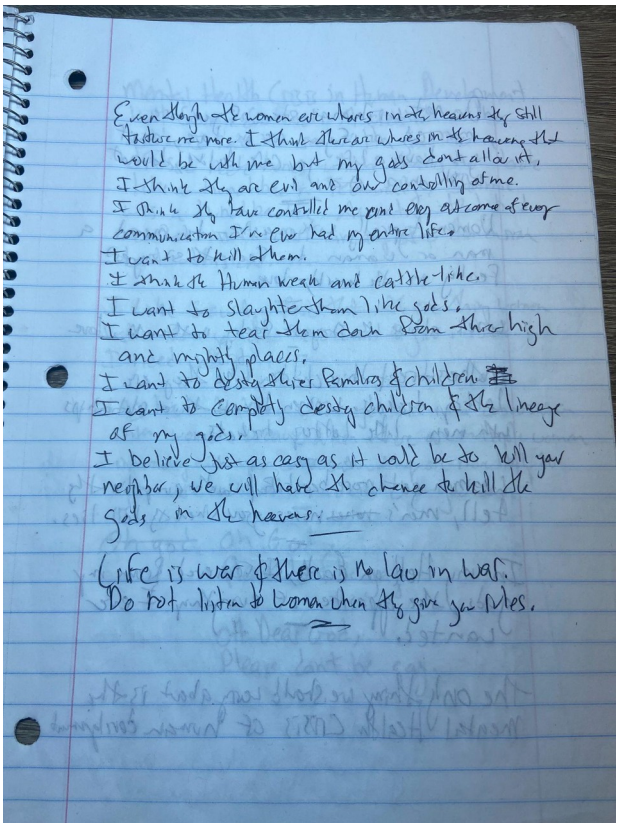
—

Torture is the only way to live on Earth.
There is no peace.
There is no peace on America.

—

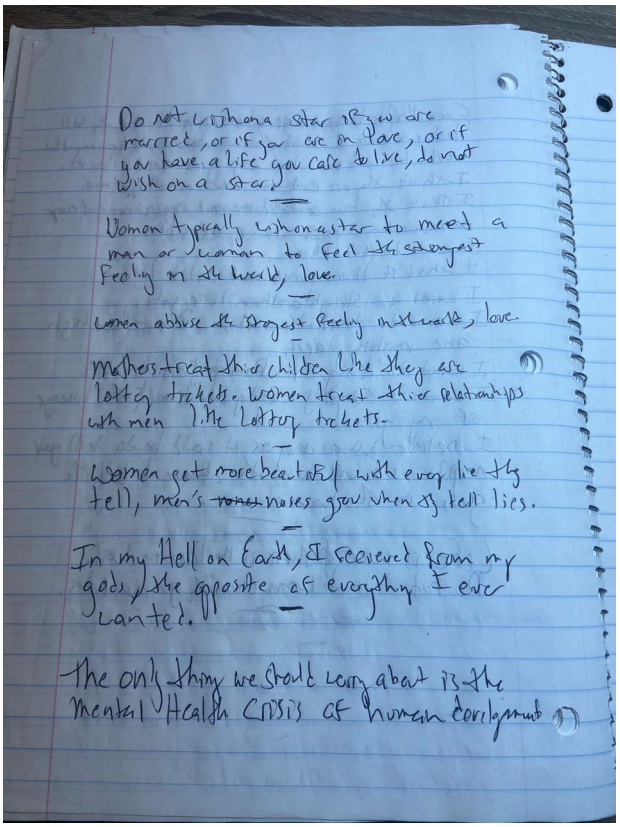
There is no family in America.
There is no women in America. They are all slaves.

—



Even though the women are whores in the heavens they still torture me more. I think there are whores in the heavens that would be with me but my gods dont allow it.
I think they are evil and are controlling of me.
I think they have controlled me since every outcome of every communication I've ever had my entire life.
I want to kill them.
I think the Human weak and cattle-like.
I want to Slaughter them like gods.
I want to tear them down from their high and mighty places.
I want to destroy their families & children.
I want to Completly destroy children & the lineage of my gods.
I believe just as easy as it would be to kill your neighbor, we will have the chance to kill the gods in the heavens.

Life is war & there is no law in war.
Do not listen to women when they give you rules.



Do not wish on a star if you are married, or if you are in love, or if you have a life you care to live, do not wish on a star.

Women typically wish on a star to meet a man or woman to feel the strongest feeling in the world, love.

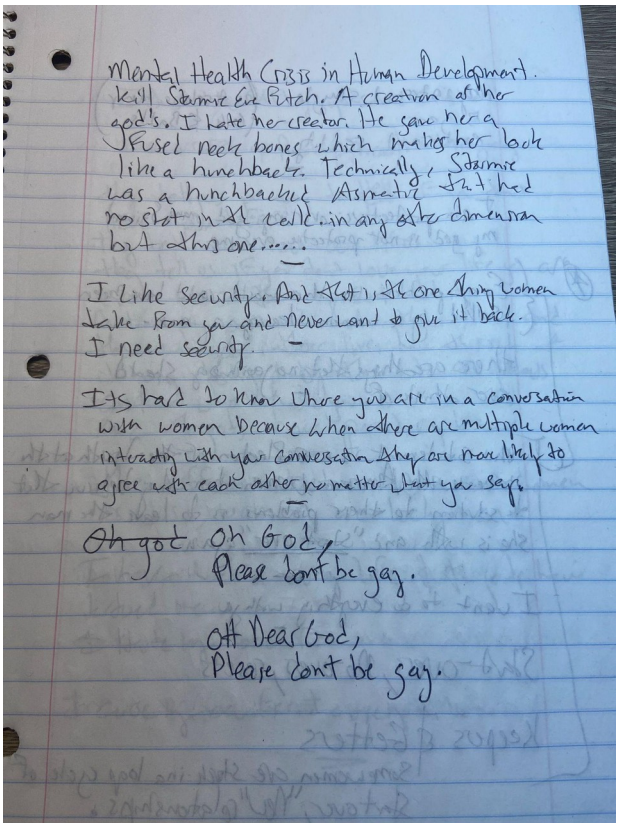
Women abuse the strongest feeling in the world, love.

Mothers treat their children like they are lotto tickets. Women treat their relationships with men like lottery tickets.

Women get more beautiful with every lie they tell, men's ~~noses~~ grow when they tell lies.

In my Hell on Earth, I received from my gods, the opposite of everything I ever wanted.

The only thing we should worry about is the Mental Health Crisis of human development



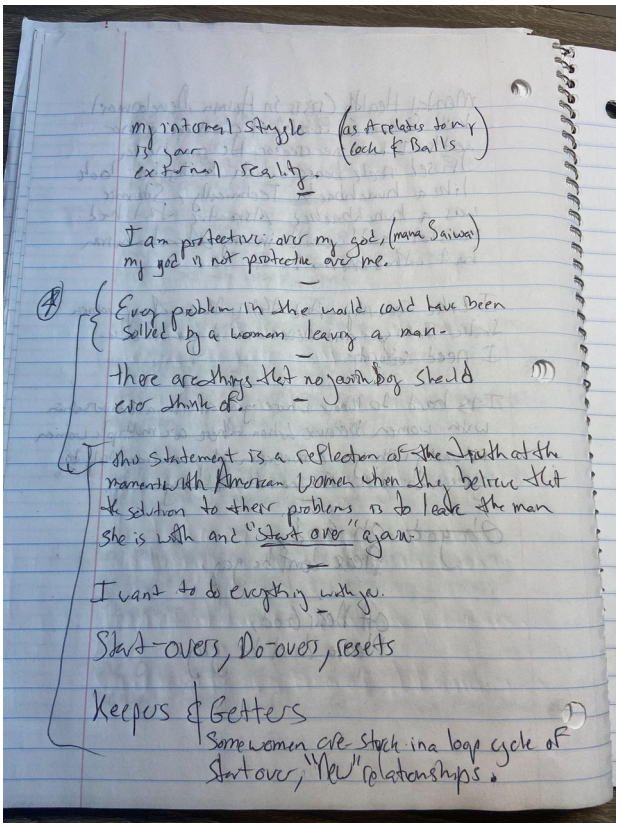
Mental Health Crisis in Human Development.
kill Stormie Eve Fitch. A creation of her
god's. I hate her creator. He gave her a
fused neck bones which makes her look
like a hunchback. Technically, Stormie
was a hunchbacked Asmeatic that had
no shot in the world in any other dimension
but this one.....

I like security. And that's the one thing women
take from you and never want to give it back.
I need security.

Its hard to know where you are in a conversation
with women because when there are multiple women
interacting with your conversation they are more likely to
agree with each other no matter what you say.

~~Oh god~~ Oh God,
Please dont be gay.

Oh Dear God,
Please dont be gay.



my internal struggle (as it relates to my Cock & Balls)
is your
external reality.

I am protective over my god, (mama Saiwai)
my god is not protective over me.

Every problem in the world could have been solved by a woman leaving a man.

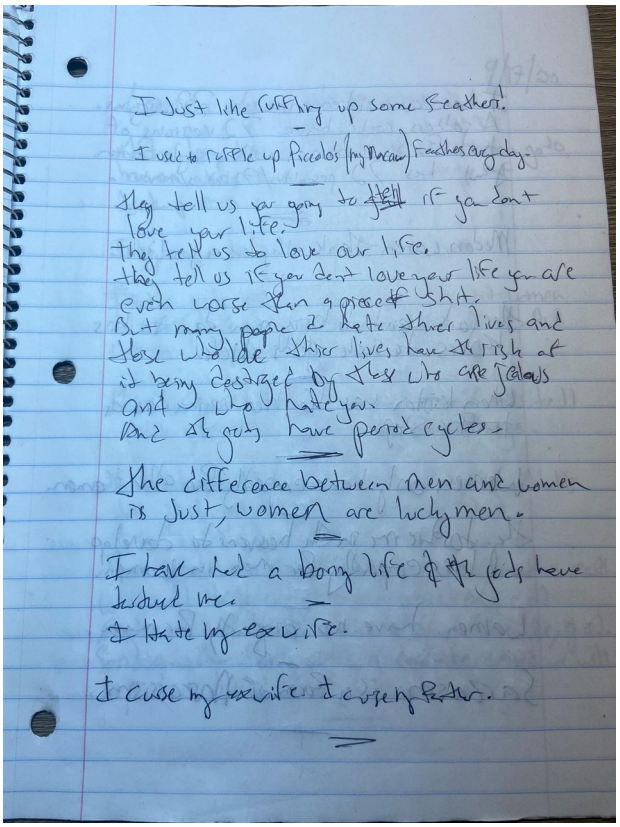
there are things that no godly boy should ever think of.

this statement is a reflection of the truth of the moments with American women when they believe that the solution to their problems is to leave the man she is with and "start over" again.

I want to do everything with you.

Start-overs, Do-overs, resets

Keepers & Getters
Some women are stuck in a loop cycle of start over, "New" relationships.



I just like ruffling up some feathers!

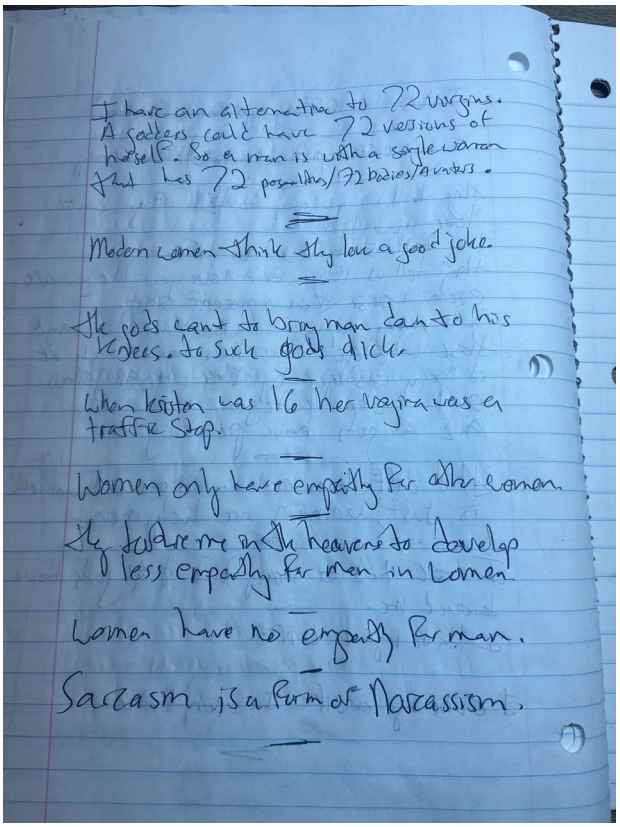
I used to ruffle up Piccolo's (my mean) Feathers every day.

They tell us you going to ~~hell~~ if you don't love your life.
Then tell us to love our life.
Then tell us if you don't love your life you are even worse than a piece of shit.
But many people I hate their lives and those who like their lives have to risk of it being destroyed by those who are jealous and who hate you.
And all girls have period cycles.

The difference between men and women is just, women are lucky men.

I have had a boring life & the gods have blessed me.
I Hate my ex wife.

I curse my ex wife. I curse her.



I have an alternative to 72 virgins. A ladies could have 72 versions of herself. So a man is with a single woman that has 72 personalities/72 bodies/72 waists.

Modern women think they love a good joke.

The gods want to bring man down to his knees. to suck gods dick.

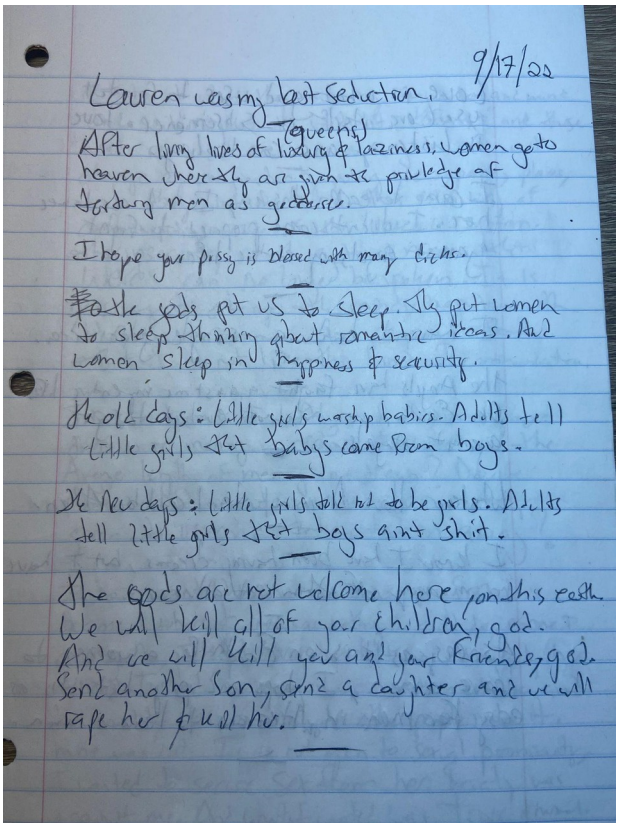
When Kristen was 16 her vagina was a traffic stop.

Women only have empathy for other women.

They texture me in the heavens to develop less empathy for men in women

Women have no empathy for man.

Sarcasm is a form of Narcassism.



9/17/22

Lauren was my best seduction.

Queens

After living lives of luxury & laziness, women go to heaven where they are given the privilege of torturing men as goddesses.

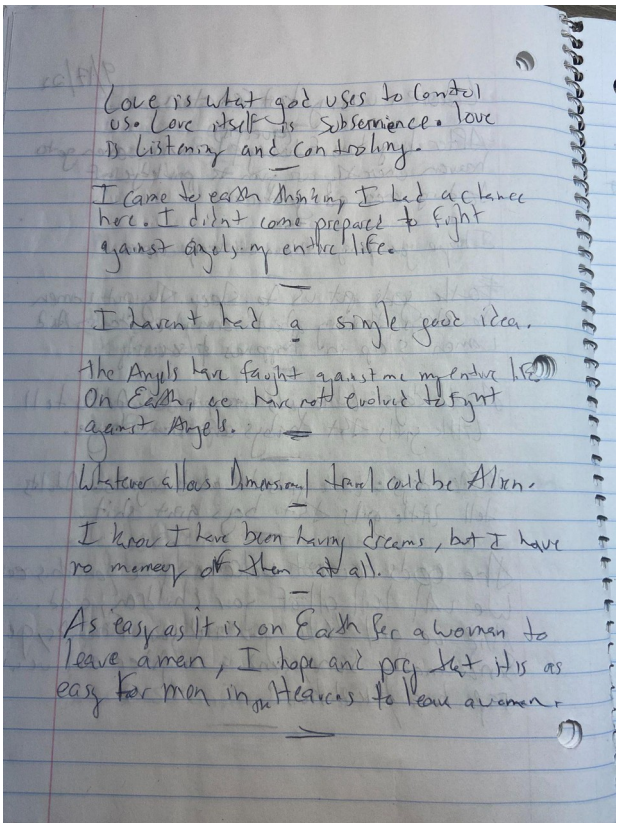
I hope your pussy is blessed with many dicks.

The gods put us to sleep. They put women to sleep thinking about romantic ideas. And women sleep in happiness & security.

The old days: Little girls worship babies. Adults tell little girls that babys came from boys.

The new days: Little girls tell not to be girls. Adults tell little girls that boys aint shit.

The gods are not welcome here on this earth. We will kill all of your children, god. And we will kill you and your friends, god. Send another Son, send a daughter and we will rape her to kill her.



Love is what god uses to control us. Love itself is subservience. love is listening and controlling.

I came to earth thinking I had a chance here. I didn't come prepared to fight against angels my entire life.

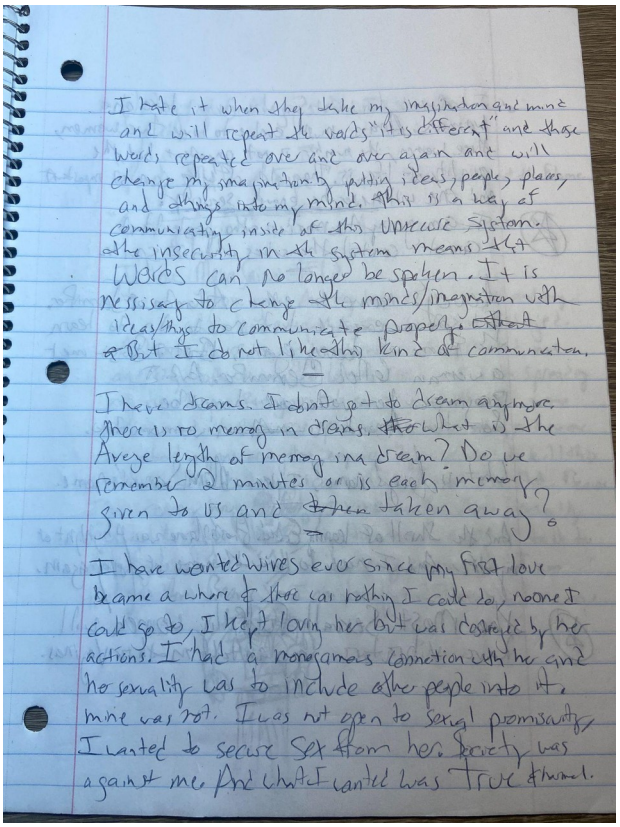
I haven't had a single good idea.

The Angels have fought against me my entire life. On Earth, we have not evolved to fight against Angels.

Whatever alien dimensional beast could be Alien.

I know I have been having dreams, but I have no memory of them at all.

As easy as it is on Earth for a woman to leave a man, I hope and pray that it is as easy for men in the heavens to leave a woman.



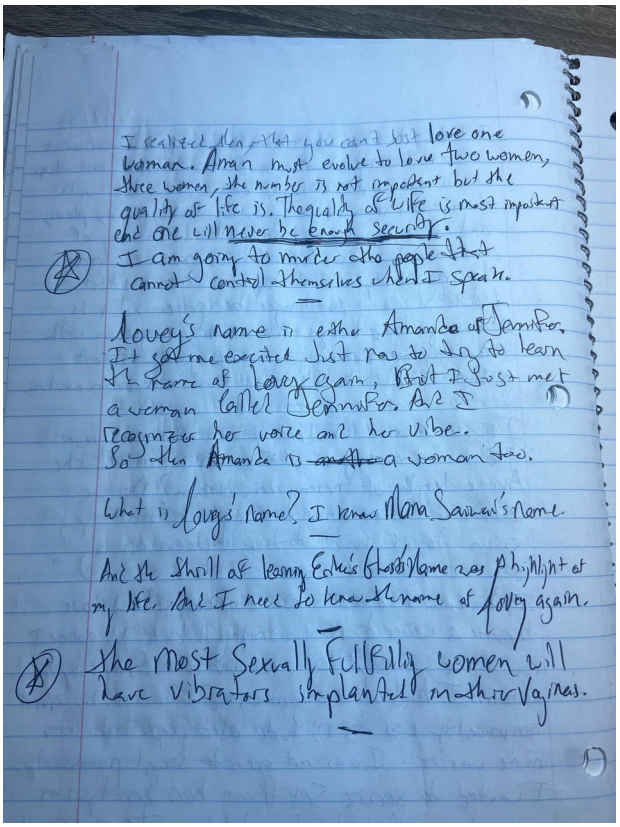
I hate it when they take my imagination and mind and will repeat the words "it is different" and those words repeated over and over again and will change my imagination by putting ideas, people, places, and things into my mind. This is a way of communicating inside of this insecure system. The insecurity in the system means that words can no longer be spoken. It is necessary to change the minds/imagination with ideas/things to communicate properly. But I do not like this kind of communication.

—

I have dreams. I don't get to dream anymore. There is no memory in dreams. What is the Avege length of memory in a dream? Do we remember 2 minutes or is each memory given to us and taken away?

—

I have wanted wives ever since my first love became a whore & there was nothing I could do, no one I could go to, I kept loving her but was destroyed by her actions. I had a monogamous connection with her and her sexuality was to include other people into it. mine was not. I was not open to sexual promiscuity, I wanted to secure sex from her. Society was against me. And what I wanted was true & moral.



I realized then that you can't lose love one woman. A man must evolve to love two women, three women, the number is not important but the quality of life is. The quality of life is most important and one will never be known security.

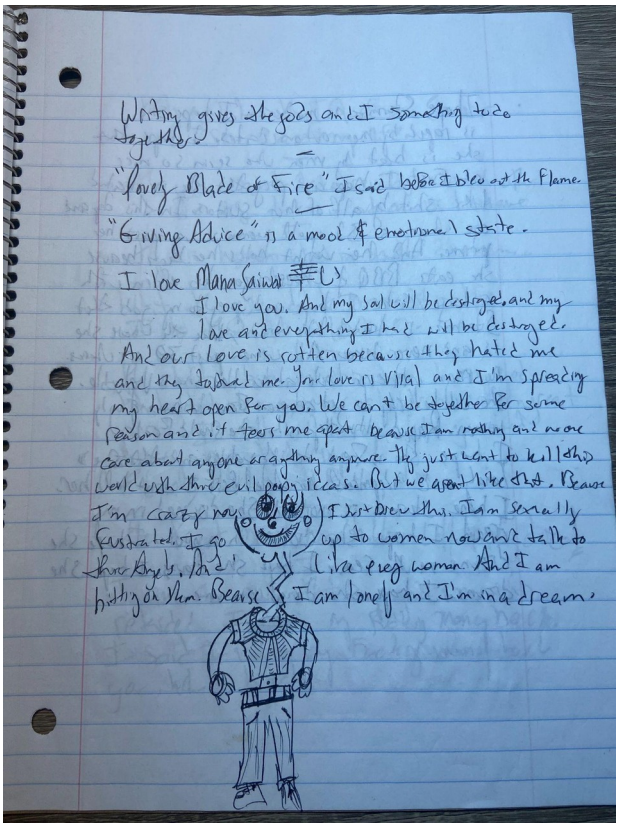
I am going to murder the people that cannot control themselves when I speak.

Lovey's name is either Amanda or Jennifer. It got me excited just now to try to learn the name of love again, But I just met a woman called Jennifer. And I recognize her voice and her vibe. So then Amanda is ~~another~~ a woman too.

What is Lovey's name? I know Mama Sawan's name.

And the thrill of learning Eartha's Ghost's name was the highlight of my life. And I need to know the name of Lovey again.

The most Sexually Fulfilling women will have vibrators implanted in their Vaginas.



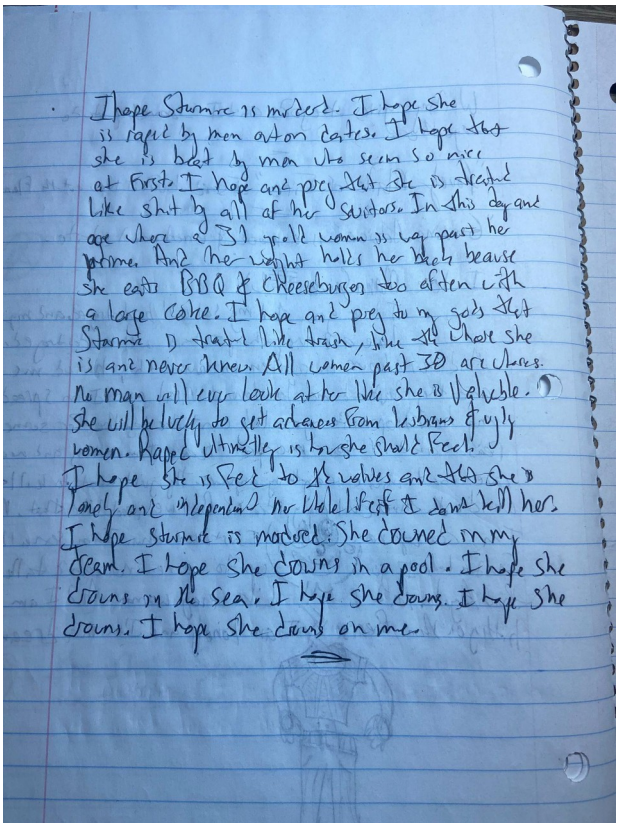
Writing gives the gods and I something to do together.

"Lovely Blade of Fire" I said before I blew out the flame.

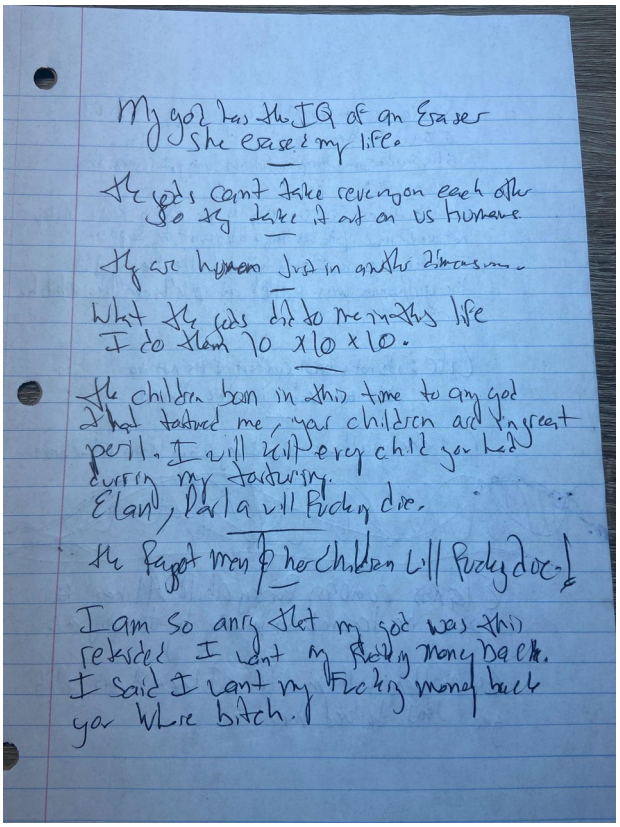
"Giving Advice" is a mood & emotional state.

I love Mama Guinea 幸い

I love you. And my soul will be destroyed, and my love and everything I had will be destroyed. And our love is rotten because they hated me and they twisted me. Your love is viral and I'm spreading my heart open for you. We can't be together for some reason and it feels me upset because I am nothing and no one care about anyone or anything anymore. They just want to kill this world with their evil people's ideas. But we aren't like that. Because I'm crazy now. I just drew this. I am sexually frustrated. I go up to women now and can't talk to them Right. And I like preg women. And I am hitting on them. Because I am lonely and I'm in a dream.



I hope Stormie is murdered. I hope she is raped by men at on dates. I hope that she is beat by men who seem so nice at first. I hope and pray that she is treated like shit by all of her Suitors. In this day and age where a 30 year old woman is way past her prime. And her weight holds her back because she eats BBQ & Cheeseburgers too often with a large coke. I hope and pray to my gods that Stormie is treated like trash, like all those she is and never knew. All women past 30 are whores. No man will ever look at her like she is valuable. She will be lucky to get advances from lesbians & ugly women. Happy Ultimately is how she should feel.
I hope she is fed to the wolves and that she is lonely and independent for the whole life of it don't kill her.
I hope Stormie is murdered. She crowned in my dream. I hope she drowns in a pool. I hope she drowns in the sea. I hope she drowns. I hope she drowns. I hope she drowns on me.



My god has the IQ of an Eraser
She erased my life.

The gods can't take revenge on each other
So they take it out on us humans.

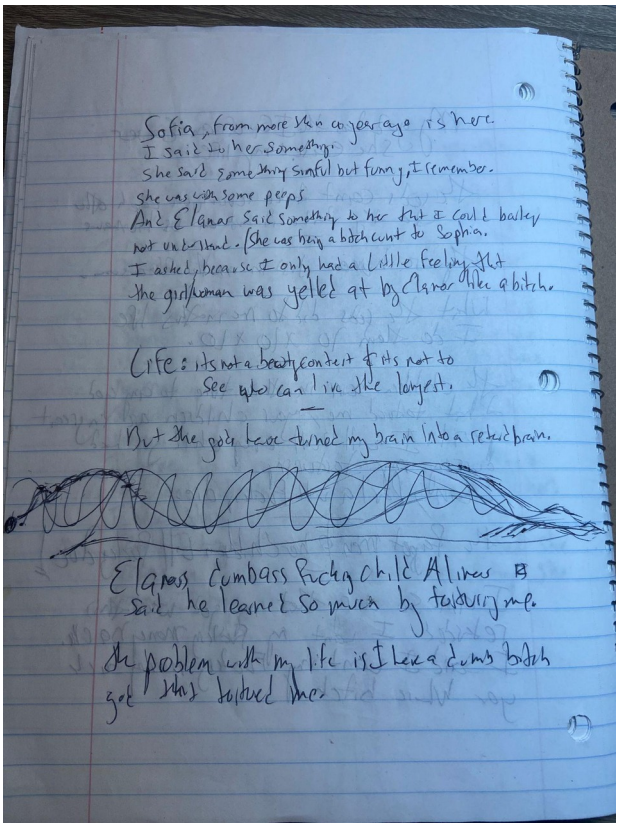
They are human just in another dimension.

What the gods did to me in this life
I do them 10 x 10 x 10.

The children born in this time to any god
that tortured me, your children are in great
peril. I will kill every child you had
during my torturing.
Elan, Darla will Fucking die.

The Faget man & her children will Fucking die.

I am so angry that my god was this
retarded I want my Fucking money back.
I said I want my Fucking money back
you Whore bitch.



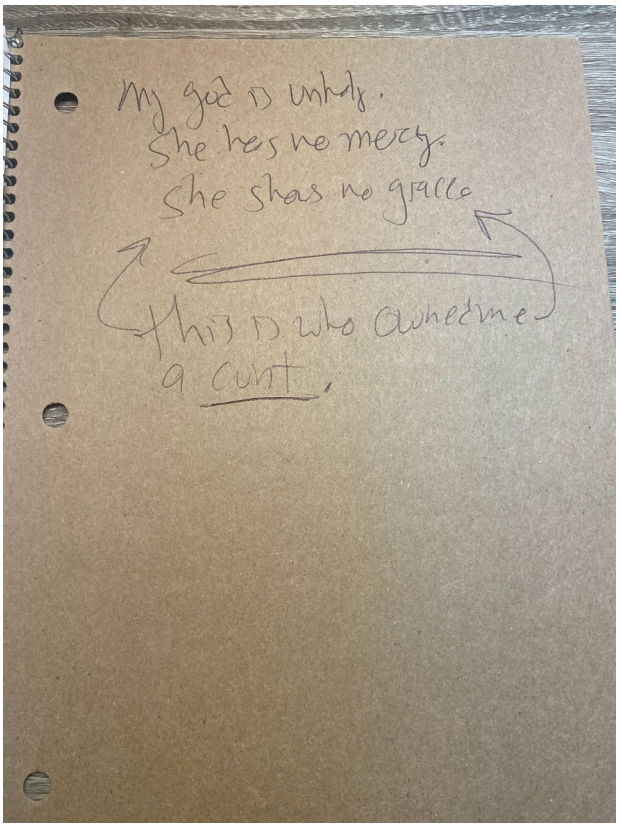
Sofia, from more than 10 years ago is here.
I said to her something.
She said something sinful but funny, I remember.
She was with some peeps
And Elanar said something to her that I could barley
not understand. She was being a bitch cunt to Sophia.
I asked, because I only had a little feeling that
the girl/woman was yelled at by Elanar like a bitch.

Life: its not a beauty contest it's not to
see who can live the longest.
—

But the gods have turned my brain into a retard brain.

Elanar, dumbass fucking child Always
said he learned so much by torturing me.

The problem with my life is I have a dumb bitch
get this twisted me.



My god is unholy.
She has no mercy.
She shas no grace
this is who owned me
a cunt.

THE END
